1 Whakamoemiti

The Chair opened the meeting at 6.27pm and Mr Nepia spoke the whakamoemiti.

2 Apologies

The apologies were received from Ms Hamahona.

3 Public Forum

There was no public forum.

4 Conflict of Interest Declarations

There were no conflicts of interest declared.

5 Confirmation of Order of Business

There were no changes to the order of business.

6 Confirmation of Minutes

Amendments:

- Rata Road be updated to Ratana Road at item 7 Follow-up Actions.
- Item 10.2 Update on Te Rōpū Ahi Kā Komiti be updated to reflect that the meeting was cancelled and that a workshop was held.

Matters arising:

The signage needs fixing on Ratana Road.

Resolved minute number 25/RCB/011

That the minutes of Rātana Community Board Meeting held on 11 February 2025 **as amended** be taken as read and verified as an accurate and correct record of the meeting, and that the electronic signature of the Chair of this Committee be added to the official minutes document as a formal record.

Mr C Mete/Ms G Taiaroa. Carried

7 Follow-up Actions

7.1 Follow-up Action Items from Ratana Community Board Meetings

Item 1 – Corrosion of the road

Ms Bovey provided an update that this has been flagged with NZTA.

Item 2 – Thrive report

The board requested that the medical hub and gym be confirmed that they are in the report.

Resolved minute number 25/RCB/012

That the report 'Follow-up Action Items from Ratana Community Board Meetings' be received.

Mr J Nepia/Ms G Taiaroa. Carried

8 Chair's Report

8.1 Chair's Report - June 2025

Mr Mete provided updates on the urupa and that there have been two extra berms allowing 40 more plots. There is limited space and the decision to not allow purchasing for the reservation of plots allowed enough for burials. It was noted that the parking for tangi is becoming an issue.

Resolved minute number 25/RCB/013

That the Chair's Report – June 2025 be received.

Mr J Nepia/Mr C Mete. Carried

9 Reports for Information

9.1 Mayor's Report - May 2025

The Mayor highlighted the youth awards and the amazing rangatahi in the district, that some of these students are completing water testing at Winata Marae the first in the country.

The Mayor noted that there are elections coming up and this includes the Ratana Community Board.

Resolved minute number 25/RCB/014

That the Mayor's Report – May 2025 be accepted.

Mr C Mete/Mr J Nepia. Carried

9.2 Update on Te Rōpū Ahi Kā Komiti

Ms Taiaroa provided an update on the meeting and highlighted the new member Gaylene Nepia replacing Chris Shenton, Local Water Done Well and the neutral position of council for the Māori Wards referendum alongside the election.

Ms Taiaroa provided an update on central government reform, including the RMA and the regulatory standards bill that the Komiti are putting a submission. There were a number of changes coming from central government that are having wide impacts on the Komiti and Council.

Ms Taiaroa provided further information on the Lake Waipu which is currently going through a Hearing process as there have been objectors outside Ratana that are holding this project up.

Resolved minute number 25/RCB/015

That the report 'Update on Te Rōpū Ahi Kā Komiti' be received.

Mr C Mete/Mr J Nepia. Carried

9.3 Lake Waipu Improvement and Ratana Wastewater Treatment Project - Update

The Mayor noted that there are potentially other options for the disposal of wastewater, such as to Kaitoke. There are also changes to the wastewater standards that may support other options.

Resolved minute number 25/RCB/016

That the report 'Lake Waipu Improvement and Ratana Wastewater Treatment Project – Update' be received.

Mr C Mete/Cr P Hiroa. Carried

9.4 Cemetery Update - June 2025

The board commented that there may be some paperwork outstanding as there is potentially more burials than listed in the report.

Resolved minute number 25/RCB/017

That the report 'Cemetery Update – June 2025' be received.

Mr C Mete/Mr J Nepia. Carried

9.5 Consultation Tracker - May

The report was taken as read.

Resolved minute number 25/RCB/018

That the report 'Consultation Tracker – May' be received.

Mr C Mete/Cr P Hiroa. Carried

9.6 Funding Schemes Update - June 2025

The report was taken as read.

Resolved minute number 25/RCB/019

That the Funding Schemes Update – June 2025 be received.

Ms G Taiaroa/Mr C Mete. Carried

9.7 Late Item -

Mr Mete had received a call from a resident that the signage on the traffic island pointing towards Ratana and is obstructing the view to see oncoming vehicles. The Mayor undertook to raise this with the regional roading manager.

The meeting closed at 7.39pm.

The minutes of this meeting were confirmed at the Ratana Community Board held on 12 August 2025.

.....

Chairperson

7 Follow-up Action Items from Previous Meetings

7.1 Follow-up Action Items from Ratana Community Board Meetings

Author: Kezia Spence, Governance Advisor

1. Reason for Report

- 1.1 On the list attached are items raised at previous Ratana Community Board meetings. Items indicate who is responsible for follow up, and a brief status comment.

2. Decision Making Process

- 2.1 Staff have assessed the requirements of the Local Government Act 2002 in relation to this item and have concluded that, as this report is for information only, the decision-making provisions do not apply.

Attachments:

1. **Follow-up Actions Register** [↓](#)

Recommendation

That the report 'Follow-up Action Items from Ratana Community Board Meetings' be received.

Current Follow-up Actions

Item	From Meeting Date	Details	Person Assigned	Status Comments	Status
1	10-Jun-25	Traffic island signage obstructing the view	Andy	NZTA are undertaking the moving of the sign.	In progress
2	10-Jun-25	Ratana Road signage needs updating	Kezia	No update at this stage	In progress
3	8-Oct-24	Corrosion of the road at the intersection entering Ratana	Mel Bovey/Darryn Black	Ms Bovey undertook at the last meeting to look into this. This has been notified to NZTA	In progress
4	12-Dec-23	Speed bump on the road coming into Ratana has not been replaced- what has happened?	Roading team	RFS 2403615- The roading team is trying to find something that will stick without being worn away fast.	In progress
5	12-Dec-23	That the board receives the report from Thrive on council assets when completed	Arno B	The gym and medical hub are included in the report.	Completed.
6	5-Oct-21	With regards to the Ratana Cemetery Extension: Staff to consider providing better facilities for volunteers who dig new plots. Update 08 Feb 22: The Board clarified that the request was for water access, for both contractors and visitors. The Board advised that they would like a water source that is aesthetically pleasing (i.e., not just a tap in a post). Update 09 Aug 22: The Board asked that this be reconsidered, as the owner of the adjacent farm has given verbal approval for the existing water line on his property to be used (the water does not need to be drinkable). Ms Bovey undertook to follow-up on this request.	Mel Bovey / Arno Benadie	This request is being investigated by the Parks Team who will look at potential options in conjunction with a similar request from Taihape residents for their cemetery. This is being done across the District as part of the Long Term Plan.	In progress

ITEM 8.1

8 Chair's Report

8.1 Chair's Report - August 2025

Author: Charlie Mete, Chair

1. Reason for Report

- 1.1 A verbal report will be provided during the meeting.

Recommendation

That the Chair's Report – August 2025 be received.

9 Reports for Information

9.1 Mayor's Report - July 2025

Author: Andy Watson, His Worship the Mayor

Good afternoon

July has been busy with a number of events and continued work on Government reforms such as Local Water Done Well (LWDW) and the Resource Management Act (RMA) changes.

1. Te Pāti Māori MP Takutai Tarsh Kemp passed away at the end of June after battling kidney disease. Tarsh's tangi was held on her marae, Opaea, in Taihape. Opaea Marae is small and has recently been remodelled and is beautiful, but the challenge of hosting and feeding hundreds of people a day for four days would not have been possible without the support of neighbouring maraes Moawhango and Winiata. I attended the tangi to help host the visitors and support where I could. The major political parties all travelled to pay their respects.
2. The Local Government New Zealand (LGNZ) conference was held this year in Christchurch on 16-17 July. Local Government represents Councils to take or voice our concerns to Government. Many senior politicians across several parties spoke at the conference and I attach the conference programme to this report.

