Outcomes

Did the event go as you had planned? *

The event was a wonderful way to include all members from the community, the young and the old to celebrate 145 years of the Bulls Rose and Flower show. A traditional part of the history of Bulls. The weather was not the greatest, however we still managed to move forward with our market stalls on the greenspace bringing in people from within the community and travellers.

What worked really well: *

We are working behind the scenes closely with the National Rose Society in Auckland and Matthews Roses in Whanganui to bring a wonderful 150th year celebration here in Bulls - watch this space.

What didn't work so well/could be improved? *

The weather always is touch and go at the time of year the event is held, making it tricky for stall holders - something we will continue to plan ahead for.

Yes it went really well.

After a tough year and tough calls being made to cancel our 2021 Shemozzle, we were pleased with how the event and day went.

Our committee work extremely hard along with local residents to make it the day it is and we have received some really fantastic feedback. Obviously the committee is always looking for ways to make it better again and we look forward to our 2023 event which will be our 25th Anniversary.

We put on another great show on the first Saturday in February, for the 59th time. Overall we had 108 entries into our Shearing events and 66 entries into our Woolhandling events, which are up on 2021 when we had 101 shearers and 155 woolhandlers. It was put on in the Marton Memorial Hall, showcasing local sheep and internationally recognised shearers. Amazing to be in there with the newly refurbished walls and floor. Town and country came to the free event to enjoy the sounds and smells of the shearing shed. Our current committee includes young and actively competing shearers and wool handlers and we continue our efforts to build the profile and number of competitors at our event. If we compare 2023 with 2018, the year we increased prizemoney to \$10,000, our shearing

competitors are up 23% (from 88 to 108) and wool handling competitors are up 57% (from 42 to 66), with the highest growth in our novice and junior grades. The number of sheep in NZ has been declining for many years, and so the number of shearing competitions have also been declining. We are very pleased to report that our local competition is in good shape and able to showcase the sheep farmers and wool industry in the Rangitikei District.

Was this attendance

Outcomes

Did the event go as you had planned? *

Yes, by and large. Our prizemoney was increased to over \$10,000 five years ago now, to actively increase the number of competitors and it seems to be working. All events, except Novice grade go to 12th place, rather than 6th, as they do at Golden Shears. As we increase numbers, we have to improve our ability to run an efficient on-time event, which we did in 2023.

What worked really well: *

Our committee is our greatest strength going forward. Leadership from shearers, Jacob Moore, Jimmy Samuels, Kopere Down and Paul Simpson, from wool handlers, Rose Puha, Adrienne Samuels and Gail Haitana, ably assisted by myself, Anna Samuels and Jenayre Lissington put on a great show. There are always lots of additional helpers who also help out on the day, as well as set up and break down of the stage and sheep pens in the Memorial Hall. A huge development this year was the live streaming on Facebook by 'ShedTalk'. It was in three parts, morning, afternoon and prizegiving and can be found still on Facebook. Results were also posted online. We also paid tribute to Tom and Marj Martyn who died last year and gave so much to local and national shearing competitions.

What didn't work so well/could be improved? *

Our wool handling judges again failed to bring a working printer and slowed down the day as collating results took time and moving from heats to finals was delayed, so that put a great deal of pressure on the entire event. All Shearing events around NZ had been cancelled in 2021, including ours due to Covid. The computer system for the shearing was also put under great pressure for the junior and intermediate grades as there were so many new names to get into their database, so they too had to do some results manually. We did manage to pull it off, but more changes will have to be made. We also damaged the floor of the Hall - we put down black polythene to protect it from our stage, but some of the tape holding it in place brought up the newly laid varnish. We are working with our Insurers and RDC to put that right. We will also be recommending that they place strong and horizontal metal wires permanently on the hall walls, so that all who use it can put up banners, and also protect the new finish.

This was pretty consistent with previous years and there is a small amount of extra money expected before the end of our financial year on 30 April 2023, from the farmers whose sheep were shorn and some more livestock fundraising animal's sent to the works. We want to hold our reserves to between \$20,000 and \$30,000 as organising our event is a great deal less stressful for the committee and our reserves should be about \$21,000 on 30 April 2023.

Instructions for Grantees

This form is designed to help us understand the challenges, triumphs and insights you experienced and gained while running your funded project/program. Please be frank - while we absolutely want to know about and celebrate your successes, it's just important to us that we understand what did not work so well. This will help us to learn what we and others could do differently next time.

You must complete and submit this form no later than the date stipulated in your funding agreement. If you fail to do so you may not be eligible to apply for further grants from Rangitikei District Council.

The completion of this form should be overseen by someone with an intimate knowledge of the funded project/program.

Please provide a short summary of the work that was completed as part of this project / program / initiative *

The 2023 Marion Country Music Festival was a great success and attracted over 2000 country music enthusiasts from all over New Zealand, including approximately 450 motor homes. The town of Marion and the surrounding districts gained direct benefit from all participants who made use of our free shuttle from the venue into the town centre. A youth concert was held on the Saturday enabling our young performers to gain experience of performing in front of a large crowd. Our open mic/walk up sessions were well received with full lists of festival patrons getting up and performing with our experienced bands.

Describe the "who, what, where, when and why" of your initiative

Outcomes

Did the event go as you had planned? *

The event ran exactly as planned with smooth transitions from daytime concerts into nighttime concerts. A large amount of positive feedback was received via our website and facebook pages. The venue is a great place to hold an event like ours and we were so thankful for the helpful people at the Rangitikei District Council who had the grounds looking superb and were on hand for any issues. We cannot thank them enough.

What worked really well: *

This year we engaged a liaison person who visited the majority of retailers in the Marton District. Out of this we received a lot of donations. The retailers came to the party and some even created country themed window displays for our patrons to enjoy when visiting the town centre via our shuttle bus. This year we had no issues with people entering the venue at night to cause disruption. This was due to our security teams and community patrol who did a great job.

What didn't work so well/could be improved? *

Nothing that we can think of. As stated above, everything went exactly to plan and it was a very successful venture.

Do you intend to hold this event again?
