Subject: Taihape Amenities building

To whom it may concern,

I am writing as a member of the newly formed Taihape Playground group to express an interest in the location of new toilets in the memorial park area. After some community consultation, we feel that the best place for a new playground would be adjacent to the grandstand and towards the Area School. Many parents have expressed concern about where future toilets may be located, and we feel that a close proximity to the proposed playground would be essential. Therefore we support the toilets being located next to the grandstand.

Thank you for your consideration on this matter,
Charlotte Oswald
