CUT-OUT SUBMISSION FORM

Key Choice 1? (see page 8)

Taihape Town Hall / Civic Centre

I prefer...

Option 1* - Fully Restored and Earthquake Strengthened Taihape Town Hall / Civic Centre

Option 2 - Earthquake Strengthened Taihape Town Hall / Civic Centre and Transformation of Taihape Memorial Park Grandstand

Something else

Comment: Town Hall / Library
This has been a town attraction since a was small, a place we always went to, it being a historic building it should be restored and put back to use in our town.

Please include more pages if required.

* Council's preferred option.

Key Choice 2? (see page 10)

Marton Civic Centre

I prefer...

Option 1* - Demolish existing buildings and replace with new purpose built facility

Key Choice 1

Taihape Town Hall/Civic Centre

8. I prefer...

Option 1: (Council's preferred option) Fully Restored and Strengthened Taihape Town Hall/Civic Centre

9. Comments:

Repair and retention of existing notable buildings help maintain the community fabric and encourages the development of the surrounding infrastructure by private parties.

Key Choice 2

Marion Civic Centre

10. I prefer...

Divest the council of these properties

11. Comments:

I feel that these buildings and this site are unsuitable in any form for council purposes. I would prefer these buildings to be redeveloped as public/private mixed housing development to bring people back to the centre of town. A more suitable building complex for redevelopment as a Council building and Civic Center is the old Post Office Building on the junction of Broadway and Hammond Street. This would also help the development of the upper part of Broadway and its surrounds.

Key Choice 3

New active mobility pathway along Calico Line

12. I prefer...

Option 2: Wait and apply for funding

13. Comments:

Taihape Town Hall

13. Comments:

Taihape Town Hall

14. How often did you use the Taihape Town Hall when it was still open and before COVID?

Attended meetings in the chambers.

Went to productions

Love the tea rooms underneath

Used the toilets weekly. They were the only nice public toilets in town. Very important for all our country residents.

Anything else?

15. Please provide any other feedback you would like to give Council

The Taihape Rec facilities need upgrading ASAP. New Public toilets are extremely over due. Most locals choose not to use them, most out of towners don't know they are there. A baby change table is needed. Ask the pools as to how many use theirs.

The council needs to step up and improve the playground. It is hard for the playground group to make any progress without council driving the project. If keeping the old playground it needs a maintenance schedule.

2 tennis courts have been lost. Did you know that Twilight tennis plays at the old college and a private residents court?

The swimming pools need to be much cheaper or free. They are a fantastic resource, but are often empty.

The main town public toilets need regular maintenance. Missing handbag hooks and hand sanitiser.

The Gumboot parking is too small and dangerous. Also needs toilets.

Very happy that the Taihape grandstand is staying (=

8. I prefer...

Option 1: (Council's preferred option) Fully Restored and Strengthened Taihape Town Hall/Civic Centre

9. Comments:

This seems reasonable

Key Choice 2

Marion Civic Centre

10. I prefer...

Remain at your current site and develop that, sell other buildings

11. Comments:

I fundamentally reject the idea that we could spend anywhere near \$20 million + on building a new facility for council!

We are living in a financial crises, households are struggling and Council has failed to fix long term issues raised repeatedly for decades by members of the community.

Austerity is required, not spending this ridiculous amount of money on a vanity project.

You would be better to sell the buildings to a developer and lease it back or to redevelop your current site in sections.

I will never accept that this price tag is reasonable, nor should this cost be carried by ratepayers, it is a total absurdity..

Key Choice 3

New active mobility pathway along Calico Line

12. I prefer...

Option 1: (Council's preferred option) Build a new basic pathway

13. Comments:

acceptable

Taihape Town Hall

14. How often did you use the Taihape Town Hall when it was still open and before COVID?

never

Anything else?

15. Please provide any other feedback you would like to give Council

You should be looking at ways to get the basic right first, save rate payers money, long before you decide to spend \$20,000,000.00 of our money. when I clearly remember the community rejecting your 5,000,000.00 plan for high street some years back!

Key Choice 1

Taihape Town Hall/Civic Centre

8. I prefer...

9. Comments:

Option one but with the full strengthening and refurbishment cost of the Memorial park Grandstand included in the Council budget. The additional cost should be taken from the Marton Town Centre upgrade budget.

Key Choice 2

Marion Civic Centre

10. I prefer...

11. Comments:

Reduced budget to pay for the Taihape Grandstand.

Key Choice 3

New active mobility pathway along Calico Line

12. I prefer...

13. Comments:

Taihape Town Hall

14. How often did you use the Taihape Town Hall when it was still open and before COVID?

Every week during winter for badminton when I lived in Taihape.

Anything else?