Once again, the Government looked to blame Local Government for everything including the cost of living, inflation and unemployment etc. This year the Prime Minister elected not to attend the conference, which was disappointing. Unfortunately, several Councils have withdrawn from LGNZ, including Christchurch who hosted the event. Local Government needs to be united and yes, we are a sector under pressure – some of which we should be accountable for. Outside the venue was a trailer highlighting the rate rises by a number of Councils including the pictures of Chairs and Mayors which I illustrate as an attachment to my report. The Taxpayer's Union, which organised this banner, gave figures of rate rises that may not have been the final position for these Councils. The Councils highlighted have rate rises ranging from 11% to 16.5% for the year. Our rate rise in the Rangitīkei for comparison is under 8%.

At conference there was a talk from Government about future rates pegging, or setting the maximum rate increases for Council. However, even Government recognises that it is not simple and if rates pegging happens it will not include rates attached to three water services, housing and potentially roading – all of which are the major contributors to rate increases.

Every sector of Local Government and Government knows that a review of the RMA is needed. New Zealand spends about \$1.3b per year on resource consents which is a process that is both incredibly expensive and takes far too long. Minister Bishop has instructed Councils not to proceed with planning changes while the reshape of the RMA is happening. So, the valuable work we as a Council have done on spatial plans and rezoning for housing growth will go "on hold". However, there will be a conversation and possible exemption for the Rangitīkei because the Government also wants us to provide for housing urgently.

The key messages from Government throughout the conference, repeated several times, were:-

ITEM 9.1

- i) “The culture of Yes starts now, the time for excuses is over”.
- ii) “Housing and supermarkets are essential services – make it easy”.
- iii) “Councils need to get back to basics”.
- iv) “Buildings need to be basic/functional not an architect’s gold-plated design”.

Many of which are valid points. As a sector we do have to cut our cloth to meet affordability.

In contrast, the Opposition’s address by Chris Hipkins was one where he thanked the Local Government sector, saying that “swimming pools, libraries etc are not nice to have – they are important and needed”. He highlighted that the increased cost on ratepayers comes partly due to new services/costs imposed by Government. Chris said that there needs to be a true relationship between Central and Local Government and that rate increases have been because many generations have neglected to invest. He warned Councils that “there is a significant cost to inaction or doing nothing” and that if Councils don’t fund replacements now, the cost to future populations will increase markedly.

There was an interesting presentation around unlocking the Māori economy, citing Iwi capital position in New Zealand, now valued at \$126b and that they contribute \$32b to New Zealand’s GDP.

I will try to comment further on a number of speakers at conference in a future report.

3. The Mayor’s Taskforce for Jobs (MTFJ) also had both a breakfast session for members and an evening celebration of 25 Years of operation at the LGNZ conference. Louise Upston as Minister, was at both functions highlighting the success of the MTFJ programme in finding jobs and her willingness to support by way of another year’s guaranteed funding. She also wanted to signal the contract changes with the Ministry of Social Development. In the past MTFJ have focussed on working with young people, described as NEETs (Not in Education, Employment or Training). Under the new contract, we are required to have a 20% NEETs component with the 80% balance being people on the unemployment register. There has been disquiet around this contract with several Councils not taking a contract this year, which is a pity. Our results in the Rangitikei continue to be outstanding and consistently we lead the results nationally. The changes in the contract will make little difference to us as we find jobs for everyone and the needed results are covered.
4. On 1 July we changed roading contracts, with Downer replacing Higgins. This is a multi-million dollar contract over several years to service our road maintenance and construction. I congratulate Downer and look forward to working with them – their willingness to work alongside us in the form of an alliance model rather than just for us is quite a change. Equally, I thank Higgins for the work that they have done over the last few years. It is not an easy contract to service – our geology/land form and climate is particularly challenging. Many of the Higgins employees who live locally have transferred to Downer and will continue to be employed, which is satisfying.
5. Recently the Prime Minister Chris Luxon visited our district, stopping in at PEC in Marton, Honest Wolf in Hunterville and Hautapu Pine in Taihape, before a final meeting with party members in Feilding. The benefits of this trip were huge, for example, Taihape Health (fronted by Councillor Piki Te Ora Hiroa and Jude Macdonald) took the chance to update the Prime Minister on local health initiatives and the need to finalise arrangements at Taihape Hospital. The Prime Minister made several references to the effectiveness of local voice through Suze Redmayne. I don’t think that is just a standard response – it is a comment I have heard often from senior Government officials, so thanks Suze! I was also questioned by the Prime Minister

around our three waters decisions and the pressures we are under. He is happy with Council's positions.

6. On 29 June the Chris Amon statue was unveiled in the main street of Bulls. It was certainly a festive affair recognising a local hero who had an incredible record of Formula 1 racing throughout the world. My congratulations go to the organising committee, in particular Councillor Paul Sharland for the amount of research and fundraising undertaken which has obviously taken a huge effort over the last couple of years. The main street was closed off which allowed, I think, 17 Ferraris to be parked in front of the statue, something that the crowd drooled over. Certainly I was impressed and it's way beyond my ability to own one. The event finished with a social gathering at Te Matapihi.
7. I have recently attended two or three meetings with funders. The Bulls & District Community Trust AGM was held on 27 June and was a chance for me to say thankyou on behalf of the District for the vast amounts of money raised by the Trust for community projects over many many years. Equally, I attended the Four Regions Trust AGM in Whanganui on 23 July to acknowledge around \$300,000 that was paid out in the 24/25 year to the Rangitikei district with one of the major recipients being the Taihape Squash Club who received \$100,000 and \$50,000 for the Hautapu Bridges Project. I have also had a visit from Din Bandara, the CE of Whanganui Community Foundation, where we had a conversation around potential funds available for the Rangitikei. Our district would be incredibly poorer without external funding in these areas and it is appropriate that we thank them.
8. I have been approached by the Bulls & District Community Trust regarding the annual Christmas Parade. Following extensive consultation with stakeholders there is strong support for transitioning the "Celebration of Christmas" to the Bulls Domain. The location is seen as safer, more inclusive and better suited for a sustainable family-friendly event. There are also issues with road closures and traffic management plan costs - it's getting more difficult and expensive to continue to block the state highway for the annual street parade. The Trust have asked whether we would support this in principle and I am convinced that this is a good move. It's nice that this approach has come from the Trust as organisers rather than a directive from us or NZTA.
9. Recently I was called to a public meeting at St Joseph's School in Taihape regarding the ongoing concerns about safety at the SH1/Rauma Road intersection. The community are concerned about there being no effective pullover parking area while waiting to cross the intersection and the open speed limit of 100km/hr with difficulty of sight lines. The request from the community to NZTA is that there is a speed restriction on SH1 just south of Winiata Marae into Taihape, accompanied by effective electronic warning signs. This is not a new request – this is something that Council has asked for on numerous occasions. My understanding is that there have been 22 accidents in reasonably recent times and the concern is that we would like to see this action taken before one of those turns into a fatality. I attach as part of this report, the draft letter from Principal Peter Hijazeen, supported by Jordan Winiata from the Winiata Marae. As part of my report the recommendation is that we write a letter of support to NZTA highlighting our concerns.
10. Recently there has been a number of issues raised in Hunterville. The first of those was the issue of local policing possibly being replaced, and I stress 'possible' because a decision has not been made yet, by resourcing from Marton. I thank Hunterville for organising the community meeting which was incredibly well attended and the Area Police Commander Neil Forlong for his attendance. We understand that the final decision will be made at a higher level by the Central District Commander Dion Bennett. I have reached out to Dion asking for a

ITEM 9.1

meeting ahead of that decision, something he has agreed to. I am hopeful that policing will continue to be provided correctly out of Hunterville. On another matter, recently the main street of Hunterville has had a resealing that was a disaster with the road being ripped up in several areas. There has been a temporary fix which took considerable time and involved closures of sections of the street affecting retail trade. Our Economic Development lead Jarrod Calkin and I spent a little bit of time trying to repair the relationships in Hunterville over this. The road will need final resealing this coming summer and remediation works. It was a chance for us to apologise and explain the process going forward. Certainly our staff need to be absolutely definite around what will be done and the timeframes for road closures etc. I also take the chance to congratulate Hunterville – the Argyle Hotel has been sold and bought by, as I understand, around 50 members of the wider Hunterville Community who have all reached into their pockets. This is so typical of Hunterville – the history of just getting on with things and taking charge of their own destiny is something I absolutely admire and I am hoping as a Council we support them throughout the consenting processes and sit alongside them where we can. Hats off to you all in Hunterville!

