<b>Which fees/charges do you think should be decreased?</b>	
I submit that fees/charges to Not-For-Profit groups be maintained (or decreased) at the current rate. Local NFPs are small groups with <sup>very</sup> limited funding and increasing venue charges would result in hardship for reduction in the ability of such groups being able to meet or put on events.

<b>Fees/charges to increase</b>	
<b>Fees/charges to decrease</b>	The proposed General Rate and Roding District rates for 2021/22 need to be decreased. For Matuku Land Co Ltd (Valuation 1335022600), there is a 22.5% overall proposed increase in rates. This is an unacceptably large increase. See the attachment.
<b>Comments</b>	The allocation of the 'rate' to the property appears to be wrong. The result of this 'rate' is inconsistent with information provided and available on the RDC website. Page 49 of the Framing our Future indicates that 'Rural' rates will increase by 6.95% (\$20.00 per week which equates to \$1,040.00 per annum). Matuku Land Co is being subject to a proposed 22.5% increase (\$2,645.57 per annum). This is approx 3.2 times what the document indicates the percentage increase will be. This inequity needs to be rectified.
