REPORT

SUBJECT: **Creative Communities Scheme Applications May 2021**

TO: Creative New Zealand Funding Assessment Committee

FROM: Ash Garstang, Governance Administrator

DATE: 21 May 2021

FILE: 3-GF-3-2

1 Executive Summary

- 1.1 The Creative Communities Scheme is a relationship between Creative New Zealand and local authorities, which supports opportunities for New Zealanders to participate in the arts in their local area. Each local authority has an assessment panel that represents its community, with these panels making the funding decisions.
- 1.2 This report outlines the Creative Communities (Creative New Zealand) Funding Scheme, and presents the applications received for this funding round for the Funding Assessment Committee to consider.
- 1.3 Six applicants have requested a total of \$20,251.10, the amount requested is less than the available amount of \$32,096.13.

2 Background

- 2.1 The purpose of the Creative Communities Scheme is to increase participation in the arts at the local level and to increase the range and diversity of arts available to communities. Creative New Zealand sets criteria for funding which are listed later in this report.
- 2.2 In 2005, the Council agreed to delegate the identification of local priorities for the Scheme to the Funding Assessment Committee. The local priorities were reviewed and confirmed by the Committee at its meeting in September 2013.
- 2.3 Creative New Zealand require all territorial authorities participating in the Creative Communities scheme to hold a minimum of two and a maximum of four funding rounds each year. Rangitikei District Council holds two funding rounds per annum. This is the final application round for the 2020/21 year.
- 2.4 The availability of these grants was advertised in local newspapers (in the District Monitor, Feilding-Rangitikei Herald and Wanganui Chronicle) and was notified on the Council's website and Facebook page. An email advising the committee members as well as the schools in the district was also circulated.

An agenda item and poster to advertise the grant was included in all of the community committee and board meetings.

3 Application process and criteria

3.1 The scheme is administered via online platform Smartygrants. All applications are submitted, pre-qualified for eligibility and assessed prior to this meeting.

3.2 The Scheme has three criteria for assessing applications and allocating funding. Projects should meet at least one of these criteria:

- **Broad Community involvement:** The project will create opportunities for local communities to engage with and participate in the arts.
- **Diversity:** the project will support the diverse arts and cultural traditions of local communities, enriching and promoting their uniqueness and cultural diversity.
- **Young people:** the project will enable and encourage young people (under 18 years) to engage with and actively participate in the arts.

3.3 The Creative Communities Committee have further decided to prioritise projects which:

- **Encourage the transfer of skills**
- **Develop and support a local artistic community**
- **Demonstrate growth over time**

3.4 Creative New Zealand states in its Administrators Guide that *“...one of the greatest strengths of the Creative Communities Scheme is that these funding criteria are broad and flexible, allowing assessment committees to make decisions that take into account the local context. Committees are encouraged to apply the funding criteria according to the community arts needs within their own local council’s area”*.

3.5 Activities that may be funded include:

- Exhibitions, art festivals/events
- Workshops/wananga
- Performances
- Rehearsals
- Art creation
- New artworks such as tukutuku, whakairo, whariki and kowhaiwhai for marae projects

3.6 The annual amount available to Rangitikei District from Creative New Zealand is \$24,090 plus GST.

3.7 On 15 June 2020, Creative New Zealand acknowledged that due to COVID-19-related restrictions and uncertainties, it was difficult for administrators to deliver Creative Communities Scheme funding rounds and for applicants to commit to projects in the near future. In recognition of these circumstances, Creative New Zealand confirmed that any unspent funds from the 2019/20 year were to be carried into the 2020/21 financial year. Rangitikei District Council had an unused balance of \$8,400.22.

3.8 On 18 November 2020, as part of Creative New Zealand’s COVID-19 Phase 2 Response Plan, they allocated additional funding of \$5,500.76 to Rangitikei District Council, specifically to address COVID-19 related gaps at the local level.

3.9 The total allocation available for round 2, 2020/21 year is \$32,096.13.

4 Applications received

4.1 Six applications have been received to meet the closing deadline for this funding round, with opportunities to provide further information to pass pre-assessment.

4.2 The applications are to be assessed separately by each assessor via Smarty Grants, with a deliberation meeting to be held with the committee to make the final decision.

4.3 One applicant has received Creative Communities grants in the past, project reports have been received from the applicant, making them eligible to apply for further funding.

4.4 One applicant has applied for funding via one of Councils funding schemes for the same project, however they have sought funding for different aspects of the project. The criteria under the Creative Communities Scheme states that an applicant cannot apply for funding under another Creative New Zealand arts funding programme. Therefore, the applicant is eligible to apply for funding from the Creative Communities Scheme.

4.5 Three applications have been requested to provide updated information, with two attached at [Appendix 1](#), and one to be tabled at the meeting.