Mayor's Engagements

LGNZ four-monthly report for member councils

// March - June 2025

Ko Tātou LGNZ.

This report summarises LGNZ’s work on behalf of member councils and is produced three times a year. It’s structured around LGNZ’s purpose: to serve local government by **championing**, **connecting** and **supporting** members.

Please consider putting this report on the agenda for your next council meeting so that all councillors can review it and provide feedback. Sam, Susan or other National Council members are very happy to join council meetings online to discuss the report or any aspect of it – just let us know.

This report complements our regular communication channels, including *Keeping it Local* (our fortnightly e-newsletter), providing a more in-depth look at what we do.

Introduction

March to June has been intensely busy for LGNZ, as we advocated around reform and other issues like council metrics/profiles, engaged with the Government, and launched new products and services for members.

In early April, LGNZ launched our new *Local Government Quarterly Economic Insights*. This report is exclusive to member councils. It's designed to ensure elected members are the best-informed people on local government economic data. Developed in partnership with Infometrics, *Insights* will be released quarterly, with the second issue published in early July.

Our Ratepayers Assistance Scheme is advancing in leaps and bounds. The RAS would allow ratepayers to borrow cheaply for ratepayer charges like development contributions/levies and rates postponement, and could be used for specific property improvements (like solar panels). It leverages the high credit quality of local government rates to access capital market financing. Minister Watts has written to LGNZ expressing his support and confirming DIA will begin policy work on RAS in August. As well as successfully securing capital commitments from councils and third parties, we are seeing growing media interest in RAS.

Membership was top of mind during this period. Before Easter we sent out invoices alongside our [value of LGNZ membership report](#). This report provided a comprehensive summary of our advocacy wins over the last year, a specific list of how we save councils money, and a summary of all the other work we do for members. While Western Bay of Plenty voted to leave before invoicing started, all other members have since renewed, with the exception of Waikato Regional Council, which is voting again on membership in July.

Other highlights of these four months included:

- We launched pre-elected learning for anyone considering standing for council. This interactive course steps potential candidates through what it means to be an elected member. It's freely available without an Ākōna log-in and has proved very popular.
- Our well-attended 1 May All-of-local-government meeting, focused on delivering infrastructure for growth, featuring an engaging q+a with Minister Watts. Other speakers included Minister for Building and Construction Chris Penk and Simplicity's Sam Stubbs, as well as the Infrastructure Commission, S&P Global Ratings and the Treasury.
- In June we secured funding from councils to sustain Policy.nz, which otherwise would have ceased to exist. This platform allows candidates to upload their profiles and policies so that voters have easy access to this information.
- We have had strong media engagement on issues of the day – from electoral reform to rates capping and benchmarking and the safety of elected members, as well as facilitating the Candidates Corner pre-election series with the Sunday Star-Times.

We always welcome your comments and feedback.

Ngā mihi
Sam and Susan

LGNZ four-monthly report for member councils: March – June 2025 // 4

Champion

Government relations

Because our relationships with individual Ministers are now stronger and more mature, we're increasingly able to have robust and constructive discussions with them. For example, on resource management reform and potential implications for local government's functions/structure, rates capping, and ensuring that funding and financing tools announced as part of Pillar 2 of the Going for Housing Growth programme actually deliver the desired outcomes for councils and communities.

We've been staying closely in touch with Minister Watts on benchmarking (including DIA's metrics release) and rates capping through informal discussion and formal meetings, including in late June.

LGNZ met with the Prime Minister in early April and discussed our approach to the rates capping conversation. We all agree that no one wants high rates increases. We all agree that rates rises need to come down. However, we also set out rates capping's potential unintended consequences for councils and ratepayers (see more on rates capping below). We also note that recent rates increases have been driven by the need to fund essential infrastructure and services – and because of the increasing volume of unfunded mandates from central government.

We met again with the Prime Minister for another of regular meetings in early June. We raised cross-portfolio issues such as pressures on growth councils and low voter turnout in local elections.

Voter authorisation of major projects has been floated by several politicians. This refers to running public referenda to make key decisions, like large infrastructure purposes. We will explore with Ministers whether there is any real commitment to this approach from the Government. We'll also have conversations about this idea with members.

We've also begun quarterly meetings with other political parties, which currently in the policy development phase. We met with Labour's local government spokesperson Tangi Utikere and sought cross-party support for our electoral reform work. We also briefed him on LGNZ's funding and financing tools project, and received an update on Labour's "no unfunded mandates" policy work. We had a meeting with the Green Party in June and we are working to lock in dates with NZ First and ACT. We have a date secured with ACT's local government spokesperson for after SuperLocal.

We have requested to meet with the Justice Select Committee to brief them on our electoral reform work after it is launched at SuperLocal

Media

We have had significant engagement with the media on a range of topics – and are proactive or reactive in our approach depending on the issue at hand.

Late February saw Housing Minister Chris Bishop announce some of the new funding and financing tools we've been calling for, at our Metro and Rural & Provincial sector meetings. This resulted

LGNZ four-monthly report for member councils: March – June 2025 // 5

in stories appearing on [1News](#), [ThreeNews](#), [RNZ](#), [Stuff](#), [NZ Herald](#), [Gisborne Herald](#), [The Press](#), [The Post](#) and the [Waikato Times](#).

The All-of-local-government meeting also saw media cover topics LGNZ has been championing, from talking about alternatives to rates capping and four-year terms to a new stalking bill and housing growth. Local Government Minister Simon Watt's speech and [rates capping](#) took centre stage, with stories on [Newsroom](#), [NBR](#), [BusinessDesk](#), [RNZ](#), [The Press](#) and [The Post](#).

[Four-year terms](#) for local government has been a popular discussion point. Sam appeared on [Mike Hosking breakfast](#) on [Newstalk ZB](#) to discuss the issue, with his comments included in [The Post](#) and [Waikato Times](#). Mayors Alex Walker and Hon Dr Nick Smith also publicly addressed the issue via the [NZ Herald](#), [1News](#) and [95bFM](#).

Then in March the release of LGNZ's Electoral Reform Working Group's (ERWG) [draft position paper](#) swiftly become one of local government's biggest stories this year. Media were intrigued by the proposed move to booth voting, with stories appearing in the [Post](#), the [Press](#), [Waikato Times](#), [ODT](#) and [NZ Herald](#), and Mayor Nick speaking with [RNZ](#), [Newstalk ZB](#) (also [here](#)) and on [95bFM](#). The announcement continued to spark debate across [Newstalk ZB](#), the [Post](#) and the [Press](#).

[Rates capping](#) continued to be a topic of discussion, with LGNZ President Sam Broughton speaking to [RNZ](#) and [Newstalk ZB](#) on the recent S&P downgrading decision for 18 councils. Rates capping articles also appeared in the [Press](#), the [Post](#) and [Waikato Times](#), with Mayor Neil Holdom appearing on the [Platform](#).

The stalking and harassment of elected members remains in the spotlight. In February LGNZ Chief Executive Susan Freeman-Greene and Invercargill councillor Alex Crackett spoke with [Stuff/ThreeNews](#) and [Newstalk ZB](#) about the Government's proposed [stalking legislation](#), with [RNZ](#) also running a story on this issue. In recent weeks LGNZ's position has carried in stories on [1News](#) and [Stuff](#). LGNZ CE Susan Freeman-Greene spoke alongside multiple councillors and Mayors on [TVNZ Breakfast](#) about the impact this has on members. There have been a large number of follow-up stories in April, driven by [a University of Otago study](#), setting out disturbing behaviour experienced by elected members.

