Hi Liz

I'm in the process of selling all my gear, my days of lugging speakers and setting up are all but done now. Maybe Craven Noble could be interested to provide the sound? Cath Ash would have his details if you need them.

As a quote it would've cost \$400 plus gst per show which includes all gear, set up, pack down, sound engineer and stage manager.

Thanks Liz, glad to hear Players are organizing next year's show.

Regards
Nathan
