## **10 Turakina Cemetery Management**

The Chair gave the following verbal update:

- Met with Mr Murray Phillip, Parks and Reserves Team Leader, at the cemetery.
- Litter bin has been installed at the gate, unfortunately fly tipping has become an issue.
- The Turakina Cemetery gate sign is currently being fabricated and will be attached to the gate once we receive it back from our supplier. Completion expected within 4-6 weeks.
- A size and location for the replacement Cemetery sign was discussed. Parks staff will install the sign once received from the supplier. Completion expected within 6-8 weeks.
- Ms Roz Grant, local resident, expressed her desire to have a memorial wall with plaques for those laying in the cemetery. Due to the cost of having such a wall the Chair and Mr Phillips are exploring a memorial seat to be placed within the Turakina Cemetery. Upon agreement of a suitable seat, Council will purchase and install at an agreeable location, subject to available funding. It was suggested the Turakina Community Committee may pay for a plaque on the seat.

## **Report to Council, June 2020.**

This Council meeting will see the adoption of the Annual Plan for next year. This has been a very difficult discussion with Council balancing the desire to reduce the rates demand against the need to fund committed programs and to support the local economy.

We started with a rating increase position of around a 3.6% increase on average, we then adopted a series of cost saving measures where all budgets were scrutinised and then we had to add back in such things as the additional allowance for the Bulls Community Centre and unforeseen costs such as the repairs to the Marton B and C dam walls. The irony is that we ended up back at a figure of 3.63 %. There has been interest around why we decided not to go out for a formal submission process around the annual plan setting. Like many Councils it was done on the basis that we were following the Long Term Plan or Long Term Plan Position with no major new works planned. The focus would then be on developing the next LTP.

I agreed after many discussions with staff to support the decision at Council. I did so on the basis that we would have a public meeting with full transparency over the Bulls building costs and I note that we are still to go back to the community with a summary of some of the lessons learnt from this build, something that I have asked staff to do on completion of the project. It will be a marvellous facility but is vitally important that we learn from it particularly when we have other building projects that are imminent. I also agreed on the basis that I would still have, prior to the adoption of the plan, a series of public meetings right throughout the district to provide feedback to the process and to inform our communities. I do this every year, holding about 15 community meetings. Unfortunately, the lockdown process meant that this could not happen and I will go back to these meetings early in the new Council year to start the Long Term Plan discussion.

We have just completed the District Plan Change, Rural to Industrial Land hearing process. A considerable amount of time has been spent on it, I congratulate the submitters both those in support and in opposition for the standard of information presented and for their courage to put their position forward. It is not an easy process. The decision now sits with the Commissioner

who has adjourned the meeting to allow the independant planner to give further advice prior to any decision.

Over the last few months I have thanked on a general basis everyone for the support that has been given to provide welfare during the pandemic and support around the effects of the drought. Two awesome ladies, Emily Raynor and Lindsey Robinson want to publically give the chance for us all to say thanks. They have planned an Essential Workers parade in Broadway from 9.30am-10.00am as part of the “Doors Open Marton” event on the 27th of June in Marton. Essential workers are encouraged to meet 8.45am at Marton Park, and to wear their uniforms in the march giving us all the chance to say thanks for a job well done. The road closure for the parade will finish at 10.00am allowing everyone to stay and enjoy the event atmosphere, support local businesses including those partaking in the local market on the Village Green.

Equally we have may more amazing people in our community, Lucy Skou with Brenna O’neil and their team have said that the new park build, a project with a cost of in excess of \$1 million dollars, will happen this summer. How cool is that! These projects are never easy the heartache, committment that is required to get to that stage is considerable. Many times they have probably thought this is just too tough and it is difficult to meet everyones expectations. What we need to do is support them and applaud them!

This has prompted another Community group to investigate a community-led approach to the development of the Wilson Park Playground in Marton.

In Taihape we also have a major project with the walkway linking the Memorial Park through several bridges to Papakai Park. Again there are many key people and as always I apologise to those not mentioned but Don Tantram and Matt Thomas have been amazing. This is a huge project and it follows on from the restoration work, replanting and the new lookout at Mt Stewart in Taihape. These people have given literally years of work to their communities. Council through its partnership funds will support these projects and we will continue to support the people that have the drive to make a difference.

They are not alone and there are many other projects that I could mention, the restoration of water ways, by various groups and accords, the beautification of parks, reserve work, coastal settlement work, the lists are endless and I use the above examples just to illustrate an attitude that we should be proud of.

Council has just had another meeting in Taihape over the Memorial Park build, but we are on the home stretch. This summer we will build the new ablution facilities on the park and we are in the process of construction for the new toilets in Marton. We are also in the final stages of planning with work to start soon on the replacement for the Mangaweka Bridge. Finally we are doing what we said we would do.

Last week our Chief Executive, Peter Beggs and I made the decision to protect the “Cook statue” in Marton. This was made on the basis that we received information that it was to be damaged. The future of the statue should not be my decision so I have referred it to Council who may then decide it should be part of wider community discussion. There will be mixed views and some of them will be highly emotive but lets have that discussion respectively.

