LTP 2024-2034 - Submission Form

Name/Ingoa: Fay Cunningham

Key Choice 1

Should we open the Marton pool all year round?

Option 2 - From 2024/25 the Marton pool would be open all year round.

Comments about opening the Marton Pool:

I like many others swim year round and it's such a CB pity we can't use the local facilities and instead end up giving money to other councils

Key Choice 2

How do you want to roll out the kerbside collection requirements?

Don't bother I will end up paying for and still not getting any rubbish collection

Comments about Kerbside Collection:

I'm annoyed that I subsidise the town folk and get no collection at all. If it's good enough for us to have to deal with our rubbish it's good enough for all or alternatively all ratepayers should receive the same service

Key Choice 3

Should we revitalise the Marton Town Centre?

Option 1* - Streetscape revitalisation for Marton

Comments on upgrading Marton Main Street:

Further comments:

I know there is a small rate payer base but the rate bill for us living just outside town is astronomical and in addition we don't receive the basic services no rubbish, water, sewerage, footpath and I could go on. I'm kind of happy to contribute to the greater good to a point so I'd love to actually get a little bit back and be able to use the pool year round (also support increased fees. as I believe in user paying

Name/Ingoa: Aimee Kohi

Key Choice 1

Should we open the Marton pool all year round?

Option 2 - From 2024/25 the Marton pool would be open all year round.

Comments about opening the Marton Pool:

We're a large community and should not be traveling outside the district during the cooler months for swimming.

Learning about water safety for our tamariki is essential, lessons/squads/rec swimming should be available locally all year round.

Hiring pool staff can also be challenging. Keeping the pool open may be more appealing for potential employees/retaining staff.

We are incredibly lucky to have this facility in Marton. Let us use it

Key Choice 2

How do you want to roll out the kerbside collection requirements?

Option 2 - We use staggered approach and rollout the bins one at a time over the prescribed time period.

Comments about Kerbside Collection:

Key Choice 3

Should we revitalise the Marton Town Centre?

Remove the Cook statue.

Key Choice 1

Should we open the Marton pool all year round?

Option 2 - From 2024/25 the Marton pool would be open all year round.

Comments about opening the Marton Pool:

I enjoy this pool, is a shame it shuts for winter. It will bring people to the community rather than away.

Key Choice 2

How do you want to roll out the kerbside collection requirements?

Option 2 - We use staggered approach and rollout the bins one at a time over the prescribed time period.

Comments about Kerbside Collection:

I don't see the point in this as the dump could just open longer for people to use.

Key Choice 3

Should we revitalise the Marton Town Centre?

Upgrade the buildings

Comments on upgrading Marton Main Street:

There is too many empty shops this is a shame. Marton has come a long way. You need to invite more people here.

Further comments:

We need to make this distract more welcoming. The airforce base is just down the road let's make this a place people want to come to and spend money and even live.

Key Choice 1

Should we open the Marton pool all year round?

Option 2 - From 2024/25 the Marton pool would be open all year round.

Comments about opening the Marton Pool:

I believe the pool should be open year round to accommodate the many different groups who currently travel to the Splash Centre in Whanganui and the Makino Feilding pool. I have been traveling to the Splash Centre for ten years teaching Hydrotherapy for Arthritis in their fabulous warm, Hydrotherapy Pool.

How wonderful it would be if Marton would allow this sort of group to operate year round! To make this option available to those who would enjoy and benefit from it, would be a great thing for the people of the Rangitikei.

Key Choice 1

Should we open the Marton pool all year round?

Option 2 - From 2024/25 the Marton pool would be open all year round.

Comments about opening the Marton Pool:

Yes to employment of staff all year as long as they have a strategic plan to utilise the pool and introduce innovative ideas- ie- School and Adult water polo leagues.

Staff would need to be revitalised and add much more enthusiasm, energy and effort.

The short term lease of kids entertainment blow up obstacle courses that are rotated for continued interests

Key Choice 2

How do you want to roll out the kerbside collection requirements?

See below

Comments about Kerbside Collection:

We are ignored rurally and deserve a reduction in our rates or at least free 52 red bags per year. Blatant bias towards urban dwellers who pay way less rates- BS

Key Choice 3

Should we revitalise the Marton Town Centre?

See below

Comments on upgrading Marton Main Street:

Invite Lions and Rotary to come up with small scale improvements and engage the community through them. Council funds this generously. This takes away all the anti- council sentiment and empowers the community through trusted leadership groups already established in Marton.

Further comments:

DO NOT build a new Council building in Marton!!!

Shift to Te Matapihi and squeeze in- Do a pack in/pack out office when the space is needed- make staff work from home on those rare occasions.