5 Assessing applications

5.1 All New Zealanders are eligible to apply to the Creative Communities Scheme (Creative New Zealand), either as individuals or groups. In principle, the Creative Communities Scheme offers support for *projects* rather than support for *individuals*. All applications are assessed according to the merit of the project based on the Creative Communities Scheme criteria and to be considered all applications must identify the benefits of the proposed project to the local community.

5.2 Assessors have been asked to assess each application prior to this meeting. These assessments are by no means binding: on several occasions, committee members change their mind about an application as the process goes forward. However, it can be useful to highlight where there is clear consensus amongst committee members about a particular application.

5.3 Creative New Zealand advises that “It is preferable to adequately support the best applications to ensure that they have a good chance of success”.

6 Project Report Forms

6.1 Project report forms are required from all successful applicants within two months of the completion of the project and certainly before further grants can be awarded. Project Report Forms for the 2019/20 and 2020/21 funding rounds have been received from:

- Bulls Volunteer Fire Brigade - Bulls Volunteer Fire Brigade 75th Jubilee Book
- 1000 Poppies For Marton Park Project - 1000 Poppies For Marton Park Project
- Bulls and District Community Trust – Art 4 Arts Sake Exhibition
- Turakina Caledonian Society Inc - 157th Turakina Highland Games

6.2 These are attached as Appendix 2.

7 Recommendations:

7.1 That the report 'Creative Communities Applications May 2021' to the Creative New Zealand Funding Assessment Committee 3 June 2021 be received.

7.2 That the Creative New Zealand Funding Assessment Committee approve/decline the applications, listed below, on behalf of the Creative Community Scheme (Creative New Zealand), and disburse the funds to successful applicants:

Thank you for your email regarding this exhibition.

At our committee meeting tonight we agreed that Te Whatu Raranga o Highbury Weavers would again support this kaupapa. We will offer one morning and one afternoon workshop on Saturday, 9 October and one morning workshop on Sunday, 10 October.

Also, could we also set up a display as we did last year and in the same position. We would do this on whatever day is scheduled for set up and pack down on 10 October.

We would propose a fee of \$300.00.

Look forward to hearing from you.

I believe the Marton School Production lies beyond the school curriculum. While, our children learn techniques and skills that are within the Arts Curriculum in their classroom programme, this experience with the element of public **performance** to our school and wider Marton community takes it to another level. In particular, the curriculum does not include this element of public performance.
Thank you for considering our application.

FOREWORD

This year marks the 75th anniversary of the Bulls Volunteer Fire Brigade.

For 75 years the men and women of the brigade have freely given up their time and energy to train, to run the brigade, and to answer calls for help in our community at all hours of the day and night.

It's not just the brigade members who make sacrifices – brigade families are all very familiar with callouts in the middle of family events.

Many employers in our community support the brigade by allowing their staff to down tools and run whenever the pager goes off. There are also members who are self employed and attend call outs at their own cost.

The fire brigade supports our community, but our community supports us back. Nothing beats home baking at the station on our return from putting out a fire for several days, or a pot of soup after a callout on a frosty night.

We're grateful for the support we receive from our local service clubs and others who raise funds to buy extra equipment. And in this 75th year, we're grateful for the support of the Earle Creativity Trust, Pub Charity and Rangitikei District Council for supporting this book.

For me personally, the brigade has been a way of life. My father Bill joined in 1952, and served as a Chief Fire Officer for almost 30 years. I've been part of the brigade since 1969, and my brother had also served.

Over the past 75 years the role of the Bulls Volunteer Fire Brigade has changed, we do a lot more than putting out fires now. This book showcases our essential role and the journey we have been on.

A car fire is usually attacked with foam.

Tim Whitehouse gets tied in knots during rope rescue training.

Unsafe electric blankets are the cause of too many fires.

This 2012 truck crash at the Bulls RSA was sadly a fatality.

This home in Hudson Ave was seriously damaged by fire.

In November a horse float tangled with the LPG pump at the Mobil service station. This required isolating the pump to prevent leaks, getting the horse out of the float and secured, and using airbags and a hydraulic pump to lift the float off the pump.

A call to a smell of smoke in a house was noted as "resident baking bread". There was no comment on what happened to the bread.

Despite some very big calls through the year, the number was down with only 96 recorded.

The 2009 fire at The Manor Cafe near Sanson was spectacular and challenging.

Dealing with a bomb threat at Overlands meat processing plant in 2009 was a new challenge for the brigade.

The year got off to a sobering start when a air crash at Raumai Road. Ohakea Squad killed when his CT-4 aircraft crashed during a few days later they were called out to assist at Bulls Bridge, but sadly the young man died.

In August a spill of offal almost 1km long presented a messy and smelly cleanup job.

A storm in early September kept the brigade flooding assistance in one afternoon.

The brigade and the Bulls Lions Club completed a project.