15. Please provide any other feedback you would like to give Council

The Council is effectively saying to the Taihape Community that they must raise at least \$1m of the strengthening cost of the Grandstand plus the full cost of refurbishment. How a small community like Taihape will be able to raise such a sum is not mentioned in your Plan, but it is clearly unrealistic. Reading between the lines, the Council is covertly planning one of two outcomes; either let the Grandstand rot away, or require Taihape ratepayers to pay a targeted rate covering the Council's funding shortfall of the Grandstand. Both options are completely unacceptable.

Verbal submission to the Rangitikei District Council's 2023/24 Annual Plan

From: Max Shierlaw. To be read at the meeting by Cr Wong

My family emigrated to Taihape in 1975. I went to school and spent the first few years of my working life in Taihape.

I have many fond memories of playing badminton in the Town Hall and watching rugby from the Memorial Park grandstand.

I served for nine years as a Hutt City Councillor so I am familiar with Annual Plan and Long Term Plan processes.

I have concerns that the community are being corralled into deciding between two very narrow options in relation to these two important Taihape community assets.

In the case of the Grandstand, the Council's preferred option is unrealistic. It provides less than half the required funding for strengthening and upgrading this historic asset. The Plan makes no mention of how the remainder is to be raised.

It is unrealistic to expect the Taihape community to raise more than \$1m toward the cost of upgrading the Grandstand. No funder will contribute money toward upgrading a Council asset. It would be different if say the Taihape Squash Club were extending their premises. Community funders may well contribute toward upgrading a privately owned community facility. They would not contribute toward a Council owned facility.

The only possible option for raising the shortfall to upgrade the Grandstand would be by way of a targeted rate on Taihape properties. If that is the Council's secret agenda, it needs to come out and say so now.

This situation could be seen as galling for the Taihape community when the Council is proposing to spend more than \$30m upgrading the Marton Town Centre. Ratepayers are being corralled into believing an upgrade of that financial magnitude is required. There are no options in Annual Plan for an upgrade that costs significantly less. Having been involved Council infrastructure planning for nine years, I know that many options are considered behind the scenes before anything is made public.

The Council should agree to fully fund the upgrade of both the Taihape Town Hall and Memorial Park Grandstand, and reduce the budget of the Marton Town Centre upgrade to compensate.

Taihape Town Hall

14. How often did you use the Taihape Town Hall when it was still open and before COVID?

As a child I used it a lot

Anything else?

15. Please provide any other feedback you would like to give Council

If you demolish the Taihape Townhall that is destroying Taihape's heart. Taihape is Townhall has been around as long as I can remember. It is a great place, do not ruin. It do not pull it down do not change it. It's a keepsake it's a way that keeps people coming back. It's a place where kids can go and have fun. It's a lovely building for Taihape. As a small community, we rely on the town hall, standing tall.

Option 2: Refurbish Existing Buildings, preserving some heritage features, where possible

11. Comments:

If development is going to happen for a civic centre we should aim to retain the character of the town, looking to 10, 20, 30 years this building will not only be part of the historical story of Marion but tell it... we can not continue to sell long term ideas based on short term goals.

Key Choice 3

New active mobility pathway along Calico Line

12. I prefer...

Both options are viable

13. Comments:

Increasing shared pathways and active mobility networks should be a high priority and can be achieved through rates and external funding with good forward planning now for better results in the future

Taihape Town Hall

14. How often did you use the Taihape Town Hall when it was still open and before COVID?

N/a

Anything else?

15. Please provide any other feedback you would like to give Council

Council should retain the events funding to avoid the risk of telling anyone looking to grow or develop an event that the Rangitikei is closed and we are not welcoming... events provide a great way for the host community to connect socially and gives it much needed promotion.

Speed limit reduction on Hendersons Line

Upon discussion with CEO Peter Beggs regarding reduction of speed along Hendersons Line from the corner of Pukepapa Road to Newmans Line. He suggested doing an application to the annual plan. Currently speed limit is set at 70kph about half way along. I believe that that limit should be set at 50kph as since the limit was set houses on both sides of the road have been built and we also have an Early childhood centre. I believe 70kph is no longer safe especially on our narrow road.

15. Please provide any other feedback you would like to give Council

I feel a footpath on the other side of Mill Street is something that needs to be a priority. James Cook is currently the largest School in Marton and it is incredibly unsafe for children having to cross the road on the corner of Pukepapa and Mill street. If there was a footpath on the other side of Mill St there would be no need to cross the road as children could walk down to the pedestrian crossing.

I would also like to see the swimming pool open all year round. There are so many families that go out of town for swimming lessons as they cannot be done all year round in Marton.

Taihape Town Hall

How often did you use the Taihape Town Hall when it was still open and before COVID?

Comment: I use it for about 2 weeks during the year for my rehearsals and concert. Then if there are plays on could be up to 6 weeks.

Please include more pages if required.

Anything else?