0279268715

Key Choice 1

Should we open the Marton pool all year round?

Option 2 - From 2024/25 the Marton pool would be open all year round.

Comments about opening the Marton Pool:

I send my child to the Lido in Palmerston North as we do swimming lessons during the winter. This means we can use the swimming skills in the river during Summer.

Key Choice 2

How do you want to roll out the kerbside collection requirements?

Option 2 - We use staggered approach and rollout the bins one at a time over the prescribed time period.

Comments about Kerbside Collection:

I believe in kerbside recycling but also understand it comes with a cost. A staggered approach is probably best. We currently take our recycling to the waste station every couple of weeks.

Key Choice 3

Should we revitalise the Marton Town Centre?

Option 2 - Status Quo - Do not invest in streetscape revitalisation for Marton.

Comments on upgrading Marton Main Street:

It's fine how it is. Sure more could be done but I don't know if there really is a call for that.

LTP 2024-2034 - Submission Form

Name/Ingoa: Jiselle Rider

Key Choice 1

Should we open the Marton pool all year round?

Option 2 - From 2024/25 the Marton pool would be open all year round.

Comments about opening the Marton Pool:

It's an important asset to community wellbeing both young and old.

Key Choice 2

How do you want to roll out the kerbside collection requirements?

Option 2 - We use staggered approach and rollout the bins one at a time over the prescribed time period.

Comments about Kerbside Collection:

Get people educated in how to use bins.

Key Choice 3

Should we revitalise the Marton Town Centre?

What are the designs proposals? Will we have CCTV to keep it/ us safe?

Comments on upgrading Marton Main Street:

Drinkable water is more important. Young people are drinking soft drinks and raro because it tastes so bad. Our council is letting this generation down by contributing to long-term health issues. All counselors should have to drink it daily if you expect us to. We know most of you live outside the town water supply. If you did, it would be top of your agenda. Not superficial things like street decor!

Key Choice 1

Should we open the Marton pool all year round?

Option 2 - From 2024/25 the Marton pool would be open all year round.

Comments about opening the Marton Pool:

Opening it year round. Why don't you increase the entry fee to use the pool. User pays some, increase rates some. You know people will complain about rates increase.

I certainly don't feel we get our money's worth in Mangaweka. We have to travel for everything. I've taken my son out of swimming lessons in taihape because the pool is too cold and he gets a cough everytime. I'm considering going to Feilding for lessons. Marton would be a closer option for us saving petrol money and travel time.

Name/Ingoa: Melissa Welch

Key Choice 1

Should we open the Marton pool all year round?

Option 2 - From 2024/25 the Marton pool would be open all year round.

Comments about opening the Marton Pool:

Wonderful facility. My three boys swim year round, and currently we struggle to get into the makingo for lessons in the winter terms as spots are limited. Would much prefer to stay local as I'm sure many others would agree. Opens up lots of more opportunities for swim development programs if open year round. Lifesaving programs could also be run. Make more out of such a asset to Marton a 50mtre indoor pool is amazing.

Key Choice 2

How do you want to roll out the kerbside collection requirements?

Comments about Kerbside Collection:

I live rurally so really only voting on the pool issue.

Key Choice 3

Should we revitalise the Marton Town Centre?

Option 1* - Streetscape revitalisation for Marton

Comments on upgrading Marton Main Street:

Just recently opened up Rangitikei Signs and Designs so would love to be part of making the main street of Marton more visually appealing, with signage highlighting features, maps and town information. Highlighting our history and culture.

Key Choice 3

Should we revitalise the Marton Town Centre?

Option 1* - Streetscape revitalisation for Marton

Comments on upgrading Marton Main Street:

Revitalization is important for Marton but I share the concerns of others that once again the bulk of the money will be spent in Taihape leaving little for Marton. Marton has the potential to be a destination boutique town. That won't happen until the money is invested.

Key Choice 1

Should we open the Marton pool all year round?

Option 2 - From 2024/25 the Marton pool would be open all year round.

Comments about opening the Marton Pool:

With three primary school age children at schools without pools and travelling out of town for swimming lessons. I believe this would be so beneficial to local children. Working in education it is frightening how many of our children can't swim! Attracting professionals to provide lessons and access to the pool year round would be hugely beneficial to Marton and will pull people from the wider Rangitikei that currently travel to Feilding and beyond for lessons.

Should we open the Marton pool all year round?

Option 2 - From 2024/25 the Marton pool would be open all year round.

