Hon David Parker
Minister for the Environment

Hon Nanaia Mahuta Minister of Local Government

Hon Damien O'Connor Minister of Agriculture

Parliament Buildings Molesworth Street Wellington 6011

By email: consultation.freshwater@mfe.govt.nz

Dear Minister

Proposed national direction or freshwater

Thank you for the opportunity to submit on the discussion document 'Action for healthy waterways' and the proposed National Environmental Standards for Freshwater.

The Rangitīkei District Council appreciates that this a complex issue which affects everyone. As a district whose economy is driven by agriculture, we are mindful that many of the proposal impact directly on the farming sector, and we hope that the Government gives careful attention to the concerns and potential solutions conveyed by the sector. The costs noted in section 10 of the discussion paper are substantial. If land is to cease being in productive use, a transition package is essential for those people losing their livelihoods as well as how such land is to be managed in future and how those costs are to be met.

In principle, Council supports the proposals in section 6 (drinking water) for more consistent management of source waters such as rivers, lakes and groundwater, and including this is regulation. However, it is unclear whether this is to apply to rural, non-potable supplies, which are not treated. We consider that this exclusion should be made specific.

Council also supports the proposals in section 7 (stormwater and wastewater), in particular the preparation of risk management plans which consider environmental, public health, property and social/cultural risks and having nationally consistent measures. However, with

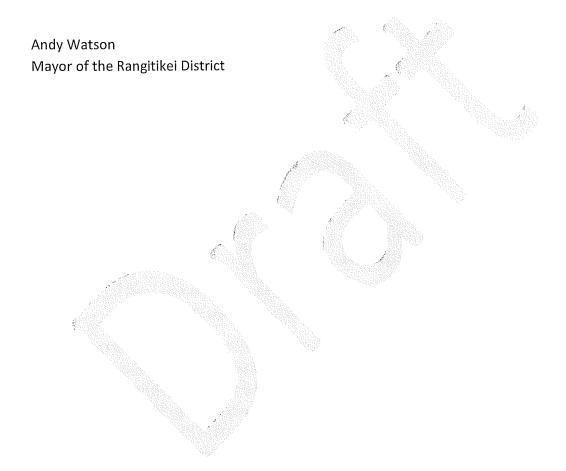

TABLED DOCUMENT

on 10 October 2019

the latter we suggest much stronger engagement with the sector than was done with the current set of mandatory measures for stormwater and wastewater.

I hope these comments are useful.

Yours sincerely

Community Initiatives Fund

Hunterville Squash Racquets Club Incorporated

Hunterville Squash Club

TABLED DOCUMENT

Tabled at Council

on 10 October 2019 - Hew 13

Our aim is to continue to provide the Hunterville Squash Racquet Club facility to all members of the Hunterville community and the wider Rangitikei district, we also run a Junior programme which receive coaching from volunteers within the squash club member base. We are asking for council support to help keep the courts maintained and open for future players to benefit from and to be a recreational hub where everyone is welcome.

Bulls & District Community Trust

Bulls Annual Christmas Parade

The Bulls Christmas parade is a combined community event to celebrate the festive season, co-produced by the Bulls Volunteer Fire Brigade and volunteers for the last 5 years. The success of this event is shown with community participation and collaboration, with 450 attending approximately.

St. Andrews Presbyterian Church Marton

Skate Ministry Marton

We are looking for skateboards, materials to build skate ramps and a trailer to store and transport them. The purpose of these ramps will be to set these up in another location as we have seen how the skate park can become very dangerous while wet. After consultation with the woodwork teacher at the college they have offered to build the ramps which will enable those helping to gain NCEA credits.

1st Marton Scout Group

Purchase a trailer with cage

Since our previous group leader used his own we no longer have access to one. We would use it to collect items from around our community for our annual garage sale, pine cone collection, and Rotary with their annual Christmas tree collections, as well as other off site activities.

Parent to Parent Manawatu

2nd Generation Workshop

We request support to host a 2nd Generation Workshop in Manawatu supporting participants from Rangitikei. The workshop is about bringing together adult siblings, parents, or other whānau and facilitating intergenerational conversations for what will happen when parents or other carers are unable to support the disabled person anymore.