I do hope that the people of Taihapes wishes and want get listened to. I am worried that even though we put our submission to the council of what we would like and need this is not what gets done. For an example the new building down at the rec got built anyway even though when put to the vote for For or Against the figures showed Against was the majority. But they went ahead anyway. Hope this is not the same case with our Town Hall. Please restore what we have as it works perfect for our town.

Please include more pages if required.

Taihape Town Hall – service & value

This building is the centre of the community not only physically but a centre that every local visits at some stage or other thus the relationship is quite a personal one. It is truly part of the fabric of Taihape and Taihapeans in so many ways. Apart from this it is a much-photographed building by passer-by's who consider it a most iconic building with outstanding features. The colour scheme reflects Taihape features- the papa cliffs, the sky, the river & the kowhai.

There are so many areas of the building that are used by the community – the full usage has never been published & it is timely to do so, so there is a complete understanding of its worth.

Front ground floor ;

- Community board chambers & meeting rooms for the community groups & staff meetings
- Public Toilets – best in town-for travelling public-staff-locals.
- service centre for 7 days-locals to pay rates-dog licenses etc.
- library for 7 days-place for locals to read papers-peruse books.
- information centre for 7 days-for travelling public-bus ticket sales for locals & travellers.
- Computer services-for travellers, students, locals

Front Upstairs accommodates.

- the RDC property managers office
- the TCDT office
- The TCDT storage rooms at the rear of the upstairs seating
- The upstairs seating for shows
- The staff kitchen also used as an evening meeting room
- bathroom facilities

The Auditorium.

- Hall (at present unheated) capable of seating 300 people
- stage & auditorium considered capable & suitable for RNZB & NZSO, drama groups, school concerts, local ballet concerts, funerals, weddings, balls, centenaries, badminton & indoor bowls, etc, etc with changing rooms in the wings of the stage with toilet facilities.
- stage - storage of 300 seats for the auditorium seating
- stage – special sloping floor, lighting

Downstairs of the Auditorium (known as supper rooms);

- Male & female toilet facilities
- Meeting room for community with kitchen facilities & outside access & inside stairs to auditorium
- Youth group meeting room,
- Friendship Group meeting room
- 3 Storage rooms for various groups such the garden club, KTB Christmas lights & RDC excess equipment, seating & any other group requiring storage for community.

Back of Hall upstairs side rooms (outside access);

- Rooms & toilet facilities available for groups & storage (previously used in the past for Weedbusters).

Underneath the building.

- Storage of old equipment
- An outdated heating installation – plenty of room for an updated heating/cooling system

Concern has been expressed why this building has not in the past been considered as a registered Heritage Building.

Considering all of the above, the main concern is if we don't have this Town Hall how and where do we accommodate all of the above facilities, activities and events?

Taihapes population is growing & with interest from city areas to move to rural towns it is time to consider retention of all buildings with potential to accommodate new activities.

THE CHRISCHURCH EARTHQUAKES WERE 12 YEARS AGO
SO WHY HAS IT TAKEN ALL THIS TIME TO COME
UP WITH THE IDEAS TO STRENGTHEN THE TOWN
HALL, CIVIC CENTRE NOW. BETWEEN THEN AND
NOW THE TOWN HALL HAS HAD A NEW ROOF SO
WHY DIDN'T THE COUNCIL ADDRESS THIS PROBLEM
THEN. THE COSTS WOULD BE HALF TO WHAT
THEY PROCLAIM NOW. SO IF YOU ARE TO
BE MAKING A DECISION NOW, GET ON WITH
IT, STOP PROCASTINATING, STOP FEEDING UNNECESSARY
CONSULTANTS THOUSANDS OF WASTED DOLLARS OTHERWISE
THE RATEPAYERS MIGHT START REBELLION. THE
BUILDINGS IN QUESTION ARE HISTORICAL AND
SHOULD NOT BE DESTROYED. WE NEED A
INFORMATION CENTRE IN THE MAIN ST OF
TAHARU AND THE GRANDSTAND NEEDS TO BE
TIDIED UP. THE MEMORIAL PARK IS A MUCH
UTILIZED ASSET SO START LOOKING PAST YOUR
END OF NOSE AND STARTING BEING A LITTLE
LITTLE
REALISTIC.

I REMAIN

YOURS FAITHFULLY

Subject: Submission 2023/24 Annual Plan.

I have placed my submission on the three items under consideration from least painful to most painful.

1. Taihape Town Hall/Civic Centre

I prefer for Taihape residents to have their own say on this matter.

2. Footpath Calico Line

Construct the basic footpath along Calico Line without waiting for funding from Waka Kotahi, otherwise it might never get built. I would urge Council, however, to give priority towards laying the shared footpath/cycle way along Nga Tawa Road ahead of Calico Line if they can't both be completed the same year. At least there is one of sorts on Calico Line, but Nga Tawa Road has nothing right now.

