

10 10 2018 Taihape Community Board October Meeting.

Welcome everyone.

Meeting with Jo re submission about Motorhome Campervans and filming of the site at the Weka Street Extension. Also talked about the community notice board.

Gaylene re the Taihape Community Notice Board. Waiting on this to be put up, looking at collecting all information from Organisations about what's on in Taihape. Dog Bin is here, to re-discuss with Gaylene when it will go in.

Meeting with Fifth Season Design about lighting up Taihape, submission is a late item.

Attended the Bulls Wearable art with Rangitikei District Council staff, great night, well done to everyone involved.

July Workshop

Attended Workshop in Palmerston North, how to chair effective meetings. It was a very good workshop to attend. Need to relook at our Code of Conduct, to be a stronger Chair to stop side chatter etc and other behaviours. I believe our meetings tend not to run too much over time, but in the future will discuss with Michael timings over agenda items.

Please remind any groups that you are involved with that applications are open with Rangitikei District Council for events, must be in before 1st November, please direct your groups to the website or talk to staff in Marton.

Regards

Michelle

Taihape Community Board Agenda Item Submission Form

Meeting date: 10/10/2018

Submitted by: Michelle Fannin

Agenda item: Motorhome Campervans at Memorial Park Taihape

Description of issue to be tabled

Where could we put self-container motorhome POP, memorial park is the favored site, because of it is central to the town, great scenery, Dog friendly great walk for both dogs and owners, Pool is right there, Playground, close to the shops, hard ground in summer, flat ground.

To work with other affected users of the park, to where we can put campervans. We do not need to wait until the amenities block is started. Make sure that we also include Gumtree Motorhome Camp in the discussions.

Won't take a lot to make the place user friendly, paint the triangle area of the pavilion dark green, add a few low maintained gardens, main plant should be the Kowhai.

Look at the area around the old women's bowling club.

Develop the area but not to overdo it.

General tidy, add good planting, paint up certain areas, keep it simple, the area can sell itself.

Resolution sought

Taihape Community Board recommends to Council and the Motorhome Association to work together with Taihape Community Board on turning the Weka Street extension turn around area into a Motorhome Friendly designated area as soon as possible.

Outcome

That motorhomes have an opportunity to stay in Taihape in great surroundings.

Please ensure that this form is with Michelle Fannin (michelle.fannin62@gmail.com) no later than five clear working days before the meeting (i.e. close of business on Tuesday the week before the meeting) and at the same time send a copy to Sheryl (sheryl.srhoj@rangitikei.govt.nz).

Taihape Community Board Agenda Item Submission Form

Meeting date: 10/10/2018

Submitted by: Michelle Fannin

Agenda item: CBD Lighting for Annual Plan Process

Description of issue to be tabled.

Footpaths done, Gardens started, now we need to look at lighting.

What is our story? What are the feelings about the look of our town?

With creative communities' ideas were put forward, now that it's coming together let's think about lighting.

Taihape beginnings happen well before European settlement, to talk to all 4 iwis for their ideas.

This is to go into the annual plan for 2019/2020 in the draft version not as a submission after the fact.

What should our priorities be? To get concept drawing done for all areas but spilt up areas to suit funding available. Taihape to lead the way for lighting and street scape.

1. Town Hall
2. Triangle
3. Alleyway between Paperplus and to the gardens of the boot throwing area.
4. The Gumboot
5. Under Veranda Lighting
6. Private Owners

Create a night scape, to keep it simple, all hidden, cost effective, green, vandal proof, safety. The view to the town clock as an example should be on show, not on the lighting fixtures. Clear the clutter show what we want to show off we.

When is the lighting on the radar for council, upgrades etc.

Resolution sought

That Taihape Community Board recommends to council that we work together on lighting plan throughout the Taihape CBD. For this to be part of the Annual Plan process and not as a separate submission from Taihape Community Board, so that Public consultation can be involved sooner in the annual plan planning speeding up the whole process.

Outcome

That Taihape is leading the way with better lighting, Health and Safety, Green, cost effective lighting. A less cluttered look the town general looking better and safer.

Please ensure that this form is with Michelle Fannin (michelle.fannin62@gmail.com) no later than five clear working days before the meeting (i.e. close of business on Tuesday the week before the meeting) and at the same time send a copy to Sheryl (sheryl.srhoj@rangitikei.govt.nz).
