Workplan of MoU partnering organisation (BCDT)

Council approved the following payment schedule for the MoU partnering organisations, from 1 July 2018 (for the 2018/19 financial year):

Bulls and District Community Trust

Three-year contract: \$26,500 in 2018/19

9 Council Response to Queries Raised at Previous Meetings

Public access through Ngati Apa land

A report is attached. This report was provided to the Committee's June 2017 meeting. The situation is unchanged. There is no right of public access.

Waste disposal signage update

An update on the signage and status of waste disposal signage for campervans within Bulls has been requested.

A site in Bulls has yet to be determined.

Cow effluent

Cow effluent is not presently accepted in Rangitikei's dump stations.

Dumping signage

Signs will be erected shortly. Council has received notification that Envirowaste (yellow bags) will no longer be servicing Bulls. They will, however, continue picking up the yellow bags until there are none left. Envirowaste will be in contact with wheelie bin customers directly. Residents will need to purchase the red bags or organise a wheelie bin from Rangitikei Wheelie Bins, going forward.

Wallace development signage illumination

Enquiries have been made with Morgans Property Advisors. We have yet to have a response.

10 Criterion Street name change request

The Bulls and Districts Historical Society requested a name change for Criterion St to Chris Amon Drive/Way.

The Committee does not have the delegation to approve changes in street names. If it wants to see this change, the Committee would need to make a recommendation to Council.

In naming streets or roads, the following criteria apply:

- That the name be consistent with the naming pattern of other street or road names in the locality;
- That the name avoid duplication or similarity with other street or road names in the District;
- That if there is no obvious consistency in street naming patterns, consideration shall be given to the history or unique characteristics of the road or street locality;
- That the terms place, crescent, court, street, lane or road shall reflect the physical characteristics of the road or street;
- Developers of roads may be asked to submit names for roads or streets. The Council may consider any submission when selecting names for streets or roads.

(There is a Chris Amon Drive at Hampton Downs, Te Kauwhata)

11 Council's plans and process for town and district signage

In response to the received submissions on Council's intention to undertake an Economic Development programme as part of the 2018-2028 Long Term Plan, a set of priorities has been agreed to by Elected Members. District and Township Branding, and Promotion will form a considerable part of this programme; noting that it is Council's intention to undertake these activities and provide each individual Community Board/Committee with an activity plan once the recruitment process has been finalised. It is expected that an update on this process will be available at the committee's next meeting.

12 Developing a Civil Defence Community Response Plan

Paul Chaffe, Council's Emergency Management Officer, will be present to outline the process for developing a Civil Defence Emergency Management Plan.

13 Update on Place-Making Activities

A verbal update will be provided at the meeting.

14 Update on the Bulls Community Centre Development

The detailed design has been finished and an application for a building consent has been submitted. Tenders have been called, with a closing date of 6 August 2018, a milestone which attracted local media interest. This means the contract should be let before the end of August 2018. The target completion time remains December 2019.

There have been discussions with Heritage New Zealand to gain an archaeological authority before the tender is awarded and estimates of costs have been provided: these could affect the price of the tendered work. This authority is needed because the site was in human occupation before 1900.

Work continues on sourcing further external funding for the project. Since the last report, the Whanganui Community Foundation has approved a grant of \$300,000 for the project. His Worship the Mayor has met with representatives of Te Puni Kokiri concerning funding to highlight Ngati Apa within the development. Arrangements have been finalised to relocate the house made available by Central House Movers – the makeover will be a significant community project. The additional resource contribution to this project by Central House Movers has been significant.

15 Update from Bulls and District Community Development Manager

A verbal update will be provided at the meeting.

16 Small Projects Grant Scheme Update

A memorandum is attached.

File ref: 3-CC-1-1

Recommendation:

That the memorandum 'Small Projects Grant Scheme Update – August 2018' be received.

During a review, Council has to continue the existing Bylaw, Council has to be satisfied the following criteria is met:

- the level of crime or disorder experienced before the bylaw was made (being crime or disorder that can be shown to have been caused or made worse by alcohol consumption in the area concerned) is likely to return to the area to which the bylaw is intended to apply if the bylaw does not continue.

If Council wishes to make changes, it needs to be satisfied the following criteria can be met:

- the bylaw can be justified as a reasonable limitation on people's rights and freedoms; and

The Committee is asked to consider whether the current Bylaw is still appropriate or requires amendment and provide feedback for Council on the criteria listed above. It is possible that the Bylaw will be adopted for public consultation before the next Committee meeting. UNESPOILT...