3. Marton Civic Centre

Page 13 of the discussion document gives an indicative cost of \$33 million for provision of a new integrated civic centre for Marton, the second most expensive project on the list next to district roading improvements and maintenance. It is incongruously near the bottom of the list in terms of actual benefit to the ratepayers, in my view at least. Giving due regard to the expense, lack of tangible benefit to the community and the anticipated 9 percent rate hike for 2023/24 I cannot see how either option can be justified. I have never supported Council's purchase of the corner site to build a new civic centre, when the existing library and council offices are approximately just 200 metres and 400 metres further along High Street respectively. The notion of selling the redundant land and buildings to offset some of this cost is quite frankly a nonsense, especially now the real estate market has turned.

I accept the council offices are not fit for purpose, and the 1950s war memorial building could do with some loving, however I just cannot see how a nice shiny new building next to the southern roundabout is going to make me cheerfully part with another \$250-odd a year in rates. Of course there is no guarantee there won't be significant cost overruns, as I believe there were with the Bulls facility.

To my mind Council should do the following:

A) demolish the existing brick building that formerly accommodated MDC shared services staff within the administration compound.

B) construct a new, modest, fit-for-purpose office complex for staff with council chambers (modest being the operative word)

C) demolish the old office block and improve parking, vehicle storage etc. (the new building could be built in two stages to enable additions to be made as more space is cleared on the site)

D) as the War Memorial Building is basically sound (albeit ugly) and well located, it could be refitted with a decent kitchen and ablution facilities with showers, and given a facelift. The land to the rear presently being maintained to a minimal standard can be used to improve car parking

E) the library in Marton isn't the world's best, but is adequate for the few of us who use it. It could probably be left alone. Besides, I can see more of a business case for improving the WMC as that is frequently hired out.

4. One other possible road safety improvement that should be considered for the future is widening of the bridge situated at the bottom of Wellington Road, near State Highway 1. It operates as a two-lane bridge, but is barely wide enough for two vehicles to pass side by side, especially if one is a truck turning into Wellington Road from the highway.

My thoughts. I do not wish to speak to this submission.

Key Choice 1

Taihape Town Hall/Civic Centre

8. I prefer...

Reject both options - now is not the right time

9. Comments:

Rangitikei Council is proposing massive new spending while residents, ratepayers, and the nation are suffering significant financial difficulties and entrenched inflation. This is not the time to borrow 14 million dollars to build nice to have facilities, or to put up the already high rates take by 10.01%.

Key Choice 2

Marton Civic Centre

10. I prefer...

Reject both options - now is not the right time

11. Comments:

Rangitikei Council is proposing massive new spending while residents, ratepayers, and the nation are suffering significant financial difficulties and entrenched inflation. This is not the time to borrow 33 million dollars to build nice to have facilities, or to put up the already high rates take by 10.01%. On a per capita basis, a spend of \$33m in Rangitikei is equivalent to a spend of \$3.5b in Auckland (the original cost of the very expensive City Rail Link they are building). My family and I do not want to pay a "fair share" amount of \$2,095 each towards a facility we will never use in a town we almost never visit. Worse still, as a farming family, we know that we will be asked to pay about five times as much as ratepayers in Marton for a facility we will never use in a town we almost never visit.

Key Choice 3

New active mobility pathway along Calico Line

12. I prefer...

Don't do either

13. Comments:

There are endless pathways and cycle paths being built at significant cost all around New Zealand, most of which are hardly used at all, and quickly fall into disrepair or require costly maintenance out of proportion to the benefits delivered. Save the money and reduce the rates increase.

Taihape Town Hall

14. How often did you use the Taihape Town Hall when it was still open and before COVID?

Never. I live at the other end of Rangitikei, almost in Whanganui District, and only pass through Taihape very rarely when I travel on SH1 (I usually head north on SH4). If Taihape wants this investment, then Taihape should pay for all of it. We down here should not be forced to pay towards a facility we will never use in a town we never visit.

Anything else?

15. Please provide any other feedback you would like to give Council

Firstly, I urge the Council not to spend more at this time. You renovate and build new buildings, undertake major water schemes, et cetera when you can afford it. This is not that time.

Ratepayers are hurting already, and with the Reserve Bank raising interest rates to induce a recession to bring down inflation, the hurt will increase, and your borrowing costs will be higher (so don't borrow \$47m for two nice-to-have but not essential civic projects in these circumstances).

Secondly, I urge the Council not to punish farming families by imposing ever-higher rates. We are the people who pay by far the largest rates per household, in our case about five times higher than in Marton, yet receive almost no services in return. No footpaths, no street lights, no three waters, no public toilets, no pools, no parks, no libraries and no rubbish collection. On top of your rates, we also have to pay for our own services directly – fresh water collection, storage and filtration, waste water and storm water disposal, and take our rubbish to the transfer station and pay for each load. Farming costs are increasing at twice the CPI, and farming returns are falling. Don't ask us for more!