LGNZ also weighed in on the [RMA reforms](#), expressing cautious support while signalling to the Government it needs to ensure that communities have a voice and regional councils play a key role in the changes going forward.

In other funding and financing coverage, LGNZ President Sam Broughton spoke with [the Press](#) about LGNZ's position on a bed tax, while also covering how [GST sharing on new builds](#) could help bring rates down.

[Stuff news](#) and [RNZ](#) covered the Te Maruata hui in April.

LGNZ four-monthly report for member councils: March – June 2025 // 6

We sent out a media toolkit to Mayors, Chairs and CEs when we released our new Infometrics' quarterly economic insights, with ideas on how councils can use this data to encourage local discussion.

Electoral reform has been a hot topic, with Wellington City Council calling for a [lowering of the voting age](#), Invercargill City Council supporting the report's call for improved [civics education](#), and Ashburton District Council [supporting a shift to four-year terms](#) for local and central government. LGNZ partnered with Infrastructure New Zealand to [urge the Government](#) to include a move to four-year terms for local and central government in the referendum.

Susan's announcement about [moving on from LGNZ](#) in August was covered by [the Post](#), [the Press](#) and [NBR](#).

Ex-Grey Power Vice-President Peter Matcham wrote an [opinion piece](#) in April on why a rates cap should be opposed at all costs. Elected member abuse and harassment also continued to dominate the headlines, with stories appearing on [TVNZ](#), [RNZ](#), the [Press](#) and [ODT](#).

LGNZ waded into the truancy debate, with LGNZ President Sam Broughton saying that the Government asking mayors to help lift school attendance doesn't align with its "back to basics" direction for councils. This was a lead story in the [Post](#), [Press](#) and the [Waikato Times](#). Sam also spoke to [ThreeNews](#) about the Government's new scheme to allow self-assessment for some trade work.

[Elected member safety was in the spotlight](#) following our All-of-local-government meeting in May, where we shared [a new guide for members on how to stay safe](#). This media advocacy led to the Remuneration Authority asking us for the guide, to aid their work towards considering an allowance to support elected members' home safety.

LGNZ's oral submission on congestion charging, led by Transport Forum Chair Mayor Neil Holdom, also resulted in a number of stories across various outlets [calling for more local input](#).

Following the Budget, LGNZ spoke out in support of the Government's [Rates Rebate Scheme](#) expansion to cover all SuperGold card holders, and how increased support for [local journalism](#) will positively impact elections later this year.

We've been working closely with the Sunday Star Times on a "Candidates Corner" series detailing key issues ahead of elections. Recent articles covered [rates capping](#) along with the case for and against [council mergers](#), with Mayor Neil Holdom and Mayor Nick Smith sharing their thoughts.

Rates – and the lack of other revenue-raising options for local government – were the focus of [an article by LGNZ Vice President Campbell Barry](#).

LGNZ's [How to stay safe' guide](#) continued to receive positive press in the [Otago Daily Times](#), [Stuff](#), [The Press](#) and [1News](#), while our submission on congestion charging appeared in the [Herald](#) and [RNZ](#). Mayor's Taskforce for Jobs was also in the spotlight, thanks to an article in the [Otago Daily Times](#).

Local government funding and financing

Ratepayer Assistance Scheme (RAS)

On 21 March, Minister Watts wrote to LGNZ expressing his support for the RAS and confirming DIA will begin policy work on the initiative in August. The Minister has asked LGNZ to update the RAS business case to help the work progress quickly. We are working on this with project partners as well as seeking the necessary council capital commitments. With RM reform meaning a move away from development contributions (more on this below), the RAS could support financing of development levies as an alternative to other structures for this purpose (such as the IFFA). The RAS would be cheaper, more efficient and more flexible than the IFFA.

Since then significant progress has been made towards making a decision to establish the RAS. The RAS Steering group has been meeting with local authorities to affirm support for the RAS and secure establishment funding for the scheme. At the request of the Minister for Local Government, the group has also been meeting with developers to test the scheme's design with them. We have secured preliminary equity pledges from councils, and developers are supportive of the scheme.

We have secured a \$400k repayable grant from the Energy Efficiency & Conservation Authority. We have raised the \$2.5 million to progress to a stop/go decision – and with several councils taking decisions in the next few weeks, we may be a little oversubscribed. This demonstrates the high level of support for the RAS.

DIA continues to engage on the scheme: their substantive policy work is set to begin in August.

Infrastructure funding and financing

The Infrastructure Minister announced changes to New Zealand's infrastructure funding and financing settings at our late February All-of-local-government meeting. The Government will replace development contributions with a development levy system, allowing councils to charge developers a share of long-term infrastructure costs. There will be regulatory oversight of these development levies to ensure charges are fair and appropriate. Councils will also have more flexibility to set targeted rates based on the date of subdivision, allowing them to apply to new developments. Finally, the Infrastructure Funding and Financing (IFF) Act will be improved for developer-led projects and expanded to support major transport projects like those led by NZTA.

LGNZ welcomed these changes, which were in our funding and financing toolkit. We will work with officials to ensure these reforms make sense on the ground for councils.

This legislation likely to be introduced in September. DIA is unlikely to issue a substantive consultation on the changes, although they have engaged with technical experts from high-growth councils, and an early draft may be circulated to some individuals for feedback. While DIA is open to input from councils, given the Government's direction there may be limited scope for changes.

We will continue to engage on the development levy regulation when introduced, and with the regulatory regime. We understand this is likely to be in two stages: initial information disclosure requirements, followed by the creation of a regulator (or empowering an existing regulator with oversight of development levies).

We have raised with Under-secretary Simon Court the importance of balancing local democracy and the needs of communities with changes to the Infrastructure Funding and Financing Act. Potential

LGNZ four-monthly report for member councils: March – June 2025 // 8

changes include limiting councils' ability to withhold endorsements of developer-led special purpose vehicles. We also discussed the need to disentangle the proposed new functions of the IFFA with the RAS, thresholds and legal frameworks for regulatory takings under the forthcoming RMA, and our support for ACT's proposed GST-sharing policy.

Budget 2025

LGNZ was in the Budget lock up so we could [analyse the impact of the Budget on local government](#). There were no significant new local government funding initiatives launched or changes to funding and financing tools. Points of note included the Government:

- Raising the threshold for the rates rebate scheme and increasing the maximum rebate.
- Introducing regionally specific transport funding boosts.
- Announcing new funding for the 2023 North Island weather events recovery.
- Cutting public transport and transport resilience funds.

The Government's accelerated depreciation policy and increases to employer contribution for KiwiSaver will also have impacts for councils.

Local Government Quarterly Economic Insights

On 7 April, LGNZ launched our new Local Government Quarterly Economic Insights report. This report, developed in partnership with Infometrics, will be produced quarterly and provides insights into the economy with specific relevance to local government. The report is exclusive to LGNZ members and is intended to make sure they are the best-informed people on local government economic data. It will also support LGNZ's policy and advocacy work.

The first edition was well received. There were high levels of engagement in the associated zoom, and we received positive and constructive feedback from members. We then worked with Infometrics on the briefing schedule and the next issue, which was released in early July. We are keen to respond to member feedback, and have identified rates capping, contextualising rates against utilities and other charges, and regional sector specific topics as areas to explore in future editions.

DIA metrics release ("council profiles")

These profiles, based on a range of metrics taken from LTPs and annual reports, were originally scheduled to be released on 30 June, although this was later delayed. National Council discussed the profiles and associated issues at a special meeting on 30 May.