TO: Bulls Community Committee

FROM: Michael Hodder

DATE: 12 June 2017

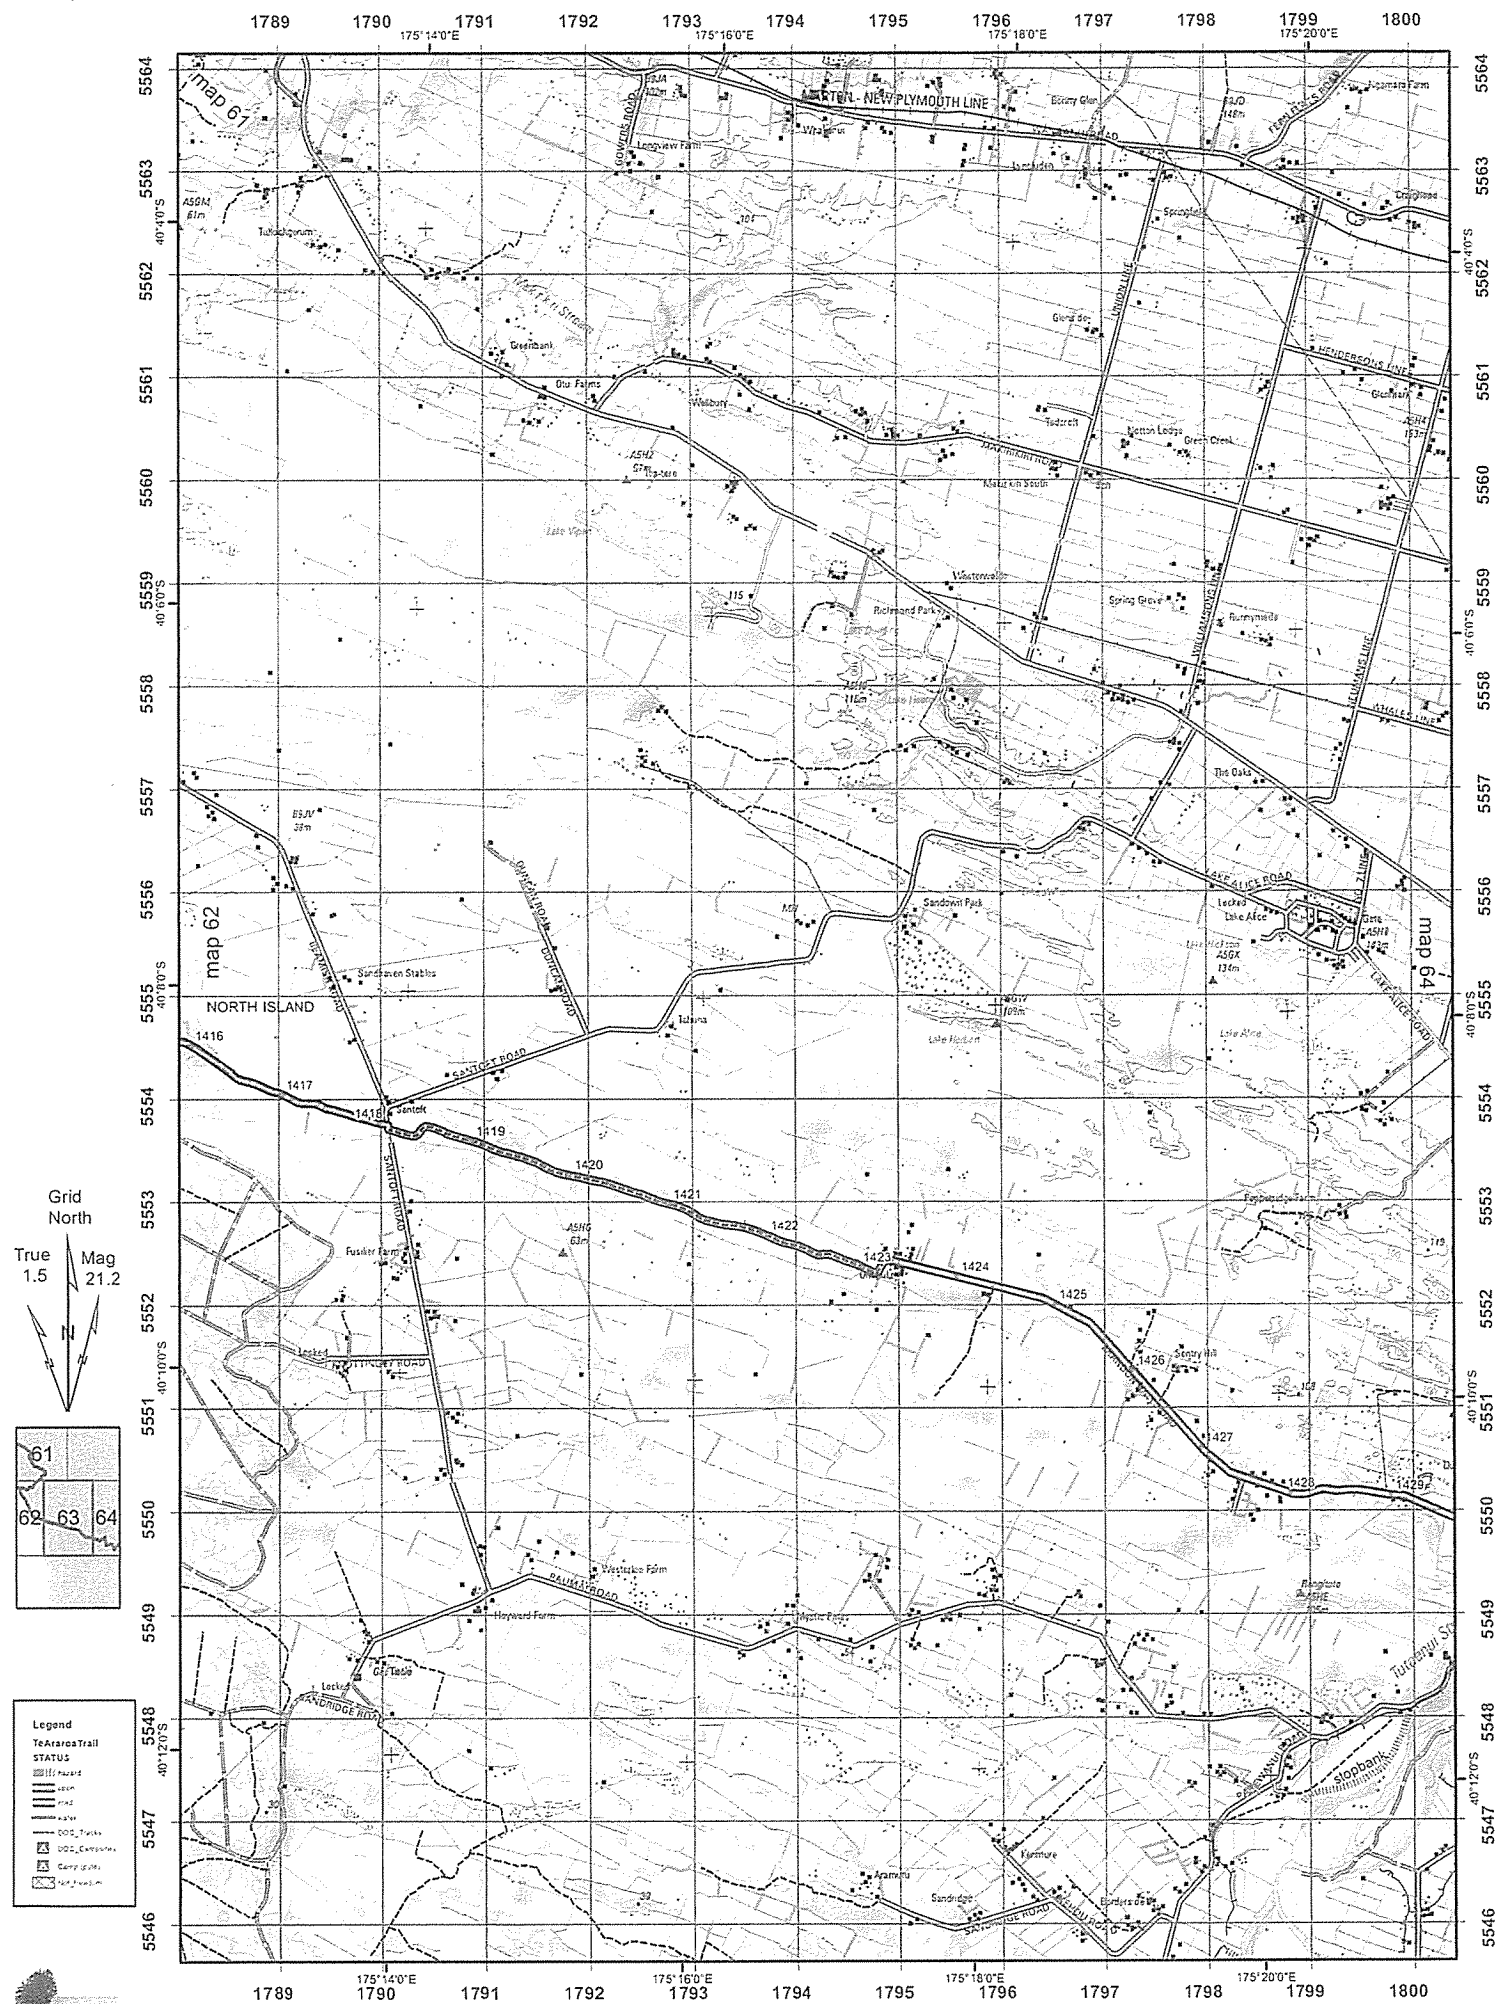

SUBJECT: **Access through Ngati Apa lands – Beamish Road to Brandon Hall Road**

FILE: 1-CO-4-7

- 1 At an earlier meeting, the Committee sought clarification about walking access along a track through lands now owned by Ngati Apa. The track is shown as an access route in map 63 issued by the Te Araroa Trust (attached)
- 2 The investigation of access through Ngati Apa's land between Beamish Road and Brandon Hall Road has found that the right of access was attached to the forestry licence issued by the Crown. That has been surrendered. There is no legal unformed road through this land, so there is no right of public access.
- 3 I have met with Ngati Apa's Group Manager, Grant Huywler. Ngati Apa is negotiating the sale of this block of land so they do not wish to grant public access through it. I have advised Te Araroa Trust's Chief Executive, asking him to amend the relevant map and commentary so that this access track is removed and the alternative route to Bulls (along Santoft – Beamish – Parewanui Roads) is shown instead.
- 4 Recommendation

However, prior to exercising the power of search, a person must be informed that they have the opportunity to promptly remove the container or vehicle from the specified public area, and be given a reasonable opportunity to do so.

In circumstances where a person so informed has removed liquor from a public area, and subsequently returns with liquor to that public area within a period when it could reasonably be deemed that the person has been informed prior to search, the police shall not be required to provide the person with a further opportunity to remove that liquor from the specified public area prior to search.