Jan Harris has been employed by MPI (Ministry for Primary Industries) to assist in welfare response to the rural communities in our region. There will be a number of rural social gatherings which will be announced shortly. Jan has an amazing attitude, one that means her requests for help always seem to be met with action.

I am a member of a small group of Mayors called the Mayor’s Task Force for Jobs and as a consequence we, along with three other rural councils were given \$100k as a trial to assist with unemployment. We have called our pilot program Mahi Tahi and it is being run in partnership with Nga Wairiki Ngati Apa in close collaboration with Louise McCoard of Ministry of Social Development. We are well aware of a significant number of people who have been made redundant over the last couple of weeks, so this funding has come at the right time. Hopefully by the time of the meeting I will be in the position to confirm both an expanded funding and a national rollout.

Andy Watson, Mayor.

## Yes Programme (Youth Employment Success)

Youth Employment Success (YES) is an online platform that launched in 2016 partnering with a variety of industries to offer free employment-based opportunities to 16-24-year-olds. Since 2016, YES has seen 112 businesses across the country offering their time, close to 1,500 opportunity requests and nearly 20,000 unique visitors to their website across the country. The Whanganui/Rangitikei district platform was launched at the beginning of June, with 80 businesses so far on-board offering opportunities for our youth.

Council, along with 100% Sweet, are engaging with local businesses to offer the same opportunities to youth to connect to local businesses in a real world way. It involves a professional short video clip of business and their staff, talking about what the job entails and how the business and industry is a great career path option. Further the business can choose from a selection of real world help they can offer an interested youth. Such options include a coffee catch up, business walk through, CV review, desk shadow, internship and lots more. Each business decides what, from the offers, they can genuinely deliver.

100% Sweet further works with youth to help them successfully complete a work ready passport which covers a range of skills from the importance of turning up on time to begin drug free, first aid and basic health and safety.

## Mahi Tahī

Mahi Tahī is the Rangitikei Employment Programme delivered through partnership with Rangitikei District Council, Te Rūnanga o Ngā Wairiki Ngāti Apa and their Te Puna - Education, Training and Employability branch, Mayor's Taskforce for Jobs and the Ministry of Social Development (MSD). The programme is delivered district wide for both jobseekers and businesses looking for staff. The primary focus is for youth under 25 **OR** anyone who has lost their job due to COVID-19. Funding is used in a bespoke manner and has a focus on working with individuals to make them job ready through upskilling, training, micro credentials and holistic wellbeing. Further Mahi Tahī can support businesses with support packages, onsite buddy training options, and more. Mahi Tahī is committed to working with local employers and jobseekers to provide effective solutions and success for all.

## Youth Council

Youth Council is excited to finally attend their postponed training day and inaugural meeting. This will be happening the 4<sup>th</sup> of July in Chambers. At his meeting they will elect a chairperson, set their vision for the remainder of the year, and implement strategy on how to deliver their vision to the community.

Youth Council, along with other youth in the district, will be attending Festival for the Future (FFTF). This conference is usually held in Wellington over a weekend, however due to the uncertainty of COVID-19, has moved to a digital platform. Although attendees are encouraged by FFTF to attend in the comfort of their own environment, Youth Council agreed they would gain more benefit from attending as a group, being able to bounce ideas and concepts off each other, creating their own festival atmosphere. This will be held at Rangitikei College, 13 – 17 July in conjunction with event ticket holders from Rangitikei College. FFTF features a diverse range of inspiring speakers, future-focused panels, brainstorming workshops and a space for creating and collaborating thoughts and ideas with each other. FFTF is not just for youth, this event offers a global conversation between people from more than 20+ countries. From world class entrepreneurs and leaders of business and government, to young people leading change in grassroots communities. Youth Council, in particular those that attended and benefited from last years event, encourage people of all ages to attend and experience FFTF on this more accessible, innovative platform. The draft timetable attached as **Appendix 1**. More information can be found at <https://www.festivalforthefuture.co/>

## John Turkington Forestry Youth Awards 2020

The 2020 Youth Awards is going ahead, despite delays due to COVID-19 lockdown. All category sponsors are still on board with the addition of Rangitikei Anglican Parish sponsoring the new category Wairua for Wellbeing Award. Youth Council will plan and deliver the Youth Award evening, taking place on 27 August at Marton Memorial Hall.

Nominations for the 10 sponsored categories will be open 13 July – 10 August. Online nomination forms can be found at [www.rangitikei.govt.nz](http://www.rangitikei.govt.nz) Attached as **Appendix 2** are the youth awards promotional posters.

## Lobby's

The Lobby Taihape was first to re-open post COVID-19 lockdown at Level two as the space allowed for the required social distancing that the Marton Lobby does not. Taihape Lobby continues to be well supervised by Mokai Patea services. Three weeks into level one, Marton Lobby re-opened. Although there has been a gradual return by regular users, this has yet to reach pre-COVID numbers. Staff are gathering information from the youth to assess what they are happy with and what improvements can be made. Staff are working on promotion and planned events to encourage greater youth participation and connection in the wider district.

**Recommendation**

That the memorandum 'Rangitikei Youth Development Update July 2020' to the 2 July 2020 Turakina Community Committee meeting be received.