Taihape Older and Bolder

Taihape Older and Bolder Newsletter

This newsletter is produced every 6 weeks to inform the membership about what's on and what's coming up, this could be trips, workshops and other information that is relevant to this age group (55+). Hardcopy is the preferred format, as most of the membership doesn't use computers.

Bulls Toy Library Incorporated

Board Games and toy replenishment

The Bulls Toy Library has grown at a rapid rate this year. We are in desperate need of more toys to put on our shelves. We would like to introduce board games for both parents and children into our library. The Bulls Toy Library is going from strength to strength but relies heavily on funding to be able to continue this success.

Clifton School

Community defibrillator

Clifton School would like to purchase a Zoll AED Plus defibrillator to be situated on the school grounds and be accessible 24/7. The defibrillator will be accessible to all members of the community at any time, day or night. There are currently three defibrillators located in the Bulls Township, with only one that is available 24/7.

Marton & Surrounds ICT Hub Charitable Trust

Marton, Ratana & Hunterville Computer Hubs

Our priority are the digital disadvantaged ie the rural and isolated, young, older, low income, Maori and Pacifica. We would like the RDC's assistance mostly with Ratana expenses ie rent, power and broadband (with amounts consistent with last year) and any other items in our budget that meet your criteria.

Project Marton Incorporated

Community Garden Workshops

We are looking to deliver regular, educational workshops throughout the year. Our events are free to ensure there is no financial barrier to any people wishing to attend. To successfully achieve these we need to employ someone to prepare, plan and deliver every aspect of the events, including bringing in experts in the various fields when required.

TABLED DOCUMENT

on 10 October 2019 - tem14

Events Sponsorship Scheme Summary

Hunterville Huntaway Festival

The 22nd The Hunterville Huntaway Festival, attracting between 4000-5000. Targeted as a family day with free entertainment, fun and shopping, the streets lined with stalls. The event includes several races: the Shepherds Shemozzle, shepherds complete a course alongside their dogs The Children's Shemozzle, Teens Shemozzle, Family Shemozzle race, mini dog trial, Shearing Contractors challenge. The day finishes with a bar and evening entertainment.

The Highland Games

An annual event that includes solo piping, Highland drumming, dancing, pipe bands, traditional Scottish field events, Scottish themed children's games along with market stalls, demonstrations and a "Have a Go" area, a massed bands display, a traditional Haggis Ceremony. A Ceilidh band plays into the evening. This is a family focused event with entertainment and activities for all ages. There is a small gate charge.

The Marton Country Music Festival

The weekend long country music event was created 15 years ago, targeting all ages. Local performers share the stage with established national and international recording artists. Marton shop owners support the festival setting up country music themed window displays, along with a busking competitions held downtown. This festival is now one of the largest outdoor country music festivals in the country bringing in excess of 2000 people over the three days.

150th Anniversary of the naming of Marton

The event is to commemorate the 150th Anniversary of the day that Marton was named Marton. A community event. The museum will be open and there will be displays in and around the Memorial Hall. It will be a Historical Community Event.

Pedal for Pleasure

A family friendly, noncompetitive bicycle ride over 3 different distances and courses (15, 40 and 80km). The event coincides with Harvest Festival. The event is advertised locally and nationally and we are attracting a greater number of out of district visitors each year. The event has been run 3 times now and the first two years attracted about 100 riders, and last year attracted 170.

2019 Taihape Christmas Parade

The annual Taihape Christmas Parade includes 20+ floats participate annually in the parade. An all age event that helps promote towns business, organisations, schools and community. New additions for 2019 include a community band and pop-up entertainment points around the town after the parade.

Rangitikei Area Distance Riders Fundraiser Event (for Marton Volunteer Fire Brigade)

The 5th Annual Fundraiser Event, which for the past 4 years have hosted a fundraiser for Marton School (raising over \$11,000). This year for the first time we will be fundraising for Marton Volunteer Fire Brigade but the format of the event remains the same (all profits being directly donated to the Marton Volunteer Fire Brigade). The event held will be a Competitive Trail Ride (CTR) which an optimum time competition over farmland. The event is always well supported by our riders, and is our club's way of giving back to the local community.