REPRESENTATION REVIEW 2018

Initial proposal for representation for the 2019 local election

PROPOSAL

Proposed number of elected members

- 11 councillors (plus the Mayor)

Proposed Wards

- *Northern* (3 elected members) – Taihape, Mangaweka, Utiku, Ohingaiti, Mataroa, Moawhango
- *Central* (5 elected members) – Marton, Hunterville
- *Southern* (3 elected members) – Scotts Ferry, Bulls, Turakina, Ratana, Koitiata, Kauangaroa

The population that each member will represent is as follows:

Ward	Population (2017 estimates)	Members	Population per member
Northern Ward	3,700	3	1,297
Central Ward	7,410	5	1,482
Southern Ward	3,890	3	1,297
Total	15,000	11	1,364

Proposed Community Boards

- *Taihape* – whole ward. With four members elected and two members appointed (rotated around the three Northern Ward councillors).
- *Ratana* – existing Ratana Community Board area. With four members elected and one member appointed (one of the Southern Ward councillors).

Background

Council is required to undertake a representation review once every six years. The review is important for ensuring effective and fair representation of the District's communities. The initial proposal includes – the number of elected members, the ward structure, community boards.

The existing structure is 11 elected members (plus the Mayor), two community boards (Taihape and Ratana), and five wards as follows:

- Bulls – 2 elected members
- Turakina – 1 elected member
- Marton – 4 elected members
- Hunterville – 1 elected member
- Taihape – 3 elected members

Council has considered a range of options and is proposing the current ward structure is changed.

Pre-consultation

During early 2018, Council undertook pre-consultation with the community to help them decide what to propose. The following issues were covered:

- Whether the Taihape community wanted to retain the Taihape Community Board.
- Whether the Ratana community wanted to retain the Ratana Community Board.
- Which option – out of the amended status quo, and a new three ward structure the community preferred.

The results showed a preference from both Taihape and Ratana for retaining their community boards (75%, 80%), but a mixed response for which ward structure option communities preferred (50% each option).

Reasons for the proposal

Council considered a wide range of proposals in developing the initial proposal and believes the proposal is the best option for effectively representing the District's communities of interest. When making a decision on the initial proposal Council was required to consider the following aspects:

- Distinct communities of interest
- The number of elected members
- The basis of election – wards, at-large (i.e. whole-of-District), mixed
- The fairness of the proposed structure
- Effectiveness of the proposed representation
- Community boards

Communities of interest

Council considered that it had the following communities of interest (*communities that have a distinct identity and experience similar issues*).