Taihape Town Hall

14. How often did you use the Taihape Town Hall when it was still open and before COVID?

Never

Anything else?

15. Please provide any other feedback you would like to give Council

There are no footpaths on Edward Street Bulls - we have trucks and tractors going past regularly, and it is a busy street for people using it as a turnaround spot for the school, and for people who missed a turn to get back into Bulls. We are 200m from Bulls school, but have to drive our children to school because of the speed people turn into the street making it too dangerous for them to walk. The road keeps getting resurfaced, but no footpaths. I'd rather have footpaths, and loads of potholes thanks.

Key Choice 1

Taihape Town Hall/Civic Centre

8. I prefer...

Option 1: (Council's preferred option) Fully Restored and Strengthened Taihape Town Hall/Civic Centre

9. Comments:

Key Choice 2

Marion Civic Centre

10. I prefer...

Option 1: (Council's preferred option) Demolish existing buildings and replace with new purpose built facility

11. Comments:

The heritage is so haphazard it's not worth saving.

Key Choice 3

New active mobility pathway along Calico Line

12. I prefer...

Option 2: Wait and apply for funding

13. Comments:

I see minimal benefit to most of Marton by having this path. How about the parents of Nga Tawa girls pay for it.

Taihape Town Hall

14. How often did you use the Taihape Town Hall when it was still open and before COVID?

Never

Anything else?

15. Please provide any other feedback you would like to give Council

1. Ingoa/Name

Ngaire Wishnowsky

2. Topūtanga/Organisation (if applicable)

3. Kāinga noho/Address

4. Īmēra/Email

5. Waea/Phone

6. Speaking to your submission

I do not wish to speak to my submission

I want my details to remain private

Key Choice 1

Taihape Town Hall/Civic Centre

8. I prefer...

9. Comments:

Key Choice 2

Marion Civic Centre

10. I prefer...

Option 1: (Council's preferred option) Demolish existing buildings and replace with new purpose built facility

11. Comments:

Key Choice 3

New active mobility pathway along Calico Line

12. I prefer...

Option 1: (Council's preferred option) Build a new basic pathway

13. Comments:

Taihape Town Hall

14. How often did you use the Taihape Town Hall when it was still open and before COVID?

Never, as I don't live in Taihape

Anything else?

15. Please provide any other feedback you would like to give Council

I would like to see the Marton Pool building insulated and the pool remaining open all year

2023/24 Annual Plan Consultation Document

Puka Tāpaetanga Submission Form

He aha tō tirohanga whakamua mō Rangitikei? Have your say on our 2023/24 Annual Plan

Submissions close at 5pm Tuesday, 25 April 2023.

Your Details

Ingoa/Name: Sharyll Gray

Tōpūtanga/Organisation (if applicable):

Kāinga noho/Address:

Īmēra/Email:

Waea/Phone:

Please tick this box if you would like to speak to your submission at the Council Hearings on 11 May. Someone will contact you to confirm this.

Please tick here if you want your details (but not your name) to remain private.

PLEASE NOTE: Submissions on this Annual Plan are public information and your information and submission will be made available to the public as part of deliberations. Your submission will only be used for the purpose of the Annual Plan process and will be held by Rangitikei District Council at 46 High St, Marton 4710. You may access the information and request its correction, if required.

Optional Demographic Information This is kept confidential for analysis only.

Key Choice 1? (see page 8) Taihape Town Hall / Civic Centre

I prefer...

- Option 1* - Fully Restored and Earthquake Strengthened Taihape Town Hall / Civic Centre
Option 2 - Earthquake Strengthened Taihape Town Hall / Civic Centre and Transformation of Taihape Memorial Park Grandstand
Something else

Comment: For years people have wanted the 'Grandstand' upgraded and refurbished for various sports teams use before, especially after their games. But to no avail. But suddenly because its needed for another purpose, 'why not'. Well not for the Civic Center, which needs to be mainstreet, and Town Hall located.

Key Choice 2? (see page 10) Marton Civic Centre

I prefer...

- Option 1* - Demolish existing buildings and replace with new purpose built facility
Option 2 - Refurbish Existing Buildings, Preserving Some Heritage Features, where possible
Something else

Comment:

Please include more pages if required.

Please include more pages if required.

* Council's preferred option.

Tape edge together before free posting

The Library, Information Centre & Council Offices need to be located on the Main Street, so putting funds into full restoration of the Town Hall makes better sense than having them located out of the way, down to the back of town, eg The Memorial Grandstand.

As stated, the Town Hall would benefit from structural, safety and accessibility improvements, because without it, Residents are left without a main venue or space for the Community to come together.

