	\$	
	\$	
<i>Petrol, Repairs + Maintenance, Other vehicle Expenses, Insurance, Depreciation (50% of total costs relate to sports)</i>	\$	<i>14752.93. (This is 50% of total costs)</i>

Distance travelled to local sport competition:

16,714 km.

A brief description of the benefits that have been achieved with these funds:

These funds have enabled our students to travel to sporting matches in Manawatu, Wanganui, Ruapehu and Taihape as all their competitions are held outside of the Marton township (no secondary sports are domiciled in Marton township)

With approx. 60% of our students participating in physical activity i.e. sports these funds have enabled us to operate 4 college owned vans to transport our students so they can participate in their chosen sport. T

In your opinion how did the rural travel fund assist your team / organisation in increasing participation in your local sport competition in rural areas?

The Rural Travel Fund meant we were able to keep our sports fees low so that students were able to participate in their chosen sports - with the costs of these sports not being a barrier to participate. Many students now play 2 or even 3 sports at the same time due to this financial assistance.

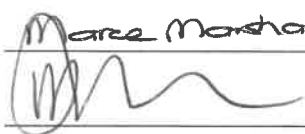

Participation numbers continue to increase in a number of sports in particular Basketball, basketball, netball, volleyball and also in non-traditional sports like weightlifting as we enter the 2020 sports season.
