Advocacy by His Worship the Mayor (including Ministerial discussions) has continued for unlocking the Māori land-locked land in the north of the District. In response to the direction from Judge Harvey, Council has formally indicated its desire to be an interested party to the

proceedings of the Waitangi Tribunal proceedings on landlocked land in the Taihape region. This has been approved.

The Hunterville/Tutaenui rural water pre-feasibility study is complete. *An application to the Provincial Growth Fund for a feasibility study was submitted on 3 May 2019.*

Progress continues with the proposed new civic/community centres in Bulls and Marton. Tenders for constructing the Bulls centre were considered by Council on 30 August 2018, and a preferred contractor identified for negotiation. At its meeting on 15 November 2018, Council confirmed a contract with W & W Construction (2010) Ltd. Construction has started. Monthly updates are provided to Council.

The value of placemaking initiatives was reinforced to all Community Boards and Community Committees at their meetings in February 2019.

Consideration was given by the Policy/Planning Committee's meeting on 13 July 2017 to services provided by information centres (with a further report to Council's meeting on 27 July 2017).

Two workshop discussions have been held on economic development and District promotion and a potential budget envelope identified. A draft policy on using the legislative provisions for development agreements to incentivise housing and other developments was considered at the Finance/Performance Committee's October meeting and a revised draft considered at meeting in January 2018. A further workshop session was held on 23 August 2018, considering Wellington City Council's policy on rates remission for first home builders. A draft policy was considered by Policy/Planning Committee on 13 September 2018; at its meeting on 25 October 2018, Council approved public consultation for this draft policy; the policy was adopted at Council's meeting on 31 January 2019. Overtures have continued to interest developers in providing new housing on Council's two vacant blocks in Bulls.

Priorities for economic development were one of the key choices in the Consultation Document for the 2018-28 Long Term Plan. The Government's Provincial Growth Fund (announced in February 2018) is a potentially significant mechanism to stimulate development and growth in the Rangitīkei. An appointment to the Economic Development Advisor role has been confirmed. An update was provided to the Committee's February meeting and is now a standing agenda item. A workshop was held on 11 April 2019 to ascertain Elected Members' priority actions for residential growth, business, education and promotion. *Following discussion with iwi partners, a draft strategy will be provide to the Committee's June 2019 meeting.*

Council submitted to the Horizons Regional Council long-term plan supporting the proposed establishment of a regional facilities fund. However, there were varying responses from other councils so the proposal will not proceed. However, at its meeting on 12 July 2018, the Assets/Infrastructure Committee considered a presentation on the Manawatū-Whanganui Regional Sport Facility Plan and recommended to Council that it consider that plan as a tool to guide the future planning, development, management and operation of sports facilities in the Rangitīkei and wider Manawatū-Whanganui region.

In March 2018, Chorus advised an accelerated timetable for the roll-out of fibre in Rātana/Whangaehu, Marton, Mangaweka, Hunterville, Taihape and Bulls, to be completed by June 2022. At the Digital Local Government Partnership Launch on 15 August 2018, the

Minister for Government Digital Services indicated that the rollout of rural broadband would be completed by the end of 2021.

Rates modelling is part of the new financial modelling software which has been used as the basis of preparing the financial statements for the 2018-28 Long Term Plan and for the 2019/20 Annual Plan.

The review of the revenue and financing policy is complete and included in the draft Long term Plan – analysis of all expenditure activities has now been undertaken in Council workshops.

Impact of forestry on roading has been considered in the roading asset management plan and in developing the Traffic and Parking Bylaw.

The Independent Assessment Board released its report on the Council's operations under the Local Government Excellence Programme. Actions to effect the suggested improvements are in progress. A report was included in the agenda for the Committee's November 2018 meeting.

MW LASS collaboration has been used to provide insurance cover for below-ground infrastructure assets from 1 July 2017.

What is a rates rebate

A rates rebate is a partial refund for people who pay rates to the council.

You must be:

- the person who pays the rates on the property that's your home
- living in your home
- listed as the ratepayer in the council's Rating Information Database (RID). This database has all the information about rates and ratepayers for every property in your council's area.

You can't apply if:

- your property is mainly used for commercial activities, for example farming or business
- your property is a rental property or holiday home.

V

If you live in a retirement village

Most retirement village residents, including people who live under a licence to occupy agreement, can apply for a rates rebate.

V

If your name is not on the rates bill

You may still be able to apply if your name is not on the rates bill, for example if you live in an owner-occupier flat, such as a company share flat or apartment. There is an extra step in the application process.

V

If you own more than 1 property

If you own more than 1 property, you can't claim for other properties even if they're in a different council area.

V

If you live in a trust owned property

You need to be a named trustee and also listed in the council's Rating Information Database (RID) to be able to apply.