Hunterville School 2020 Musical Production

Every second year Hunterville Consolidated School puts on musical which involves every child around 170 children - from year 1 through to year 8, and a number of people in our community. The children benefit by gaining experience in acting, drama, music, and production. The audience includes parents and other family

members, members of the community, other schools and the local play centre. The event is ticketed at a low cost. We do our best to keep ticket prices to a minimum so that cost is not a barrier for people wanting to come and watch. Quotes for the 2020 production were unavailable but attached were the schools GL printouts from the 2018 show expenses. The budget for next years show is based on this.

Bulls Volunteer Fire Brigade

Celebrating 75 years of Bulls Volunteer Fire Brigade for past and present serving members of the Bulls Volunteer Fire Brigade and other community groups eg; St Johns and Police. Planned is a meet and greet on Friday evening renewing friendships and camaraderie with past members. The parade will include presentations and a parade of Fire service appliances from other fire brigades, with an evening event. A church service and lunch on Sunday to conclude the jubilee proceedings. The expectation is that the whole of the Bulls and surrounding districts will partake increasing interest into becoming members of the Bulls Fire Brigade.

Saint Joseph's School Production ineligible - The event fell outside the timeframe for this grant round.

What Matters To You Day - Older and Bolder

This event is about informing our community on what Health and Social services are available, all organisations that serve the district are invited to have a stall. The event is open everyone. Older and Bolder will work with Heartlands/Work & Income and Healthy Families, and are exploring making the event weekend long. The expectations of stallholders is that they are to be proactive at the event, getting the people to them instead of waiting behind their tables and handing clients pamphlets. The event includes speakers and aims to better-inform the community and co-design solutions to issues.

Rangitikei Shearing Sports - Marton Show

2020 will be the 57th annual shearing competition and free spectators event. The event showcases local farmers who provide the sheep and local business Skou Transport, transporting the sheep. The event is part of a national circuit, getting the best in NZ and the world with 5 grades for shearers and 4 for wool handlers. The open final has 6 of the best shearers in the world, shearing 20 sheep. Last year the prizemoney increased to \$10,000 (going to 12th place), entries were 30% up on the previous year as a result, especially the novice and junior grades. Seeking RDC to contribute to the cartage bill usually about \$5,000.

Taihape Area Dressage Group

An annual Championship and a "Horse of the Year" qualifier event, attracting horses and riders from the North Island to gain points for the final of the series in March. This is an important part of the circuit. Local riders are given a chance to compete at a high level without travelling and gives the local pony club a chance to help or compete at an important event. The visitors to the town create economic benefit. Open to spectators of all ages to see horses compete up to Olympic standard.

Taihape A and P Show

A Taihape event for the past 108 Years, the only surviving A and P Show in the district, catering to all the community. The event includes Woodchopping and World-Class shearing events, Industries and various displays and stallholders. This year introduced several new games such as the Taihape Honda-Trump Blow-Hard game, Paperplus Hobby Horse racing, The Taihape Big Dig, and a Petting Zoo. All new events were free. The entry fee of \$5 included entry into a raffle (for those16 years+). We have new games to add to this for 2020. This year was the first year that there was a profit and increased attendance.

Richard	recommended	The idea behind this application is very good as it involves numerous members of the Marton Community of various ages. The budget shows no other forms of funding than the applicant and shows a significant loss even if the CIF funding requested is given. The project description explains about skateboard ramps but the budget is half made up by the purchase of a trailer and tarp which I assume is to move the ramps about. Is the trailer considered a capital item? The skate park has has huge funding spent on it already but the pastoral care offered by the applicant is a worthy cause. I recommend some support for this project be considered but believe some further fund raising from with the community who might use these and perhaps business would make the budget more acceptable	\$ 1,000	o o	\$ 1,000