In May, LGNZ proactively sought changes from DIA based on a range of concerns. As a result of this advocacy:

- DIA shared group medians and the data of other councils within that council's group.
- Each council profile will now link to that council's website (for example, a page with LTP or other plan data) and councils will be able to specify what page.
- The government metrics website and guide will provide specific context about why some councils might be different from the median; for example, being high growth, high tourism, or recovering from a natural disaster.

While we are pleased that DIA agreed to these changes as a result of our advocacy, we recognise members will remain concerned that there's not enough information about their specific context, including the specific pressures on your council and how you are dealing with them, or what your community gets for this investment.

On 11 June, we released a guide to support councils' communication planning for the launch, which is now expected to be in mid July. We've received positive feedback on the guide from members.

Regional deals

Cabinet announced that the first Regional Deal Memorandum of Understanding will be decided before July (and announcements of the regions selected were subsequently made in early July). These regions will negotiate a final deal, which may require enabling actions to take place. The end of 2025 is the target for signing the deal.

Rates capping

In March, we submitted on a petition before Parliament seeking to limit local authority rates increases to a maximum of the annual inflation rate. We do not expect this petition to progress through Parliament due to its overlap with the Government's local government work programme. However, submitting on the petition was a good opportunity to set out the clear evidence against rates capping and highlight the pressures facing councils to Parliament.

We understand that rates capping was discussed at the Cabinet Economic Policy Committee in the week of 31 March. To support these discussions, LGNZ sent letters to Ministers on this committee highlighting the likely impacts of rates capping on their portfolios and objectives. LGNZ also reiterated concerns about rates capping to the Prime Minister and Minister of Local Government during our regular meetings as discussed above.

In line with direction from the May National Council meeting, we developed a paper on our approach to rates capping, including that a stronger public campaign may be needed, and shared that with members for discussion at this year's AGM. We also held a zoom to help members prepare for the AGM discussion. If the AGM agrees the direction of travel, then we will develop a plan for this campaign and hold an AGM in 2026 to gain a member mandate before launching that campaign.

We have also supported member advocacy against rates capping by developing and distributing a set of messages and a letter template that can be used by elected members.

As part of our advocacy, there needs to be an acknowledgement of the public mood around rates. We also need to clearly set out other approaches to achieving the Government's aims. To take the next step in our advocacy, we want to engage with members on exactly what this response could look like.

Water services reform

During this period, councils were consulting on aspects of their Water Service Delivery Plans with communities. This has included decision making about the future water services delivery model. For many, this has put these reforms (and their implications for councils) in the spotlight. Plans need to be finalised and submitted to the Secretary for Local Government by 3 September 2025. The

Minister has called for councils to consider including other councils in their delivery model – and has made it clear that extensions of time are unlikely to be granted.

LGNZ made its oral submission to the Finance and Expenditure Committee in March on the Local Government (Water Services) Bill. This submission sought a range of improvements to the legislation to provide greater clarity and certainty for councils. The committee reported back to Parliament on 3 July 2025 and adopted several of our suggested changes. These include: adding supporting growth as an objective for water service providers; clarifying the development contribution provisions to ensure a smoother transition of these for councils who set up water organisations; and clarifying the accountability framework to give water organisations greater separation from shareholding councils (as is the case for other CCOs).

Resource management reform

RMA replacement

The Government announced further details of its plan to replace the Resource Management Act, following the reporting back of the Expert Advisory Group tasked with designing a “blueprint” for replacement legislation. This has significant implications for local government in a variety of areas. The current RMA will be replaced with a Planning Act and a Natural Environment Act. Both will be enabling of development.

While there is plenty to support in the reforms, there is a significant move towards standardisation and narrowing of the scope of the resource management, which could mean limiting local input into planning and environmental management decisions.

We developed and shared [an explainer](#) identifying key issues for councils, and held an Ako Hour webinar with Buddle Finlay on 16 May. We’ve recently shared an analysis of [what we think councils need from the new system](#) and are seeking member feedback.

Another particular area of note is the implications for regional councils if the proposal to remove compliance, monitoring, and enforcement functions and shift them to a centralised body goes ahead. The Government has noted that this raises questions about the structure and functions of the local government system as a whole, and it will consider this and what should be done to address it later this year.

We have raised the issues flagged above in our regular meetings with Under Secretary Simon Court and Minister Chris Bishop, and are approaching the Ministry for the Environment on how we can work more closely with them as further policy decisions are made.

We’re also working closely with Taituarā, Te Uru Kahika, and the New Zealand Planning Institute on our response to the reforms, particularly on how we can collaborate together to input constructively into the new spatial planning system.

National direction changes

The Ministry for the Environment has opened consultation on [16 new or changed pieces](#) of National Direction under the RMA. These are in three packages:

- [Package one](#) – infrastructure and development changes (covering electricity generation and network changes, housing changes, and natural hazards)

- [Package two](#) – primary sector changes (covering marine aquaculture, highly productive land, commercial forestry, stock exclusion, and mining and quarrying)
- [Package three](#) – proposals to amend the National Policy Statement for Freshwater Management 2020 and the Resource Management (National Environmental Standards for Freshwater) Regulations 2020. Further consultation will be undertaken later this year through an exposure draft process, which will have more detail.

Consultation for the first three packages is open until 11.59pm, Sunday 27 July. We expect a fourth package looking at how the first pillar of the Going for Housing Growth programme could fit into the new resource management system to be consulted on in early June. We're currently reviewing what all this means for councils and will submit on aspects of these proposals.

Transport

We submitted on the Government's legislation to enable time of use (congestion) charging. While we are highly supportive of time of use charging, we have concerns about the highly centralised model that the Government is proposing, which would see councils having little control of the design or operation of the schemes, and how any revenue from them is spent.

Our Transport Forum met virtually on 12 May. They covered a range of topics: potentially proposing alternatives now that NZTA has halted its proposed emergency works changes; transport perspectives on resource management reform; and an update from the Road Efficiency Group.

Looking ahead, the Government has indicated it will be taking Cabinet decisions on transitioning to Road User Charges for all vehicles this quarter, and we'll be looking closely at the details given the implications it will have for asset management and funding and financing in the transport space.

In April, NZTA announced it would no longer be going ahead with changes to its emergency works funding. These changes would have seen a significant reduction in the additional funding made available to councils to repair transport networks following a natural disaster.

The proposed cuts would have significantly affected local transport networks, particularly in rural areas and other isolated communities, and came at a time where many councils were grappling with the cost of repairing damage caused by the severe weather events of early 2023.

LGNZ advocated strongly on this issue, including through speaking directly with the Minister of Transport and NZTA, submitting on the consultation document, and raising our concerns in the media. NZTA has signalled they will now work on alternative reform options, and we will engage constructively to ensure they land on an option that works for councils.

Climate change

We engaged with the Climate Change Commission on the second National Climate Change Risk Assessment (NCCRA). The assessment will look at all the climate risks the country faces and identify priorities to focus on. This risk assessment is due to be delivered to the Minister of Climate Change by August 2026 and will inform the Government's National Adaptation Plan.

With the Government's climate adaptation framework set to be released later this year, we are planning member engagement to inform our submission. This legislation is expected to have

significant impacts for local government and the topic is politically sensitive. Collating and mediating divergent member views will require care.

Other policy issues

Seismic strengthening

With the work of the Government's review into the seismic strengthening regime progressing at pace, our reference group chaired by Manawātū District deputy mayor Michael Ford met to get an update from the local government representatives on the MBIE steering group, and to start considering LGNZ's submission on the eventual legislation.

Electoral Reform Working Group

We consulted on the Electoral Reform Working Group's draft position paper, with this closing on Monday 28 April. Engagement included all zone meetings, the Local Government Business Forum, and with members of Auckland Council's local boards.

The Electoral Reform Working Group presented its final recommendations for endorsement by National Council at its May meeting. After National Council agreed to the working group's recommendations, we finalised the position paper. This will be launched at SuperLocal by working group chair Mayor Nick Smith. As well as this plenary session, the working group will host a breakout that explores the final recommendations in depth.

