

MEMORANDUM FROM LICENSED BUILDING PRACTITIONER - CERTIFICATE OF DESIGN WORK (FORM 2A)

Section 30C or 45, Building Act 2004

WHAT IS A CERTIFICATE OF DESIGN WORK?

Licensed Building Practitioners (LBPs) must provide Certificates of Design Work or Records of Building Work. These documents include detail of all aspects of restricted building work carried out or supervised by each LBP.

The LBP's Certificate of Design Work and any Records of Building Work need to be submitted to your council at the following stages of the project:

- A Certificate of Design Work is submitted with the consent application
- A Records of Work is submitted with the application for a code compliance certificate at the end of the project.

Your council will put the Certificate of Design Work and any Records of Building Work on the property file. This provides a publicly available record of which LBPs did restricted building work to the property.

Without the right paperwork, your insurance or finances could be affected, and it could pose problems when it's time to sell.

The rules about restricted building work are considered so important, if you don't follow them, you could get an instant fine or face a court fine of up to \$20,000.

If you know of a tradesperson who is carrying out or supervising restricted building work without a licence or with the wrong licence class, you can make a complaint against them.

HOW TO SUBMIT THIS MEMORANDUM

Check with the relevant Council/ Territorial Authority (TA) for more information on how to submit this memorandum. Electronic submissions may be available with the applicable Council / TA on the simpli.govt.nz website.
