*For every activity, Council has to decide the proportion of  
funding which comes from rates versus fees and charges.*

In priority order, which of the following activities are the  
most/least important for Council to provide some rate  
funding for?

*For example, if you think parks and reserves is the most  
important to have rates funding (and less from user charges)  
give it '1'. If you think people who need building consents  
should pay the full cost with no rates contribution, you would  
give Building control a '6'.*

Choose an item. Building control

Choose an item. Council decision making

Choose an item. Dog control

Choose an item. Libraries

Choose an item. Parks and Reserves

Choose an item. Swimming Pools

**Comments:**

*Your will receive an acknowledgment email/letter of your submission within 3 working days  
of being received by Council. If you do not receive this acknowledgement please contact  
Katrina Gray, Senior Policy Analyst/Planner on 06 327 0099 or 0800 422 522.*

*Council currently funds the provision of drinking water, storm water and waste water partially by a fixed charge to every ratepayer in the District, whether or not they are connected to a supply. If this fee was not charged the cost of providing these services would substantially increase for urban ratepayers.*

Do you think this funding approach is fair, keeping in mind that all ratepayers share the costs of providing roading throughout the whole District?

Yes ☐ No ☐

Is your property connected to these services?

Connected ☐ Not connected ☐
