Tēnā Koe, Minister

Land-locked land in the northern Rangitikei

Recently the Prime Minister announced changes that would allow the use of funds from the Provincial Growth Fund to facilitate the resolution of transport issues in Northland, including accessing land-locked land.

As you are aware, I am passionate about finding a solution to the issue of land-locked land in the Rangitikei. I would like a meeting with you soon to seek advice and direction as to how the Northland approach could provide a pathway to resolving our long-standing access challenges.

Nāku noa, nā

Andy Watson
Mayor of the Rangitikei District
