

MARTON TOWN CENTRE  
**7 DAY**  
*makeover*  
 8-14 FEB.

Participation is open to all ages and all skill levels.  
 There are two ways you can be involved:

## 1. Ideas Workshop

**Monday & Tuesday 8&9 Feb. (9am - 4.30pm)**

During the **Ideas Workshop** you will learn the art of developing an innovative **Makeover Strategy**. David Engwicht will walk you through the process step-by-step.

Participants need to attend both days as you will be working in teams to audit the makeover space and generate makeover ideas. While this is a substantial investment of your time, it will be an experience of a lifetime – guaranteed. You will be part of the heart and soul of this makeover – and as a bonus, have lots of fun.

At the end of the workshop, you can decide your level of involvement in the next stages of the makeover.

We hope you have as much fun making over the Marton Town Centre as we had making over our town centre!

## 2. Planning Night & Makeover

**Tuesday 9 Feb. (7pm - 8:30pm)**

At the **Planning Night** you will hear about the **Makeover Strategy** developed during the Ideas Workshop. You will have the opportunity to contribute your ideas and decide if you want to be part of a **Makeover Team**. You decide at the **Planning Night** your level of involvement in the rest of the **Makeover**. Any contribution will be welcomed!