The general maximum for CIF is \$2500. The application has been made with the idea of budgeted assistance to the Ratana area of which totals more than \$10000 00. As this is a very expensive project to provide I have recommended a suggested assistance above the \$2500.00 figure but also assume the RDC provides some assistance elsewhere. Hence I have suggested a lower figure than requested	requested: \$2500 Amount recommended \$ 2,000 \$ 1,500 \$ 2,500 Amount requested: \$6000 Amount recommended \$ 4,000	Average \$ 2,000	requested: \$2500 Amount recommended \$ 2,000 \$ 1,500 \$ 2,500 Amount requested: \$6000 Amount recommended \$ 2,500	Average \$ 2,000 Average
Laurel Richard Michelle Assessor Laurel	recommended recommended Recommended recommended	Comments Good community item to have. Asking for most of the costs so need to contribute a bit more themselves. Another item that could get money from other grant makers This is an application worthy of consideration. The budget shows break even but this is including the assistance applied for through this CIF. There are 2 defibrillators available apparently on Bulls already but the school has a high after hours use on top of a busy school day. The School BOT are to put funds in to purchase the cabinet but have not budgeted for any other donations/sponsorship which would be worthwhile even if small from the outside users or local businesses. I recommend some support. I understand why they want to do this as only one DEFIB available 24/7 in Bulls. Talhape Community Board has just gone thru this process so the only question that we were asked that I will ask, is what is the plan to maintance this device? Marton & Surrounds ICT Hub Marton, Ratana & Hunterville Computer Clubs Comments Amount recommended would cover Ratana costs This is an organisation that has and needs ongoing support. This type of service is expensive to produce and returns little way of revenue. The Budget provided compared to the attached budget show a difference in Grants predicted and likely to be obtained. The Application Budget shows a small profit of \$690.00. I do not know if this organisation provides this service in Talhape or Bulls or Turakina which would be good unless another provides this or users have the ability to easily use, those provided elsewhere. Laurel		Learning self sufficiency is a good skill for many in our community especially those on lower incomes. Knowing how to get started is important and this is a great place to learn	\$ 5,000	\$ 3,333	\$ 2,500	\$ 2,000
	recommended	knowing now to get started is important and this is a great place to learn	y 5,000	7	-	
Richard		This is a project worthy of consideration. The budget however shows a sizable loss as a ratio of income, even with some un-detailed other sponsorship (\$5000,00) and before any funding from the CIF. No funding has been offered by the Organisation if it has that ability. Most expenditure is on wages or cost of obtaining speakers to run the workshops. Some funding is from Plant/Produce sales which often Community Gardens do not make an income from, as they are available to the needy free of charge. The Project outcomes Targets #2 and #3 are basically the same (Increased participation). There must be some previous work at the Gardens and in the application it would have been good to know previous numbers and what has been done to date to promote and educate those who have				
		participated. It is a worthy cause which I have recommended, but a little hard to justify the asked for				1
	recommended	assistance. I think the budget may need to be reviewed a little to make it fly	\$ 1,000		\$ 1,000	
Michelle		Another great group everything is in the application. Like the idea of 11 workshops thruout the year, with no financial barrier for anyone to attend. I myself keep undated with this community garden via the Project Marton Facebook page. Look forward to outcomes and numbers and the end of the

lichelle	highly recommended	Got the right round of funding. Not provided quotes but information from the previous yea's production. All costs seem fair and reasonable have compared to another school production. These shows are always well attended no matter what school is putting them on.	٠	4.000				
		Note. I have been a member of the Hunterville Board of Trustees at this school until recently (June 2019)when I did not stand for re-election. There should be no conflict of interest as I have no longer any financial or governance role at this school. This application is for what is regularly a very highly regarded production that does not show a profit. It is run every second year. The School has in the past covered the balance outstanding. It can be hard for schools in smaller communities to obtain sponsorship from with in the area. The small community of Hunterville totally comes together for this production to make it happen. There is a large part of the cost is to fund the Director and the cost of the use of the show. This is a worthy event. Schools are able to get Performing Arts sponsorship from a number of sources local and national and obtain funding by using naming rights. Perhaps these be investigated. The date set is fluid about month of August 2020 so perhaps another application closer to this time may be more suitable	\$	4,000	\$ 2,000		<u>,500 </u>	\$ 1,5
	recommended	Other sources of funding should be explored. A great community project but very expensive	\$	1,000 3,000		\$ 1, \$ 2,

