Subject: Chairs Report A/I committee. March 18 From: Jilden <jilden@xtra.co.nz> Date: 15/03/2018 7:09 AM To: Dean / Jill <jilden@xtra.co.nz>

Chairs Report A/I committee. March 18

Unfortunately Mayor Andy and myself had hoped to share a positive outcome to the bore situation at Ratana, but the meeting that we had organised for tuesday didn't eventuate due to the Duncan's misunderstanding of dates. Never mind we hope to meet in the very near future to sort this mess out. It has dragged on for far to long. Which brings me to the next issue of now formalising other easements and land ownership of assets around the district. The report in today's agenda shows the magnitude of the problem and I believe it's time to engage with land owners to have either legal easements or negotiate to buy the land our assets are sited on. It is unfortunate but the days of the good old handshake I think have gone. This will definitely come at a cost but the cost of not doing this could, in time, be considerably larger.

The Bony Glen or Leachate report goes along way to addressing the huge problem that was effecting the ponds this time last year, and while there is still along way to go as far as R&D on their part it is good to see the huge difference in the leachate that is being deposited to the waste water treatment plant. There will be discussions on this today.

Finally it's great to see many of our staff and contractors extremely busy throughout the district making the most of the good weather getting the jobs done. Drive through any of our towns and there are serious upgrades being done with extremely professional teams. Businesses I have asked in Broadway here in Marton understand the need to do this and praise the contractors for trying to minimise the disruption to business.

Dean

TABLED DOCUMENT

Memorandum

pled at Assets / Infrastructure:

То:	Assets/Infrastructure Committee
From:	Nardia Gower
Date:	15 March 2018
Subject:	Questions of Assets/Infrastructure Reports March 2018
File:	5-EX-3-2

1 Background

- 1.1 The purpose of this memorandum is to collate questions asked about information contained in the Activity Management Templates and the answers provided.
- 1.2 Questions around other information provided in the order paper are also collated here.

2 Questions

- 2.1 Question in regards to the report/recommendation for Item 11. Marton Wastewater Treatment Plant.
 - 1. 5.3: Why is Ammonia limit of 100g/m3 being recommended/sort when since Jan 2018 it has been, as per the report, 'consistently' 25g/m3, suggest a lower amount/limit be set?
 - 2. Who is the 'monitoring agent' for the limit set? What are the penalty's for breaching the limit? Is there a cost to RDC to monitor? Is the ammonia limit tested before being transported to Crofton?
 - 3. 5.2: As per the recommendations "for a term which correlates to current and to be sort treated waste water discharge resource consents" --- how long is that exactly? In other words how long is the new agreement to accept treated leachate?
 - 4. Is leachate acceptance cost natural to Council noting that that the fees charged are a significant income?
- 2.2 The answers will be verbally provided to the Committee at the meeting.

3 Recommendation

3.1 That the memorandum 'Questions of Assets/Infrastructure Reports March 2018 ' to the Assets/Infrastructure Committee meeting on 15 March 2018 be received.

Flow data from Horizons Regional Council web site since 1 January 2018

RDC ROADING REPORT: FEBRUARY 2018

TABLED DOCUMENT Tabled at ASSets /harostructure on_ 15 March 2

1. MAINTENANCE, OPERATIONS AND RENEWALS

- This year's resealing programme of 61 km has been completed.
- Pre-reseal repairs for the 2018/19 year have been programmed.
- Installing the new LED streetlights in residential streets is substantially. The objective is to complete installation by June 2018.

2. CAPITAL PROGRAMME 2017/18

Area Wide Treatment sites

Location	Length	Start construction	Completion Due
Galpins Road (RP1080-1800)	720m	4-Dec-18	Prog. Apr-18
Jefferson's Line (RP3840-4415)	575m	Prog. Mar-18	Prog. Apr-18
Mangitipona Road (RP1520-2520)	2600m	23-Oct-17	Prog. Mar-18
Parewanui Road/Ferry Road Int (RP0500-0550)	75m	Prog. Apr-18	Prog. May-18
Parewanui Road (RP5820-7780)	1960	Prog. Mar-18	Prog. May-18

Photo: extending the box culvert in preparation for construction of the safety shoulders and pavement overlay

Photo: construction of the safety shoulders in preparation for the pavement overlay

Minor safety improvements:

Location	Start construction	Completion Due
Turakina Valley Road 3 (RP 2075)	Prog. Apr-18	Prog. May-18
Guardrail to bridge approach		
Turakina Valley Road 2 (RP12750 – Mangara Br)	6-Nov-17	16-Nov-17
Guardrail to bridge approach, in conjunction with		
seal extension		
Pungatawa Road RP 6700 – widen blind corner with large drop-off	Prog. May-18	Prog. Jun-18

Mangaweka Bridge

Following the deck repairs in October 2016 the bridge was reopened with the following limits: 3T axles, 6T gross, a 10kph speed limit and no stopping signs. This is due to weakened timber girders throughout the length.

Funding for the Detailed Business Case (DBC) was approved by NZTA in December 2017. The DBC is expected to be complete by May 2018.

3. EMERGENCY WORKS

Emergency Works events under repair during this financial year:

The damage to trees from snow event of 13-14 July has been cleaned up. A number of dropouts require repair. The application to NZTA to obtain \$2.0M of funding for the event has been approved.

Event	Status
June-15	3 sites remain. Completion due June 18
April-17; cyclone Debbie	Repairs for dropouts underway. Completion due May 18
July-17; Snow event	Repairs for dropouts underway. Completion due June 18

4. OTHER PROJECTS

Council is involved in the investigation and implementation of the following projects:

- The 3 km unsealed section of Turakina Valley Road 2 between McLeay's Bridge and near Mangahoe Road has been approved for seal extension. Sealing this section of road would provide an alternative sealed road to SH3. The next stage near Mangatipona Road is under design due to start May-18 and will be finished before the Ratana celebrations in November.
- Broadway Marton watermains, stormwater, kerb and channel upgrade, and installing ducts for the UFB-2 programme.
 Laying the feeder watermains, UFB ducting, removing the kerb and channel on the west side has commenced. The connection details at Follett St are being refined. The project is expected to run through into March-17.
- Ratana 100 year Celebrations 7/11 November 2018

Ratana Pa will be celebrating 100 years of the church movement. It is expected that very large numbers will attend the event. The event is expected to place large pressures on Ratana Road the only road to the Pa and SH3 approaching Ratana Road. A lot of work will be required by the event organisers to quantify the numbers expected, which then set the level of temporary traffic management required. The intersection of Ratana Road and SH3 is at the crest of a hill with limited sight distance, and passing lanes on both sides of the hill. The road geometry combined with very heavy traffic conditions is expected to create safety issues on SH3. To maintain a safe road environment on the SH during the event will require NZTA to provide a very high level of temporary traffic management and a back-up plan to prevent gridlock on the highway.

5. HEALTH AND SAFETY