We are now planning post-launch actions, in terms of government relations and concepts like a local government week.

In June we secured funding from councils to sustain Policy.nz, which otherwise would have ceased to exist. The Electoral Reform Working Group's recommendations reinforce the importance of voters being able to access information about candidates and their policies.

Connect

Member visits and zone engagement

We continued our member visits, visiting, Waipa District, Waikato Regional, Waitomo District, Tauranga City, Whanganui District, and Manawatu District during this period as well as connecting with a range of Mayors and CEs.

Sam or Campbell and at least one LT member attended in-person all zone meetings between March and June.

Women in Local Government

In late February we emailed all women elected members with an update on our work, including a link to a Whatsapp group where they can chat with each other, our advocacy on the anti-stalking legislation and a link to Australian research. More recently we have facilitated media around the threats some women are experiencing, with Susan also providing comment as discussed in the media section above. Minister for Women Nicola Grigg launched a toolkit targeted at women leaders at our 1 May All-of-local-government meeting, which has been positively received.

We are planning a breakfast event ahead of SuperLocal, which has strong registrations. The keynote speaker will be former Minister Tracey Martin.

All-of-local-government meetings

The 1 May All-of-local-government meeting was the last before the elections. Before the main programme, we held a session on abuse and harassment that elected members are facing. Minister Nicola Grigg will launch her toolkit, and a guest speaker from Reliance Risk covered practical tools and strategies any elected member can use when you're faced with this behaviour in the community. We also launched a toolkit that pulled together all the work we have done on elected member safety and security in the past 18 months, so that it's easy for members to access and use.

The main programme for that meeting focused on delivering infrastructure for growth. Highlights included Minister Watts participating in an engaging q+a with attendees, speakers including Minister for Building and Construction Chris Penk, industry thought leaders such as Infrastructure Commission and Simplicity's Sam Stubbs, as well as speakers from S&P Global Ratings, the Treasury, and the Opposition – alongside a number of high-quality case studies.

We are having early conversations with current sector chairs to plan for the November sector meetings. These sector meetings will be an opportunity to connect as a sector for the first time in the new triennium and vote on sector chairs. There will be time set aside for priority setting, which will feed into subsequent National Council strategy sessions.

The theme for the first All-of-local-government meeting of the new triennium in February will be "Making an impact in our communities – the role of data, collaboration and innovation". We are currently working to secure Sir Brian Roche as our keynote speaker.

SuperLocal25

We launched promotion and registration for SuperLocal 2025 on 10 April. We have a stellar line up of speakers One NZ's Chief Executive Jason Paris, who will provide his reflections on the value of a strong local government sector to the business community; Google Cloud New Zealand's Natalie de Boursac who heads the local government team and will focus on technology's role in driving efficiencies and high performance; and our final key note speaker Mark Di Somma – a strategist behind LGNZ's first localism campaign. Key political speakers include Deputy Prime Minister David Seymour, Minister Chris Bishop, Minister Simon Watts and Minister James Meager (with Minister Louise Upston speaking to MTFJ), along with the Leader of the Opposition. The Prime Minister will be providing a video.

The programme was finalised in June, with speaker briefings and panel meetings underway. We have a comprehensive breakout programme this year to complement a tightened plenary, with a wide range of topics covering current issues and reforms, driving change, tools for success and benchmarking.

Our three key pieces of LGNZ work launching at Superlocal are an economic data piece which quantifies the contribution of local government's investment to the country's economy; the final recommendations from the Electoral Reform Working Group Chaired by Mayor Nick Smith; and a guide spearheaded by CBEC on improving relationships between councils and community boards.

Sponsorship has been strong despite a difficult economic environment. Similarly, exhibitors have been strong, with booths sold out. We have successfully used all our channels to promote attendance and we are also keeping a close eye on conference costs.

Finalists for the SuperLocal Awards have been announced. We saw an excellent quantity and calibre of entries this year, with the largest category receiving over 20 entries. Winners will be announced at the Awards Night, again sponsored this year by Fulton Hogan. Our judges have been very generous with their time – it has not been a small task to review, score and comment on every entry.

2026 events calendar and forward planning

We have developed a draft events calendar for 2026 that has received National Council feedback and will be circulated to members in July.

Vote25

We updated the Candidates Guide and other material on the Taituarā-hosted VoteLocal website – this has launched with the Ākōna pre-elected learning for candidates (discussed further below).

We are rolling out a social media campaign designed to support people to register, stand and vote. This includes a focus on what councils do and why this matters to communities.

We have been engaging with policy.nz, which has struggled to secure funding for its web platform for candidates. We are pleased to report that in June LGNZ coordinated between councils to raise the funding needed to keep the platform in place for the 2025 elections. Policy.nz is the only comprehensive, nationwide source of candidate information that's hosted by a neutral third party. Being able to easily find out information about candidates is an important part of the local

democratic process and policy.nz was identified as a useful tool for voters by our Electoral Reform Working Group.

Regional Sector

The President briefed Chairs, Mayors, and CEs of the Regional Sector in April on his conversation with the PM around potential impacts on local government of RM reform. There was a discussion on the best approach to this issue at the regular LGNZ meeting with Minister Bishop.

The May Regional Sector Meeting focused on the future resource management system, with Secretary for the Environment James Palmer speaking. The meeting also included engagement with the Minister of Conservation, Māori Crown Relations and Māori Development Tama Potaka.

LGNZ has supported planning for Te Uru Kahika's plenary session, which brings together CEs, Chairs and Mayors, and the leaders of the Te Uru Kahika's special interest groups. This will be held on 11 September 2025.

We have been working with the new Chair and co-deputy Chair to help establish them in their new roles. The next Regional Sector meeting will be online on the morning of 8 August. This is likely to focus on the wide range of reforms currently affecting the Regional Sector, including resource management and water.

LGNZ Acting Policy Director Simon Randall will accompany the Regional Sector on their annual pre-conference tour, which will visit the West Coast.

Te Maruata

Te Maruata whānui held an in-person hui in Taupō from 3-4 April with the theme Ngā Maunga Koutuutu. This acknowledges the three tipuna maunga in the rohe and the role they hold in terms of kaitiakitanga. It also references bringing people together to wānanga and share kōrerō and insights to support each other. Over 60 Te Maruata members from across the motu attended the event. Speakers included Tina Porou (Poipoia), Sharon Te Rangi (Tainui Live) and Lauren Fletcher (Tūrangitukua Chair) covering kaupapa such as Taiao, Partnership and Elections. Members visited key locations in Taupō including He Whare Hono o Tūwharetoa – a building owned by Tūwharetoa that brings together the Iwi, council and other key agencies under one roof; and Pūkawa Marae, a significant landmark in the connection between Tūwharetoa and the Kiingitanga. The final evening was a celebration of all the great mahi the network has seen over the last triennium, with Trevor Maxwell and Peter Moeahu being inducted into the Te Maruata Hall of Fame.

Te Maruata Rōpū Whakahaere met in April and are working on several key kaupapa, including supporting the development of a plan that spans Vote25, elections and induction, to support Te Maruata members and councils holding referendum. Also top of mind is Te Maruata involvement in the development and delivery of SuperLocal.

Te Maruata Rōpū Whakahaere met again at the end of May for an in-person hui. Several key kaupapa were discussed, including preparations for SuperLocal 25. The Te Maruata pre-conference hui will be held on 15 July at the Christchurch Town Hall, with the theme being Te ngana o Tū te pou o Rongo – which speaks to the balance of all things and how this intersects the roles and responsibilities of Māori elected members.

LGNZ four-monthly report for member councils: March – June 2025 // 16

Te Maruata rōpū whakahaere will be supporting several aspects of the SuperLocal programme including the whakatau, poroporoaki, awards and breakout sessions.

Also discussed at the hui were opportunities to guide RM reform submissions, the ongoing workplan and the mahi around support heading into elections (specifically around Māori wards referenda), and induction.

