## APPROVED CONTRACTOR

Council will not accept this application without an agreement with an Approved Contractor.

A list of approved contractors and their contact details can be found on the RDC website. Please nominate one of these approved contractors. The selected contractors know the methods and material required by the Rangitikei District Council and it is a condition of this consent that they do the work to Council's specification. Upon completion of the work the nominated contractor is to supply Council with the as-built information.

Do not start work until you receive approval from the Council with any conditions and specifications and you have notified the Council who your approved contractor is.

The contractor must carry out all associated work. The contractor will need a copy of the permit with any conditions and the approved site plan with them on site.

## DRAINAGE PLANS

Please attach the site drainage plans which should include the following (the approved contractor will know what these are):

- For all connections clearly show the measurement in metres to the nearest boundary.
- Layout and details of stormwater drains, subsoil drains, sumps and ancillary work.
- Layout and details of wastewater drains and ancillary work. The required pipe invert level at the boundary must be specified.
- Layout and details of water mains and ancillary work.
- Diameters of pipe connections (stormwater, water and sewer).
- Trees.
- The positions of the proposed connections together with marked distances to the nearest boundaries.

Note:

A detailed site plan showing property boundaries, existing services, and the proposed works must be attached to this application. The application cannot be approved without a plan.

The plan must show the preferred position of the connection, or the location of the connection to be removed, together with marked distances/measurements to the nearest boundaries (if a corner site, nominate street from which connection is to be taken).

## APPROVED SERVICE CONNECTION CONTRACTOR

## RANGITIKEI DISTRICT COUNCIL SERVICE APPLICATION NOTES

**Wastewater – Special Requirements:** this will usually relate to commercial or industrial property. Some businesses may need a trade waste consent. Some may require grease traps or oil interceptors on their wastewater connection or require a new manhole. For more information, please refer to the Engineering Standards for Land Development or Trade Waste Bylaw on the RDC website.

**Backflow prevention device:** All properties connecting to the water supply will require an appropriate backflow prevention device. The type of device will depend on the level of risk. Properties are classified into three categories of risk and this will determine the type of backflow device required. High risks will require a reduced pressure backflow device, medium risks

will require a testable double check valve backflow device and low risks will require either a registered air gap, a hose connection vacuum breaker or an approved manifold with backflow prevention function.

**Please note:**

- Council may require aged connections to be removed which will be at the developer's/applicant's expense.
- Some commercial and residential properties may require a stormwater backflow prevention device. The Council is not liable for any backflow associated costs.
- Any backflow prevention device and/or water meter installed will be at the developer's/applicant's expense.
- Position of the approved service connections must not be altered on site without specific written approval.

**Further Information:**

If you have any questions or require further information, please contact Rangitikei District Council.

Phone: 06 327 0099

Web: [www.rangitikei.govt.nz](http://www.rangitikei.govt.nz)

## APPLICATION & DECLARATION

The Council relies on the information contained in this application being complete and accurate. The Applicant must take all reasonable steps to ensure that it is complete and accurate and accepts responsibility for information in this application being so.

**If lodging this application as the Applicant:**

I/we hereby represent and warrant that I am/we are aware of all of my/our obligations arising under this application including, in particular but without limitation, my/our obligation to pay all fees and administrative charges (including debt recovery and legal expenses) payable under this application as referred to the Fees Information section.

**If lodging this application as agent of the Applicant:**

I/we hereby represent and warrant that I am/we are authorised to act as agent of the Applicant in respect of the completion and lodging of this application and that the Applicant is aware of all of his/her/its obligations arising under this application including, in particular but without limitation, his/her/its obligation to pay all fees and administrative charges (including debt recovery and legal expenses) payable under this application as referred to the Fees Information section.

<b>Signed</b> (by or as authorized agent of the applicant)