Comments about opening the Marton Pool:

There would be plenty of people keen to see this happen. It would give more employment opportunities and job security for those involved with operating and running the pool.
It would be a positive and active activity for our tamariki to indulge in on cold winter days.
It would allow those with specific training needs and goals to continue working towards them.
Local and semi local sports teams (Rugby, hockey, netball) could then use the pool for an active recovery session.

Key Choice 2

Whisker Farming

Key Choice 1

Should we open the Marton pool all year round?

Option 2 - From 2024/25 the Marton pool would be open all year round.

Comments about opening the Marton Pool:

Many would use the pool in the winter months from out of the town. Especially through the school holidays in the way of swim camps.

Bulls youth could come to the pool for training, lessons and fun.

Winter is quieter in terms of the number of sports kids are involved with therefore is a great time for schools to run lessons and for kids to take swim lessons through the pool.

Also many people want to take their training/fitness indoors over the winter and this would allow the community to stay fit and healthy over winter months.

Older people are safer swimming in the winter months, instead of getting cold/wet outdoors.

You need to have coaches available and children could have lessons. It is a shame the lessons haven't been available this summer. There is a lot of talk about the standard - you would then be able to offer a job all year.

Key Choice 2

How do you want to roll out the kerbside collection requirements?

Option 2 - We use staggered approach and rollout the bins one at a time over the prescribed time period.

Comments about Kerbside Collection:

it would be good to have a service available to rural communities for recycling or compost.

Key Choice 1

Should we open the Marton pool all year round?

Option 2 - From 2024/25 the Marton pool would be open all year round.

Comments about opening the Marton Pool:

Open all year would be great. However, in winter consider restricted days and hours if that would reduce cost. Need innovative ideas to encourage increased use.

I swim weekly and make the trek to Whanganui Pool in winter because Marton Pool, is closed.

Key Choice 2

How do you want to roll out the kerbside collection requirements?

Option 2 - We use staggered approach and rollout the bins one at a time over the prescribed time period.

Comments about Kerbside Collection:

I live just outside the town area, so am wondering if it will extend a defined distance out of town. Important to get people on board with recycling. At Marton refuse station recently there have been a queue of cars waiting to use the recycle bins.

Key Choice 3

Should we revitalise the Marton Town Centre?

Option 2 - Status Quo - Do not invest in streetscape revitalisation for Marton.

Comments on upgrading Marton Main Street:

Don't think this is a priority.

Key Choice 1

Should we open the Marton pool all year round?

Option 2 - From 2024/25 the Marton pool would be open all year round.

Comments about opening the Marton Pool:

The indoor 50m pool we have in Marton is a huge asset to the community that can be better utilised both by locals and those from out of region.

Many swim groups travel to Hawkes Bay or Wellington for swim training camps over the winter where we could offer swim training camps here as well as offering accommodation in the school boarding houses. This would generate more income for our schools as well as for the business district as money would be spent in the town whilst people are staying. The winter months are also quieter for sport which means students have more opportunity for swimming lessons. There are a shocking number of children that can't swim which needs addressing and accessibility is a large part of that.

Winter is a time most people want to or need to take their fitness indoors and an indoor pool is the perfect option to keep the community fit and healthy over the winter months. There is a very large community want to keep the pool open, I hope they all submit a response.

Key Choice 2

How do you want to roll out the kerbside collection requirements?

Option 2 - We use staggered approach and rollout the bins one at a time over the prescribed time period.

Comments about Kerbside Collection:

Not applicable to rural residents.

Key Choice 3

Should we revitalise the Marton Town Centre?

Option 1* - Streetscape revitalisation for Marton

Comments on upgrading Marton Main Street:

Not at the expense of opening the pool however. If it is one or the other, I would go for the pool first and then investment in the town centre.

Option 2 - Status Quo - Do not invest in streetscape revitalisation for Marton.

Comments on upgrading Marton Main Street:

Marton main street doesn't need upgrading. It's more sensible to look at curbside use the money wisely such as curbside rubbish or the pool to be open all year round.

Key Choice 1

Should we open the Marton pool all year round?

Option 2 - From 2024/25 the Marton pool would be open all year round.

Comments about opening the Marton Pool:

Key Choice 2

How do you want to roll out the kerbside collection requirements?

Option 1* - We roll out three bin kerbside collection services in one go starting January 2027.

Comments about Kerbside Collection:

Just do it all at once so people only moan about it once ☹️

Key Choice 3

Should we revitalise the Marton Town Centre?

Comments on upgrading Marton Main Street:

I think its good as it is

Further comments:

Develop the empty buildings on High St/Broadway into 'Marton Heritage Apartments' and rent them out, would ve more income. Not everyone wants a garden to look after.

Also, Ben is AWESOME!