- Marton
- Bulls including Scotts Ferry
- Taihape
- Hunterville
- Western Villages - Koitiata, Ratana, Turakina, Kauangaroa, Whangaehu
- Northern Villages - Mangaweka, Moawhango, Mataroa, Pukeokahu, Utiku

Number of elected members

Given the size and diversity of the District, Council decided retain the status quo - 11 elected members (plus the Mayor).

This number has provided effective representation in the past. Additional councillors were not considered necessary to increase Council's ability to effectively represent its communities. Likewise, reducing the number of elected members was considered to have the potential to negatively affect the representation of the District's smaller communities. Reducing the number of elected members would not save money.

The basis of election – wards, at-large or mixed

A ward structure was considered as being the most effective way to ensure the District's distinct communities would be most effectively represented by elected members who could understand the unique traits and issues of each ward.

Effectiveness and fairness of the proposed 3 ward structure

Changes

The main changes from the current situation include:

- Reducing the number of wards from 5 to 3.
- Bringing the boundary of the Northern ward south.
- Combining the Marton and Hunterville communities into one ward.
- Combining the Bulls and Western communities into one ward.

Why has Council made these changes?

To represent these communities of interest fairly (as required by legislation) the wards have to have a certain ratio of elected members to the number of people they represent. For this Council (with 11 elected members) each councillor must represent between 1,228 – 1,500 residents. Given the District's changing populations it had the following effect on the status quo (5 wards):

- The Taihape Ward extended south

- The Marton Ward needed to reduce in size – with further rural properties from the Marton Ward being moved into the Hunterville and Turakina Wards.

Even under the current ward structure, there are a number of rural Marton residents whose community of interest is Marton that are located in the Hunterville Ward.

Council had significant concerns about these required changes, further fragmenting the Marton community of interest and combining them with communities which do not have similar issues, so looked at a range of different options to see whether there could be a better solution for representing the District's communities.

Of all the options considered, Council believes that the three ward structure would provide the most effective representation for the District for the following reasons:

- The communities of Marton and Hunterville are combined, but share common interests and issues. The number of elected members for the ward means that there is potential that a candidate from Hunterville could be elected to this ward.
- The proposal groups together the Bulls community of interest and the group of communities of interest in the western portion of the District. These communities do not relate to each other from a functional perspective. However, these communities have a range of common features and issues (sand country, flooding issues, are on the edge of the District and relate more with larger areas outside the District). There is the opportunity for a councillor to be elected from the western area of the District.

Community Boards

Given the pre-consultation with the Taihape and Ratana communities on retaining their boards was in favour of retaining the boards, Council has decided to retain these community boards in their initial proposal. No additional community boards have been proposed.

RUBBISH AND RECYCLING GROUP OF ACTIVITIES 2017/18

Jun-18

Major programmes of work outlined in the LTP/Annual Plan 2017/18

What are they:	Targets	Progress to date	Work planned for next three months
Review the Waste Management and Minimisation Plan	This must be complete by 30 June 2018: Waste Management Act, section 50. Consultation will coincide with that undertaken for the 2018-28 Long Term Plan. The waste assessment (prescribed under section 51 of the WMA) must be complete before that review starts. Ideally, this work entails an analysis of all waste streams. However, as all kerb-side collection of waste in the District is done by private contractors, access to information about the characteristics of this waste is unlikely. This means the analysis is confirmed to waste taken to the waste transfer stations. Budget Waste takes its waste direct to the landfill.	Draft WMMP consulted on. Council deferred decision on initiatives	Price various initiatives for future consultation October 2018
Waste minimisation	Waste Education NZ visits.	Marton School, Mangaweka, Bulls and Mataroa schools	Positive feedback from schools participating in lessons. Note: Participation in Waste Education program is optional
	Horizons Enviroschools programme.	Kumara cluster workshop	Participation in programme - optional

New reservoir to be minimum 900m ³ , preferably 1200m ³ , with new access track on legal title. Seismic assessment of mushroom indicates \$300-\$400k of strengthening work required. Money available will depend on cost of new reservoir and a requirement for the mushroom to remain as a feature of Bulls. Annual Plan budget - renewals to reservoirs and lift pumps (\$757,000 for seismic strengthening). Physical works (\$933k) deferred to 17/18 as part of revised 16/17 budget allocation	(1) Investigation underway, in discussions with landowner for reservoir, Access and easements required.
