Dear [REDACTED]

Local Government Official Information Request

Thank you for your request made under the Local Government Official Information and Meetings Act (LGOIMA), received on 16 February 2022. Your request relates to project updates, and specifically who is the person in charge of each project; is the project still in the early stages of planning; whether concept designs have started and who is doing the designs and whether a resource consent is required and if so, when will it be submitted? Our responses to your questions are below:

1. Bulls Stormwater Upgrade

Response:

The project is not currently active (it has not started) and no project manager has been assigned.

2. George Street Stormwater Renewal

Response:

The project is not currently active and no project manager has been assigned.

3. Tutaenui Stream wastewater reticulation renewal

Response:

Can you please supply more detail on this, as we are not sure which project you are referring to.

I suggest that you keep up to date with all our projects by reading the Project Management Office updates provided to Council each month – you will find these Council reports on our website - <https://www.rangitikei.govt.nz/council/meetings/council/council-meetings>.

Yours sincerely

Carol Gordon
Group Manager Democracy & Planning