Young Elected Members Network

We are producing an induction document for YEM that includes its history, the purpose of the committee, the programme of events and key achievements so far. We are working with the YEM Committee on a plan to release it.

The Young Elected Member Network committee met in early June to sign off the programme for their pre-Conference hui. Former National Minister Paula Bennett and Former Labour Minister Kelvin Davis will be guest speakers.

The committee agreed a fee would apply for all in-person events in the next triennium, apart from the pre-conference hui for member councils. The committee noted that, to stay true to the network's roots, YEM events need to strike the right balance between a structured agenda with time to network and leveraging the safe space YEM has created over the years.

Community Boards

CBEC met in May to discuss a range of issues including their forthcoming guide launch at SuperLocal. CBEC will have a booth in the exhibition space so that this work has maximum visibility and we are working with them on what that will look like.

Support

Ākona and Induction 2025

The pre-election learning was launched on 14 April. This interactive course steps potential candidates through what it means to be an elected member. It offers three videos, two e-modules and a range of downloadable resources designed to educate potential candidates and offer insight to the general public on the reality of being an elected member. The three animated videos look at: 'Structure of Local Government', 'Roles within a council' and 'How councils are funded'. The two e-modules cover: 'Stepping into Local Leadership: The role of an elected member' and 'Stepping into Local Leadership: The life of an elected member'.

As of mid-June, since the launch of the pre-election learning, the site had received 1,028 views, with 453 people actively accessing the learning. These are very good numbers, especially given registration to run for office did not open until 1 July and interest in elections is only just ramping up. Feedback from councils has been all positive, with those spoken to confirming that they are sharing the links and promoting the learning on their websites.

We have decided to allow non-members to attend Mayors' and Chairs' Schools and elected members induction at a premium rate. We believe this is appropriate from the principle of supporting councils setting themselves up for success at the start of the triennium. Attending helps non-members understand the full breadth of LGNZ's work and makes rejoining more likely. The price differential will be sufficient to avoid disincentivising membership.

Logistics for the Mayor Induction, Chair Induction and EM Induction hui are almost in place with agenda construction nearly finalised.

In other work, development of the Team Builder Toolkit is going well and it's on track for release in August. Development of the 2026 workshop schedule and Ako Hour Academy schedule is also going well, with both due for release in July. Construction of the updated Ākona site and conversion of the Emodules is nearing completion. The Ākona team continues to work with councils to ascertain what local content they want added to the Ākona site.

Te Korowai – CouncilMARK

In April, we launched the new Te Korowai webpage and digital prospectus, making it easier than ever for councils to explore what the new programme offers and how it can support their improvement journey.

We have already completed three assessments under the new programme,:

- Waikato Regional Council
- Otago Regional Council
- Ōtorohanga District Council

In May, we were on the ground with Central Hawke's Bay District Council for their on-site assessment. Next up, we're excited to launch the Integrity Survey with Marlborough District Council

ahead of their July assessment. This will be our first unitary authority to participate under the refreshed Te Korowai banner. Central Otago District Council is also preparing for its assessment in August.

Undertaking an assessment during an election year provides multiple benefits: it supports operational continuity, offers valuable insights for incoming elected members, and gives councils a clear, independent view of how they're tracking—like a 'warrant of fitness' for local government.

For councils not ready to commit to a full assessment, Te Korowai also offers staged entry options. A great starting point is the Integrity Survey. This tool goes beyond traditional engagement surveys by assessing how well strategy and values are aligned across the organisation, including with elected members. It's also an effective early intervention tool for identifying issues before they escalate.

Other staged options allow councils to focus on specific areas—for example, a targeted assessment of financial health.

Te Korowai is presenting at SuperLocal as part of two breakout sessions.

Roading Efficiency Group

The Road Efficiency Group (REG) programme is now in its 10th year of LGNZ involvement, and is coming to the end of this financial year's work plan. We are proud to be a Roothing Efficiency Group (REG) partner and will continue to support the 2024-2027 programme.

We have worked hard to further develop the REG relationship and ensure alignment with our Transport Forum and add value where we can.

Our involvement provides increased support for the sector, and over the past five months we have seen significant increased activity in the REG programme. We are planning to develop an online platform for REG, which involves developing an online learning solution for REG and migrating all the historical content over the course of the next two years to Ākona.

REG is presenting at Conference as part of two breakout sessions.

Governance support

We are currently supporting several councils to navigate sensitive issues, albeit on the sidelines given we have not formally been asked by the council to intervene. Alongside this work are the numerous calls we receive for general advice and support.

Work continues on updating LGNZ's suite of governance guides. The first products of the shelf were the Standing Orders' templates and the Standing Orders' Guide. The templates and Guide were updated to reflect legislative changes made over the last three years and to incorporate additional guidance where this has been requested, for example, information on workshops following advice from the Ombudsman and clarity on the new quorum rules.

Other guides to be updated include:

- Guidance for new mayors and chairs;

-
- The community boards' governance guide (this will also include the council/community board relationship guide when complete);
 - The tax guide for elected members; and
 - The CE Recruiting Guide.

LGNZ has received a number of queries from councils about whether our Code of Conduct template will be updated. We have plans to streamline the Code of Conduct template, based on feedback from users. However, the Local Government Commission has been charged with developing a model Code of Conduct, and there may be further changes as a result of the LGA amendment bill due to be introduced in the middle of the year. So our template update is on hold until the picture is clearer.

Work is also underway on a Guide to help councils determine governance and decision-making structures. This Guide is intended to assist councils to look at the pros and cons of different governing arrangements, such as the pros and cons of establishing committees, whether committees should have delegated responsibilities, or simply be advisory, and whether they should be committees of the whole, or not.

2025 TUIA Programme Report

July 2025

Kia ora,

This is an update on how things have been going in the 2025 TUIA Programme so far.

The programme this year has had a bit of a slow start for me, but I have already taken a lot away from it. Being part of TUIA has challenged my thinking and given me valuable insights around leadership, my role in the community and the direction I want to take next. I have thoroughly enjoyed it so far and look forward to building on that over the rest of the year.

So far, I've attended the first wānanga of the year, Tuia i Runga, hosted at Pōhara Marae. The kaupapa focused on "weaving above", exploring our connections to our tūpuna and whakapapa, to te ao wairua, and to our aspirations as future leaders.

One of the biggest highlights for me was visiting Maungatautari. We got to walk through the bush and spent time learning about the ecological sanctuary there. I was genuinely blown away by the commitment and effort from the local iwi and community to protecting the bush and native manu. One of the volunteers spoke to us about the intense care taken to maintain the pest-proof fence, and how even a small breach is treated seriously and fixed straight away. It showed me what kaitiakitanga in action looks like, not just as a concept, but as something that is lived and protected daily.

Another highlight for me was being surrounded by like-minded rangatahi from around the motu. All of us young Māori, all on our own journeys, and all deeply passionate about giving back to our communities. Being in that space made me feel understood and supported. Some of the kōrero I had with other Tuia participants helped shift my thinking about what's next for me and actually gave me the confidence to explore studying at university next year. Their honesty around things like juggling study with work, staying grounded and dealing with imposter syndrome really stuck with me.

While I haven't been able to attend all wānanga due to illness and the most recent wānanga in Nelson being cancelled due to the State of Emergency there, I am committed to attending the rest of the wānanga throughout the year and look forward to continuing my journey through the programme.

For my community service project, I've started exploring a kaupapa around emergency preparedness and flood awareness in Kauangaroa, where I now live. My whānau was directly impacted by the 2004 flood, and recent heavy rainfall events have reminded me how important it is for our community to be prepared and informed.

After reading the Whangaehu Flood Resilience Uplift Project and learning more about the work that has been done, I've become interested in how I can contribute at a local level, especially in

ITEM 9.1**ATTACHMENT 2**

supporting whānau preparedness and safety planning. I want to have further discussion around this kaupapa with my neighbours, the community and the Rūnanga as I believe that this would be a meaningful and relevant kaupapa to build my community contribution around.

