MEMORANDUM

TO: Marton Community Committee

FROM: Priscilla Jeffrey

DATE: 8 July 2015

SUBJECT: **Current Infrastructure Projects/Upgrades And Other Council Activities In The Marton Ward**

FILE: **3-CC-1-5**

Roading & Footpaths

- 1 As the result of a major rain event over the weekend of June 19-21 considerable damage caused to the network. Currently teams working to address the damage.
- 2 Main Street, Marton footpath to be completed shortly.

Water Supply

1. Waste Water Treatment Plant entrance way upgrade has being designed and the internal concrete works have been completed.
2. Construction work has been completed on the Tutaenui Road Watermain renewal, (WTP – Jeffersons). Grey Street laterals to existing main underway. Wanganui Road/Skerman valve installation, Ferguson Street watermain renewal, and Grey Street lateral connections are all completed.

Sewerage and the Treatment and Disposal of Sewage

- 1 Commenced I & I investigation of Goldings line sewage infiltration. Investigated alternative tech solutions for pipeline renewal works. This will be completed in the next few months (subject to weather & funding).

Stormwater

- 1 The preferred option to remedy flooding of the Childcare Centre on Russell Street has been agreed with a direct connection to the Tutaenui Stream. Contract documentation has been prepared for tender.
- 2 Renewals for Hammond Street outlet design has been completed and Resource Consent has been granted. Main/Potaka completed, also Skerman/Bond physical works.

Recommendation

That the memorandum 'Current Infrastructure Projects/Upgrades and Other Council Activities in the Marton Ward' be received
