queries , bring your
device to the Bulls
library 10.30am-
12.30pm on Tues-
day 26/09/2017 and
Ask Angela.

News of the Month

Welcome to our Bi-monthly newsletter.

Our July school holiday program was a great success with a Superhero theme. On the last day of our program the children dressed as their favourite super hero, even more impressive that one of our super librarians (Jody) came dressed as Wonder Woman.

Four of our long term volunteers have retired, we will miss their dedication and hard work. All the best and thankyou Barbara, Reit & Anne. (Marton) and Hannah from Taihape library. On that note I would like to welcome two new volunteers to the Marton library, Annette and Keturah.. The Bulls library volunteers were thanked with a morning tea at The Mothered Goose café last week, hosted by Sara-Jane.

What is new in our libraries

A large quantity of lovely new titles will have hit the shelves in the three libraries across the district, come on in and take a look. We have recently had a library system up grade, you may notice some differences on our website and catalogue, if you are having any access problems, please contact us.

Book Review by Rayviewer

Behind her eyes' by Sarah Pinborough

If you are looking for a thriller , where it is difficult to identify the victim from the villain, will this is for you. 'When Louise befriends the picture perfect husband and wife, she is confronted with more questions than answers. Same goes for the reader, The ending will blow you away. It gets a four star rating from me.

'Bad Libraries build collections, good libraries build services, great libraries build communities'
By R. David Lankes
