1 Welcome

The Chair welcomed Committee members and Council staff to the meeting.

2 Apologies

That apologies for absence from Mr S Weston, His Worship the Mayor and Mr Ivan O'Reilly, and the apology for lateness from Mr J McManaway be received.

Cr McManaway / Mr Journeaux. Carried

3 Notification of late items

There were no late items presented for discussion.

4 Confirmation of minutes

Resolved minute number 16/ HRWS/007 File Ref

That the Minutes of the Hunterville Rural Water Supply Management Subcommittee meeting held on 1 February be accepted.

Mr Journeaux / Mr Hughes. Carried.

5 Issues arising

Mr van Bussel undertook to follow up on the connection to the scheme for Mr GH Rhodes

Mr J McManaway arrived at 3.10pm

6 Chair's report

Mr Crawford said he is being kept up to date with Porewa river matters. He advised that recently Mr John Henderson had an issue with his water but could not get hold of Ivan O'Reilly and the after-hours service had no contact details for rural water schemes. This was addressed by the Chief Executive's office and information sent to the after-hours service. The Committee was requested that in future all calls still go through to Council's after-hours service to deal with and the Committee was assured they now have the appropriate contact details. Mr van Bussel said he would review this and see if there is a better system for the water supply users.

Resolved minute number 16/HRWS/008 File Ref

That the Chair's report to the Hunterville Rural Water Supply Management Sub-Committee meeting on 11 April 2016 be received.

7 Correspondence

An email has been received from Mr Sam Weston advising the sale of his section and requesting the transfer of two units of water. Cr McManaway suggested that, while supporting this request, he must have a storage tank with 48 hours storage and ensure everything is correct and pay the costs for this. It was also noted that the old alkathene pipe will not be accepted.

Resolved minute number 16/HRWS/009 File Ref

That the sale of the 2 units relating to the property in letter from Mr S Weston, be accepted as long as all work is done to a standard acceptable to Rangitikei District Council, under the scheme rules.

Cr McManaway / J McManaway. Carried

8 Hunterville Rural Water Supply – Operations report

Mr van Bussel presented his report. The Committee noted the large number of broken pipes highlighted over this period.

The Committee advised that more rock was required at the Rata pipeline. Mr van Bussel will look at this and action; if the cost of this work is more than expected he will phone the Chair to inform him.

Resolved minute number 16/ HRWS/010 File Ref 6-WS-3-4

That the 'Hunterville Rural Water Supply — Operations report', dated 1 April 2016 be received.

Mr Journeaux / Mr McManaway. Carried

9 Financial report – February 2016

The Committee noted the financial report was not attached. Mr McIrvine gave a brief verbal update on the financial position and said that he would ensure the report was emailed out to members prior to their meetings. He noted that the increase in power usage is of concern. The Committee asked whether more power was being consumed or if the cost gone up. Mr van Bussel will look at kw's used, and a full breakdown of total power used (including kw's; volume pumped and pricing per year) over the last five years will be provided for the next Committee meeting.

The Committee noted the resolution stating the rural water rate for the Hunterville Rural Water Supply to be set at a minimal \$280.

The Committee requested a copy of the February month end financial report be attached to these minutes when they are sent out.

Resolved minute number 16/HRWS/011 File Ref

That the Financial report to the Hunterville Rural Water Supply Management Subcommittee's meeting of 11 April 2016 be received.

The Committee noted the charges for 2017 year as agreed by the Rangitikei District Council:

"Resolved minute number 16/RDC/041 File Ref

That the following recommendation from Hunterville Rural Water Supply Sub-Committee dated 1 February 2016 be confirmed:

16/HRWS/007

That the Hunterville Rural Water Supply Sub-Committee recommends to Rangitikei District Council that the rural water rate for the Hunterville Rural Water Supply to be set at a minimal \$280.

Cr McManaway / His Worship the Mayor. Carried"

Mr Journeaux / Mr McManaway. Carried

10 Letter regarding decreasing the entitlement of water at Tutu Totara Dairy Ltd

A letter was received from Richard Ash, Tutu Totara Dairy Ltd requesting to reduce their unit entitlement. While the Committee does not oppose the request they do not want to encourage too many of these requests. They noted that it may need to review the bylaw in the future to address these requests and consider compulsion to on sell, or transfer, units could be considered so the cost isn't transferred to the rest of the water scheme members. Mr van Bussel and Ms Saywell will look at other examples around the country of how this is dealt with.

Resolved minute number 16/HRWS/012 File Ref

The Hunterville Rural Water Supply Management Subcommittee agrees that Richard Ash's entitlement be reduced to 2 units per day under the condition that all costs incurred will be at the expense of Tutu Totara Dairy Ltd.

Mr McManaway / Mr Journeaux. Carried

11 After-hours contacts

This item was discussed as part of the Chair's report.

12 General Business

Presentation on the Possible Proposal to MPI Irrigation Acceleration Fund

Mr McNeil gave a presentation to the Committee on a proposed project for application to the MPI Irrigation Acceleration Fund exploring the possibility of a Tutaenui Rural Water Scheme and review of the Hunterville Rural Water Scheme. MPI approval should be known in early May and project commencement would start in July and be completed by 30 June 2017. Feedback is being sought from the community as part of the draft Annual Plan consultation meetings and there may be more meetings held on the project closer to the time.

13 Next Meeting

Good Morning Bob

as discussed I have sold a section which includes 2 units of water from our unused units. (we currently have 18 unutilised units). The S&P agreement stated that the transfer of the units would be on approval of the committee and connection costs would be at the purchasers cost.

The section is on the corner of SH1 and SH54. The scheme pipe runs under SH1 into our paddock directly opposite the section. we have an alkathene pipe to a trough on the section as part of our system. I am sure (but this needs to be confirmed) that there would be a conduit under 54 to get our pipe there. so it would be a simple matter of swapping the pipes. Aaron Uings who brought the section has his own digger so it would not be a hard job.

As I mentioned I am away next week for the meeting (please put in my apologies) so would you please table this and get the transfer approved by the committee. Aaron and I can sort the forms/paperwork with the council at a later date.

Thanks Sam