Plenty of other calls to property and vehicle and medical assists brought the callout to a close.

This was a very successful event, the Art looked fabulous in the new Town Hall and brought visitors from far and wide to witness such a variety of talent hanging in one place. The art was very diverse and ranged from hand blown glass plates to mosaic sculptures.

The flax weaving done by the lovely Highybury Weavers was very informative and a great learning experience, everyone walked away with a new or retaught skill and some beautiful roses.

Some feedback from our many visitors:

"Great range of work, good to see, hope its a yearly event"

"Surprised to realize so many local artists, beautifully set up and stunning new centre"

"Very relaxed atmosphere, really exciting gifts from the contributors in this gallery. Excellent"

"Fantastic set up - art work inspirational and new building amazing"

"Good to see children's art included"

Next time we must have a better sign promoting the exhibition out side the building or on

the corner of Criterion and Bridge street, we missed many visitors because they did not know it was on.

We will definitely be holding this again!!! and hope you can continue to support the wonderful event

How did your project deliver to the criteria that you selected: Participation and access, diversity or young people? (If you require more information about these criteria please refer to the CCS Application Guide) *

The Art 4 Arts Sake Exhibition gave residents the opportunity to share their amazing talents and enjoy other peoples. With no age restrictions we celebrated art from 5 years to over 70-year olds including hand sculptured wood work. Our volunteers did 3 hour shifts in the gallery, many wanted to do another shift because they enjoyed chatting with fellow artists and visitors about their passion for art, it was so enjoyable for them.

The weaving workshop had 20 attendees over two days, some had never weaved before, others wanted to refresh their memory, everyone loved it and asked when we will be holding more. We had people from the age of 8 up to 70 plus, all working together to make these beautiful flowers.

In 2021 we are bringing back the Wear-a-bull arts, both events bring people to Bulls and the greater Rangitikei which is fantastic.

The day ran extremely well with a huge increase in the number of younger Highland Dancers a highlight. This did bring some challenges when it was realised that we would not have time to run all the events on the two dancing stages. This was over come by adding a third stage and an additional dancing judge. With the events for the young dancers being held on this additional stage in the large marquee.

With this in mind, we plan to hire a larger marquee for next year to accommodate this set up. It was a little cramped inside this year while the dancing was happening.

The afternoon pipe band competition is drawing bigger crowds of spectators which is also pleasing to see.

The "Have a Go" area was moved to the smaller marquee which still worked very well with a number of mainly youngsters this year coming to try out some drumming. Unfortunately it was felt that due to the pandemic it would not be prudent to have bagpipes/chanters in the Have a Go.

We had one last minute withdrawal of a piping judge who was a contact of a Covid case in the upper north island. Fortunately we were able to find a suitably qualified replacement at

the last minute.

How did your project deliver to the criteria that you selected: Participation and access, diversity or young people? (If you require more information about these criteria please refer to the CCS Application Guide) *

Diversity:

We had many visitors from all over New Zealand, as far south as Invercargill and north to Waipu. With a group of young pipers driving down from Auckland to compete. The age of competitors and spectators ranged from the very young to much more mature. Many families of multiple generations attended to celebrate their Scottish heritage, both to watch and take part in the many events happening all through the day. It was wonderful to see grandparents introducing very young family members to an event they have been attending since they were the same age and to see old friends meeting up.

Local community members and groups joined together to help run a very successful event and to use it to do some fundraising. Everyone worked well together and enjoyed the day.

Certification and Feedback

Have you experienced any issues with your intended project budget to date? If so, please explain reasons for any major variances or for providing incomplete information:

We made more use of digital technology this year. The website was rebuilt and meant that we were able to accept entries on-line and entry fees were paid using on-line banking. We also sent gate passes via email. The introduction of these processes reduced some administration costs.

The larger than expected number of spectators has lead to a pleasing profit this year.

Welcome to the 156th Turakina Highland Games!

Ceud Mille Fait and a hundred thousand welcomes.

On behalf of the Turakina Caledonian Society committee; I bid you a warm welcome to the 157th Turakina Highland Games.

We hope you all enjoy this very special event. We know how very lucky we are to be able to enjoy getting together and to celebrate all things Scottish while other Scottish organisations around the world watch us with envy.

I'd like to thank the many sponsors and helpers that support us and give their time and effort to ensure our event happens.

We'd especially like to acknowledge and thank the Rangitikei District Council, NZ Lotteries Grants Board, The Bonny Glen Community Trust and JBS Dudding Trust for their generous financial support.

Also the continued support of the members of the Marton Lions and Queen Alexandra's Mounted Rifles is very appreciated.

Please be mindful of Covid requirements, make sure you have scanned one of the QR Code posters around the grounds or filled in the register at the secretaries office.

I hope you all have a great day and enjoy our wee bit o' Scotland.