A local Councillor was heard saying, that as many people travelling check information such as trains, ferries and buses etc on Google, was there any real need for an Information Centre these days. Because of this fact alone, is he ready to just push the facility out of sight of Travellers who would still need it.

Option 1 should be the right Option AND the Only Option.

CUT-OUT SUBMISSION FORM

Tape edge together before free posting

Key Choice 1? (see page 8)

Taihape Town Hall / Civic Centre

I prefer...

- Option 1 *** - Fully Restored and Earthquake Strengthened Taihape Town Hall / Civic Centre
- Option 2** - Earthquake Strengthened Taihape Town Hall / Civic Centre and Transformation of Taihape Memorial Park Grandstand
- Something else**

Comment: Please keep the drama club in mind when making final decisions. We would like the auditorium to stay as big as possible for maximum capacity. Heating is a must. Hiding the kitchen/kiosk idea at the back for icecream sales bar etc!
 Could someone look in to tiered seating?
 Please include more pages if required.

* Council's preferred option. Additional overleaf.

Key Choice 2? (see page 10)

Marton Civic Centre

I prefer...

- Option 1 *** - Demolish existing buildings and replace with new purpose built facility
- Option 2** - Refurbish Existing Buildings, Preserving Some Heritage Features, where possible
- Something else**

Comment: N/A.

Please include more pages if required. Page 110

Key Choice 3? (see page 12)

New active mobility pathway along Calico Line

I prefer...

- Option 1* - Build a new basic pathway
- Option 2 - Wait and apply for funding
- Something else

Comment: _____ N/A _____

Please include more pages if required.

Taihape Town Hall

How often did you use the Taihape Town Hall when it was still open and before COVID?

Comment: Drama Club were heavily involved with stage use supper rooms (dressing rooms) & auditorium use whenever putting on a show.

Please include more pages if required.

Anything else?

Stage - Curtains that can be pulled would be amazing!

Supper rooms - need a kitchenette, toilets & heating.

If budget allows, a wider stairwell to the stage would be great.

Please include more pages if required.

I do not wish to speak to my submission

7. Details to remain private

I do not want my details to remain private

Key Choice 1

Taihape Town Hall/Civic Centre

8. I prefer...

9. Comments:

Maybe we all should consider letting these buildings be demolished and building new and better buildings at possibly a lot cheaper cost.

Key Choice 2

Marton Civic Centre

10. I prefer...

Option 1: (Council's preferred option) Demolish existing buildings and replace with new purpose built facility

11. Comments:

Sometimes the building cost to restore is beyond justifying the money to be spent when a purpose built building that can house more than just the RDC
Such as library etc. This would also free up more land for possible housing by council selling off unused council/library sites etc this would offset cost of new build.
Saving possibly thousands of ratepayers money

Key Choice 3

New active mobility pathway along Calico Line

12. I prefer...

Option 1: (Council's preferred option) Build a new basic pathway

13. Comments:

Not only for Nga tawa but for cycling/walking for public

Taihape Town Hall

14. How often did you use the Taihape Town Hall when it was still open and before COVID?

I haven't as I don't live their

Anything else?

2023/24 Annual Plan Consultation Document

Puka Tāpaetanga Submission Form

He aha tō tirohanga whakamua mō Rangitīkei? Have your say on our 2023/24 Annual Plan

Submissions close at 5pm Tuesday, 25 April 2023.

Your Details

Ingoa/Name: Kristini Churchward

Tōpūtanga/Organisation (if applicable): _____

Kāinga noho/Address: _____

Īmēra/Email: _____

Waea/Phone: _____

Please tick this box if you would like to speak to your submission at the Council Hearings on 11 May. Someone will contact you to confirm this.

Please tick here if you want your details (but not your name) to remain private.

PLEASE NOTE:

Submissions on this Annual Plan are public information and your information and submission will be made available to the public as part of deliberations.

Your submission will only be used for the purpose of the Annual Plan process and will be held by Rangitīkei District Council at 46 High St, Marton 4710. You may access the information and request its correction, if required.

Optional Demographic Information This is kept confidential for analysis only.

Tape edge together before free posting

Key Choice 1? (see page 8)

Taihape Town Hall / Civic Centre

I prefer...

- Option 1*** - Fully Restored and Earthquake Strengthened Taihape Town Hall / Civic Centre
- Option 2** - Earthquake Strengthened Taihape Town Hall / Civic Centre and Transformation of Taihape Memorial Park Grandstand
- Something else**

Comment:

I think this is the better option of the two, as we want to keep the information centre & library in HUB of the town, also will be another space filled in main street, when already enough empty buildings. We definitely need a town hall, as its a central spot for community events.

Please include more pages if required.

* Council's preferred option.

Such as local ballet concerts, funerals, dance productions, which bring people together.

Key Choice 2? (see page 10)

Marton Civic Centre

I prefer...

