Otairi Community Meeting

5.30pm Thursday 20 April 2023.

2 community members in attendance.

Elected Members: HWTM.

No comments were received about the Community Spatial Plan.

Facebook feedback

- No need for higher (intensification) housing in Bulls, we have enough land.
- If you want people to attend these meetings you need to advertise them in the respective communities and not expect people to look at your website to see if there is anything they need to know. That is not consultation with the community.