Assessor	recommended	comments	recommende		nded	average
Michelle	conflict			\$ 1,12	.5	\$ 1,125

Richard	recommended	This is a long running organisation and a popular event of multiple stalls and activities many run free of charge. The budget shows one income figure. 2019 statement shows income of \$3000 in gate taking alone. Other income such as sponsorship from local/national business has not been shown if any. Some ESS assistance has been given in the past but it should not be relied on. I recommend some assistance	\$	1,000	\$ 1,000	
Laurel	recommended	The budget is incomplete. Some sources of funding (stall holder fees, other proposed grant applications etc) have not been put into the budget. Last year a profit of nearly \$5,000 was made. This should be carried forward to this years event. This is a very long running event which deserves some support	Ś	2,000	\$ 2,000	
Raewyn	recommended	Much of this application is requesting cover for advertising. If sponsorship was sought through local organisations and an article given to papers their advertising costs would be greatly reduced.	\$	1,500	\$ 1,500	
Wendy	no	The event appears to run at a significant loss and the amount requested would still not cover the expenditure. Therefore consideration for the event to take place needs to be thought through	\$	-	\$ -	

Community Initiatives Fund

Round 1 will open 24 July 2019

Round 1 of the 2019/20 year will open 24 July, with the consideration meeting to be held on 26

This is a Council fund intended to support community-based projects in the Rangitikei district to cohesion and community resilience. The fund is awarded by the Finance / Performance Commit

Applications are open to groups (not individuals) whose projects show benefit in one of the folk

- Community service and support
- Leisure promotion
- Heritage and environment.

Applications are open to local groups as well as those from outside the Rangitikei, however, cleamust be demonstrated. An example is a community support group for diabetes sufferers.

Grants will usually be up to a maximum of \$2,500 for any project in any one financial year.

There are two funding rounds per year, the first round will open soon.

Eligibility criteria: Cif Applicant Eligibility Criteria

You can access the application form here:

ngitikei Grants Application

This is now an online application process. If you need assistance completing your form, please of Eurther information for the fund and the scheme are available by:

- visiting the Council's offices at 46 High Street, Marton or 92 Hautapu Street, Taihape
- phoning the Council on 0800 422 522 or emailing info@rangitikei.govt.nz

Subject: Haylock Park and area

Good Day Councillor,

I wish to state our families' position against the sale of land adjacent to and including Haylock Park.

The park and adjacent farm land outlook was a major decision in the purchase of our house, 9 Walker Crescent, for the following reasons:

- > As the end of a quiet cul-de-sac this meant minimal traffic for child safety and peaceful living.
- > The view across farmland and trees was pleasing, I did not want to be boxed into suburbia, rejecting similar properties in Fielding for that reason. To view built up houses from our kitchen and dining room will be an eyesore by comparison.
- > The quiet park is great for sports, dog walking and picnics. It is also not a busy thorough-fare so strangers are minimal.
- > The other members of Walker Crescent are young families and a peaceful retired veteran, again very quiet close community.
- Children of surrounding neighbourhoods regularly visit to feed and pat sheep, horses and goats in the paddocks next to the park. From an educational point it is well used.

The decision to purchase our family home in this location was a major factor due to the cul-de-sac nature and farm outlook. This will be negated by building out the area, and the petition that Mr Dear introduced was the first input we had had on the matter. It seems the initial stages of this plan were carried out in an underhanded manner and not openly explained, especially with the town members such as us directly affected. Looking at his results we are not the only ones that feel this way.

I am no politician but the development of the land goes against our families' reason for buying property in Bulls.

Thank you for your time,

Gene Angus 9 Walker Crescent 027 3083421