- Option 1*** - Demolish existing buildings and replace with new purpose built facility
- Option 2** - Refurbish Existing Buildings, Preserving Some Heritage Features, where possible
- Something else**

Comment:

NA

Please include more pages if required.

Key Choice 3? (see page 12)

New active mobility pathway along Calico Line

I prefer...

- Option 1*** - Build a new basic pathway
- Option 2** - Wait and apply for funding
- Something else**

Comment: Need to provide a safe pathway for kids, also they are walking to school, essentialy reducing traffic & emissions.

Please include more pages if required.

Taihape Town Hall

How often did you use the Taihape Town Hall when it was still open and before COVID?

Comment: At least once or twice every couple of months, by community gateway, ballet, & use the library at least once a week.

Please include more pages if required.

Anything else?

Would like to see more family features in Taihape, for example improve central playground, Make a bike pump track for the kids near the rec somewhere, * work on a Mountain bike track as another adventure activity for Taihape people & tourist attraction. Also better public toilets around the playground. Keep Taihape pool open over winter, or an activity for kids.

Please include more pages if required.

Comments from Pauline Barnett re Town Hall options.

16 April 2023

Taihape.

I prefer option 1 as set out on the submission form, although I think the costings are vague.

My reasons are as follows.

The present location of Hautapu St is central in the town.

Parking in Kokako Street is already a problem when tournaments, Horse sports and funerals are held.

Funding is already promised to the upgrade of the grandstand and it could have a heritage listing, which may or may not remain if it becomes a Town Hall/civic centre. It will still be a grandstand!

A sports hub is being built at Memorial Park and this project took a long time to come to fruition, due to a range of interests and lobbying. I am not a sports person, so I am neutral on this decision, and I can see benefits for the community.

Did the council do costings etc for a new Town Hall, by way of a comparison?

As a final comment, I would like to say that consultation is healthy in a democratic society. However in a small town most people expect the council to do the best they can with decreasing amount of money, but more access to information.

Thank you for the opportunity to comment.

- Option 2 - Wait and apply for funding
- Something else

Comment: Perhaps Nga Tawa diocesan school could help to fund it as their students would be the ones who would mostly use it.

Please include more pages if required.

Taihape Town Hall

How often did you use the Taihape Town Hall when it was still open and before COVID?

Comment: At least once a week I visit the library.

Please include more pages if required.

Anything else?

I use the library a lot as I am a keen reader and find that the staff are very obliging in obtaining more books from Marton if they are available. I also think that the town hall is very central with the library and information centre easily accessible to passing through people.

Please include more pages if required.

- Option 2 - Wait and apply for funding
- Something else

Comment: _____

Seems to be alot of money spent in this area.

Please include more pages if required.

Taihape Town Hall

How often did you use the Taihape Town Hall when it was still open and before COVID?

Comment: Alot, was lucky enough to attend concerts, productions and have my wedding reception here! amazing building.

Please include more pages if required.

Anything else?

Our town hall is irreplaceable. No money is enough to hold on to the history it has.

Leave our town hall alone.

Please include more pages if required.

Key Choice 1

Taihape Town Hall/Civic Centre

8. I prefer...

Option 1: (Council's preferred option) Fully Restored and Strengthened Taihape Town Hall/Civic Centre

9. Comments:

Key Choice 2

Marton Civic Centre

10. I prefer...

Option 1: (Council's preferred option) Demolish existing buildings and replace with new purpose built facility

11. Comments:

Our town is growing, the future is exciting. We need a modern, functional and useful space for our community to utilise and work out of. If it can tie into the village green, even better.

Key Choice 3

New active mobility pathway along Calico Line

12. I prefer...

Option 1: (Council's preferred option) Build a new basic pathway

13. Comments:

I live on Ngā Tawa Road. The Main Street, Ngā Tawa Road, Calico Line circuit is utilised by heaps of people - walking, running, biking, walking dogs. We desperately need a safer area for this loop. I am disappointed that the marketing angle of this project has focused on Ngā Tawa School instead of the wider community, as I feel there will be less community support as a result of this slant. Just to confirm, I am in favour of this walkway in the immediate future and to have it extended along Ngā Tawa/Main Street.

Taihape Town Hall

12. I prefer...

No opinion

13. Comments:

Taihape Town Hall

14. How often did you use the Taihape Town Hall when it was still open and before COVID?

At different times of my life I have used it for dances, reunions, celebrations, shows, balls, I learnt to love to read, first dances, first kisses, sports such as badminton, plays, many times. It hasn't been used often as late because it desperately needs restoring.

Anything else?

15. Please provide any other feedback you would like to give Council

Taihape is a small town but it has shown to be resilient. The Town Hall echoes the lives and past lives of tough country folk. It would be a mistake not to restore this historic and symbolic iconic place.

