

Bulls & Districts Historical Society (Inc)

81 High Street, Bulls. 4818. New Zealand.

5th December 2019

The Chairman,
Bulls Community Council
Bulls

The Bulls and Districts Historical Society have received the confirmation of the Blue Cross award to be presented at the Bess memorial next ANZAC day.

This award is given in recognition to the animals who served in the wars.

Ceaser, the bulldog, was awarded earlier this at a ceremony in Waiouru and this will be New Zealand's second such award. There are only two in Australia at this present time.

We have a meeting next Wednesday morning at the Bulls Museum with New Zealand's ambassador for this association, Bruce Page, to update those interested parties to facilitate the procedure next ANZAC day.

This is a wonderful event for the Rangitikei as it will involve many media and other interested personnel coming into the area.

This letter is a "heads up" so to speak and informing this committee and hoping for a positive response of support towards this event.

Régards,

Helen Cooper