TUIA is already helping me to grow and develop my leadership skills not just in theory, but through the real-life mahi I'm starting to do in my own community.

Ngā mihi nui,

Faenza Hiroti

Subject: Urgent Request to Reassess Speed and Safety Measures on SH1 South of Taihape through to Winiata Marae

Tēnā koutou,

Following a community consultation held on 19 July 2025, I am writing on behalf of the local community to raise urgent concerns regarding the safety and traffic conditions along the section of State Highway 1 (SH1) that runs south of Taihape, from the Rauma Road intersection through to Winiata Marae.

This stretch of road is vital to our community, as it services both **St Joseph's Catholic School** and **Winiata Marae**—two taonga (treasures) of our region that are frequented by tamariki, whānau, kaumātua, and manuhiri, alongside the residents of this area. The current open road speed limit of 100 km/h is inappropriate and unsafe for such a significant and heavily used community corridor.

The community has strongly expressed the need for:

- A **speed limit reduction**—ideally to **50 km/h** in the immediate areas surrounding the school and marae, and no more than **80 km/h** along the full corridor from south of Taihape to Winiata Marae.
- **Improved signage** clearly alerting motorists to the presence of a school, marae, residential areas, and frequent turning traffic.
- The adoption of **innovative and technological solutions** to reduce/ manage speed during key times — including school pick-up/drop-off hours, hui and tangihanga gatherings at the marae, and holiday and peak traffic periods.
- A **full reassessment of the road design and layout**, including consideration for a **turning bay for northbound traffic turning into Rauma Road**, to address safety risks and reduce the likelihood of further incidents.

Recent accidents in the area — including the one on 15 July near the SH1/Rauma Road intersection — only confirm what the community has long feared: that without change, more serious or even fatal incidents are likely to occur.

The wellbeing and safety of our tamariki, our kaumātua, and all road users must be the top priority. We are asking NZTA/Waka Kotahi to act urgently to review and improve safety measures along this section of SH1, in partnership with our community, Rangitikei District Council, and mana whenua.

We appreciate your attention to this matter and trust that you will respond with the urgency and seriousness it deserves.

Ngā manaakitanga,
Peter Hijazeen

9.2 Update on Te Rōpū Ahi Kā Komiti

Author: Grace Taiaroa, TRAK Member

1. Reason for Report

- 1.1 A verbal report will be provided during the meeting.

Recommendation

That the report 'Update on Te Rōpū Ahi Kā Komiti' be received.

9.3 Lake Waipu Improvement and Ratana Wastewater Treatment Project - Update**Author:** Arno Benadie, Deputy Chief Executive**Authoriser:** Carol Gordon, Chief Executive**1. Reason for Report**

- 1.1 This update has been extracted from the Project Management Office report that was provided to Council.
- 1.2 It is provided here for the Board's information.

2. Rātana Wastewater Discharge to Land (Project Manager – Steve Carne)

- 2.1 The project is in a holding pattern awaiting approval to proceed with track pricing and hard stand construction, needed to enable the pipe materials to be delivered. Work on designing the large dam that will store the treated wastewater, up to Building Consent status, continues with WSP and external experts.
- 2.2 A pre-hearing meeting with all three submitters to the new Ratana consent was held at Horizons Regional Council. A full hearing date has not been set yet.
- 2.3 Also as outlined at the Assets / Infrastructure Committee meeting on 10 July, due to relative high salinity of treated wastewater in the Ratana oxidation ponds, (caused by the softening process at the water treatment plant), it is likely that land irrigation of Ratana effluent as proposed could be problematic.
- 2.4 Investigation of the engineering feasibility of an alternative arrangement involving long distance pumping of Ratana effluent to the new Whanganui District Council / Kaitoke Prison wastewater connection is almost complete.
- 2.5 The estimated cost of this alternative solution is \$4.6M which is approximately 60% of the estimate of the previously adopted solution.
- 2.6 A second alternative of reticulating Koitiata and receiving flows at Koitiata from Ratana and discharging these flows via a small ocean outfall at Koitiata is also being considered for its engineering feasibility and costs.

Recommendation

That the report 'Lake Waipu Improvement and Ratana Wastewater Treatment Project – Update' be received.

9.4 Cemetery Update - August 2025

Author: Kezia Spence, Governance Advisor

1. Reason for Report

- 1.1 This is a standing report that will update the Board on new burials within the Rātana Cemetery since the 01 June 25 to the 31 July 25.

2. There was one reservation

- 2.1 Reserved Plot 31/ Block 1/ Row 17A

3. Burials

- 3.1 Plot 28/ Row 16A on 21/06/2025
3.2 Plot 318/ Row 15 on 02/07/2025

Recommendation

That the report 'Cemetery Update – August 2025' be received.

ITEM 9.5

9.5 Consultation Tracker - July

Author: Kezia Spence, Governance Advisor

1. Reason for Report

- 1.1 This is included for the Committee's information. The attached schedule will be update regularly.
- 1.2 This dashboard highlights the topic, staff lead and expected consultation period. There is a lot planned across the local government sector and for our Council over the next 12 months, so it is of benefit to provide this to not only Council but also our community committees on a monthly basis.

2. RDC Website

- 2.1 Council's website lists all open and recently closed consultations (see the below weblink). This is also where individuals can make submissions.

<https://www.rangitikei.govt.nz/council/consultation/current-consultations>

Attachments:

9.6 Funding Schemes Update - August 2025**Author: Kezia Spence, Governance Advisor****1. Overview**

- 1.1 Council currently administers four funding schemes for the Rangitikei District, these are:
- Community Initiatives Fund
 - Events Sponsorship Scheme
 - Creative Communities Scheme
 - Sport NZ Rural Travel Fund

2. Community Initiatives Fund

- 2.1 This is a Council fund intended to support community-based projects in the Rangitikei District that develop community cohesion and community resilience.
- 2.2 Council allocated \$30,000 to this fund annually, to be distributed across two separate funding rounds.
- 2.3 Round one 2025/26 is now open and closes on the 31 August 25. Decision will be made at the Community Grants Committee meeting on the 11 September 25.

3. Events Support Scheme

- 3.1 This is a Council fund intended to support events in the district that help to develop community cohesion and reinforce economic growth.
- 3.2 Council has allocated \$25,000 to this fund annually, to be distributed across two separate funding rounds.
- 3.3 Round one 2025/26 is now open and closes on the 31 August 25. Decision will be made at the Community Grants Committee meeting on the 11 September 25.

4. Creative Communities Scheme

- 4.1 This fund is supplied by Creative NZ and administered by Council. Applications are encouraged from community groups and individuals whose projects:
- Demonstrate growth over time
 - Develop and support local artistic communities
 - Encourage a transfer of artistic skills
 - Support diversity and inclusion
 - Projects with a youth focus are also encouraged
- 4.2 Creative NZ typically allocates \$24,090 (+ GST) to the Rangitikei District Council on an annual basis, and this is distributed across two separate funding rounds.
- 4.3 Round one for 2025/26 opens on the 11 August and closes 19 October. Decision will be made on the 12 November 25.

5. Sport NZ Rural Travel Fund

- 5.1 This fund is supplied by Sport NZ and administered by Council. The fund is targeted at young people aged between 5 and 19 years and is open to rural sport club teams and rural school club teams with eligible members who require subsidies to assist with transport expenses to local sporting competitions.
- 5.2 Sport NZ allocated \$9,500 (+ GST) to the Rangitikei District Council on an annual basis. There is one funding round per year.
- 5.3 The round will be opened 11 August 25 and will close 29 March 2026. Decision will be made by the Sport NZ Travel Committee in April.

6. Further Information

- 6.1 More details about these funding opportunities can be found on the Council website (link below) and this is also where applications can be submitted:
<https://www.rangitikei.govt.nz/district/community/grants-funding>

Recommendation

That the Funding Schemes Update – August 2025 be received.

10 Meeting Closed.