Key Choice 1

Taihape Town Hall/Civic Centre

8. I prefer...

9. Comments:

That the Council not proceed with redevelopment/or refurbishment of existing Civic buildings in Taihape that are no longer fit for purpose, and that instead, the Council investigates other options for providing Civic facilities if existing Council buildings are no longer safe due to earthquake hazard risk.

Key Choice 2

Marton Civic Centre

10. I prefer...

Option 1: (Council's preferred option) Demolish existing buildings and replace with new purpose built facility

11. Comments:

That the Council not proceed with redevelopment/or refurbishment of existing Civic buildings in Marton that are no longer fit for purpose, and that instead, the Council investigates other options for providing Civic facilities if existing Council buildings are no longer safe due to earthquake hazard risk.

Key Choice 3

New active mobility pathway along Calico Line

12. I prefer...

Option 2: Wait and apply for funding

13. Comments:

That the Council defer commencement of mobility pathway along Calico Line, Marton until subsidised funding has been confirmed by Waka Kotahi.

Taihape Town Hall

14. How often did you use the Taihape Town Hall when it was still open and before COVID?

Very seldom. Just for the odd meeting for the Erewhon Rural Water Scheme - have now found alternatives.

Anything else?

15. Please provide any other feedback you would like to give Council

- The dry vault toilet at Springvale Bridge has not yet been installed - the statement in the annual plan states they have been.
- Further lobbying should be done by the council to have the Taihape-Napier Road fully funded by the state rather than local government. The road is more and more being used by non-rural transport companies and tourists - particularly recently with both the Taupo-Napier and Manawatu-Napeir roads having significant traffic delays and/or closures.
- The Council caps the percentage rates increase to no greater than stated in the Council's 2021 Long Term Plan for the 2023/24 financial year and reduce expenditure to ensure there is no need for loans to cover the revenue shortfall. And that the average rate increases for rural properties are no more than for residential properties. A number of rural properties had significant rate increases (20%+) at the last review.

14. How often did you use the Taihape Town Hall when it was still open and before COVID?

Never

Anything else?

15. Please provide any other feedback you would like to give Council

I would request that the Otara Road Bridge be brought forward into the upcoming annual plan. The bridge in its current form (limited to 6tonne) is not sustainable for the farming operations on the Manawatu and Rangitikei sides of the river, there are a number of farmers who have properties on both sides of the river who are being directly impacted by the bridges restrictions. Both councils really need to push this project through to ensure that the investment in infrastructure is relevant to the amount of industry that the area contributes to both councils GDP.

Taihape Town Hall

14. How often did you use the Taihape Town Hall when it was still open and before COVID?

I played basketball in the 70's,(when it was heated). As a musician played Town Balls,School Balls,Dance Parties.

As Vray Sound & Light Design being involved with early Maori Land Meetings (I averted hall from being burnt down by wrongly placed portable heater burn mark is still on the hall floor.

Have supplied audio ,video,& lighting for some big funerals 500 plus people also including people listening outback in gazebos.

Art Society (Birds on Signs)

Rugby World Cup Celebration 2011 ? A weekend showing off all our clubs.

2 ballet companies in town who both have sold out Christmas Shows yearly.

Concerts reggae bands Three Houses Down , Tomorrow People (both sold out)

Concerts with "Getting the Girls Out"" "Beat Girls" both sold out shows !

I have done production on the last 3 Taihape Drama Club productions "Bad Girls" "Dusty" & in between COVID lockdowns "Mamma Mia " which was a huge success which ended with 3 extra shows all SOLD OUT 9 in total, a huge amount of national coverage with TVNZ 7 Sharp interviews showing off the district.

Have transferred outside events into hall because of weather.(Christmas in the Park)

We have had numerous other events I haven't been involved with including book fairs ,market days,census,Hypnotist,21st birthday parties, wedding's,Town meetings.badminton & Tribute Shows.

Have always been grateful & privileged to be given the keys to this mighty building where it often takes me a weeks to set up for these events.

So the question "how often did you use the Taihape Town Hall" I am proud to say more than anyone else !

Anything else?

15. Please provide any other feedback you would like to give Council

The hall could have been used a lot more if it had been heated.

I have tried to understand concept plans but am rather worried what they show & don't show & want to have a voice on any planning especially around auditorium & stage & even if it falls on deaf ears I can at least say I tried !

Key Choice 1? (see page 8)

Taihape Town Hall / Civic Centre

I prefer...

- Option 1* - Fully Restored and Earthquake Strengthened Taihape Town Hall / Civic Centre
- Option 2 - Earthquake Strengthened Taihape Town Hall / Civic Centre and Transformation of Taihape Memorial Park Grandstand
- Something else

Comment: Our town hall is unique & should be retained. I also feel that the information centre should be on the main highway & not in the grandstand. The grandstand should be earthquake proofed & alterations especially underneath at a later date.

Please include more pages if required.

* Council's preferred option.
