

ORDER PAPER

TURAKINA COMMUNITY COMMITTEE MEETING

Date: Thursday, 5 June 2025
Time: 7.00pm
Venue: The Anglican Church Hall, St George's
State Highway 3
Turakina

Chair: Mr Duran Benton
Deputy Chair: Ms Linda O'Neill
Membership: Ms Rachel Cvitanovich
Mr Ian Stephens
Mr Nathan Smith
Cr Brian Carter
HWTM Andy Watson

Purpose of the Committee

- To provide a local link and point of contact for Council liaison with the community.
- To provide for the exchange of information, communication, and to assist with the Council's consultative processes.
- To exercise delegated authority for the annual allocation of \$1.00 per rateable property for "defined small local works" in line with the guidelines provided¹.
- Particularly, to help ensure that any minor remedial or renewal works are brought to Council's attention through the Request for Service procedure, by promoting its use and advising community members on how to use it.
- To be the first point of contact (prior to Council) for community groups. Where this is not possible, the Committee will be informed of the approach by the community group to the Council.
- To engage with wider/small communities of the ward represented.

8 Reports for Decision

8.1 Mayor's Report - May 2025

Author: Andy Watson, His Worship the Mayor

Good afternoon

LOCAL WATER DONE WELL

There have been so many meetings since the last report to Council, most of which have been in regard to Local Water Done Well (LWDW) concerning how council delivers drinking water, waste water and stormwater. In previous reports council elected to form a regional CCO with Whanganui and Ruapehu councils and ourselves. Council, at its LWDW Deliberations Meeting held on 22 May 2025 decided as a preference to form a regional wider CCO with Palmerston North, Horowhenua and ourselves leaving the option for Whanganui and Ruapehu to join with us. Points I raised prior to that decision being made are as follows –

1. Government wants councils to form regional CCO partnerships to gain efficiencies and to lower future rate rises. They are insistent that these relationships are in place by September (i.e. made before Local Government elections in October).
2. Internal Affairs (Government) claim the efficiency gains for all councils will lie between 10 and 30% and that no council will be worse off in terms of rates by joining a CCO.
3. Councils will retain ownership by way of shareholding in the new entities after passing to the entity the assets and receiving back a credit for the loans against that asset.
4. Some councils in New Zealand will look to go alone and not form regional entities. If they do, then water services must by law be ring-fenced into separate council entities and face a high level of scrutiny and legislation. Government reserves the right to assign councils to other groups if they feel that is needed.
5. Regional entities will benefit by receiving long term loan funding at the best national rates available. This alone also serves to drive lower rates for councils in the short term.

ALL OF GOVERNMENT MEETING – WELLINGTON – 1 MAY

What I will try and do is list the pertinent points against each speaker.

- A. Welcome and background – President Sam Broughton, Selwyn District Mayor
 - The weather was horrific with many flights to Wellington cancelled and extensive flooding in his district of Selwyn, so attendance was a challenge.
 - MC was Ceinwen McNeil, Director from Aurecon.
 - Campbell Barry, Vice-Chair LGNZ did some of the introductions.
- B. Susan Freeman-Greene, CE LGNZ
 - She has announced her resignation so LGNZ will be looking for a new Chief Executive.
 - Her session was about addressing abuse and harassment, particularly in Local Government.
 - Maori and women disproportionately attacked by social media and suffer verbal abuse.

- LGNZ have released a new guide/toolkit on how to say safe entitled “Free to Lead”.
 - Councils need to ensure that they meet their own health and safety obligations for staff and councillors.
 - Session was supported by Nicola Grigg, Minister for Women.
- C. Fiscal Policy & Infrastructure Financing – Dominick Stephens, Deputy Secretary and Chief Economic Advisor for Treasury
- He talked about the difference between shocks and cycles and their effects on the economy.
 - Shocks are things such as droughts/floods, covid etc.
 - He noted that some of those shocks come from overseas actions, e.g. war in Ukraine – these are different to natural cycles.
 - Net core debt in New Zealand is rapidly rising. Government’s response in the past in times of shocks is to spend more to buffer these effects.
 - Net core debt as a percentage of GDP in 1972 sat at 5% - it is now likely heading in the future to 40%?
 - Government needs to be aware that investment by Government (Fiscal Policy) is to smooth shocks and is inflationary by nature.
 - Note - expanding the school lunch programme came out of a Government Fiscal covid response.
 - This was an interesting presentation and 15 minutes was not enough time for the audience to understand and assimilate.
 - When Government uses fiscal support, Government therefore must run surpluses in the good times. We note that this has not been happening.
 - Building resilience in the private/public sector, i.e. councils, is incredibly important.
 - Fiscal policy has a role when monetary policy is not coping.
- D. Infrastructure for Growth – Peter Nunns, GM Infrastructure Commission
- Interesting quote in Q&A – “every \$1 dollar spend in capex results in a 33c increase in opex spend”.
 - The above will be an issue for our council with the new builds for earthquake prone buildings. There will be an increase budgets particularly because of the cost of depreciation funding.
 - There were a series of slides illustrating comparisons between New Zealand and other OECD countries. The message here was we are slipping behind and will need a reset.
 - Again, this presentation should have been longer. The first safety presentation by Susan Freeman-Greene of over an hour was too long.
- E. Sam Stubbs – Managing Director, Simplicity
- This was on unpacking financing of infrastructure – the long term solution.
 - There has been a tidal wave of investment dollars in New Zealand. The sequence of overseas investment was –
 - English money
 - American money – think of the period around the war
 - Lately Japanese money
 - Kiwi Saver \$\$ investments continue to grow. You assume that this Kiwi Saver money will be continued to be invested in New Zealand.

ITEM 8.1

- Kiwi Saver will in the future have \$250 billion to invest – this will solve our investment needs.
 - Message here is that the next 25 years for New Zealand will be prosperous??
 - Aussie started this process earlier – they have 5 times our population but 50 times the investment in savings per capita.
- F. Anthony Walker – Standard & Poors
- This discussion was what is behind our credit rating downgrades.
- G. LGNZ Update – Sam Broughton (Chair) / Susan Freeman-Green (CE)
- The appointment of a replacement for Susan has been commenced but that appointment will be finalised by the new National Council after Local Government elections.
 - Scott Necklen will be the Acting CE to fill the gap.
 - Rates cappings – Government has been clear it wants to see control of rate increases but National Council wants to hold firm on no rates caps.
- H. Minister's Address – Hon. Chris Penk
- To speed up the economy there are changes coming to simplify the Building Acts and Public Works Acts.
 - We think too often council is left as the last man standing regarding consents (e.g. leaky homes). Therefore councils become risk adverse whereas Government wants to rebalance that liability. What the Minister is referring to is where builders can opt to go out of business to avoid a liability for leaky homes etc and then start again under a new registration business. This is good news for the sector!
 - Minister hopes to see an aggregation of councils re building authorities, potentially another new CCOs set up like LWDW? At this stage he is wanting a voluntary aggregation.
 - The BCA authority not now needed to a single residential unit where infrastructure is available by an accredited builder. In these cases council would have no liability.
 - Building companies with a qualified track record could self-certify.
- I. There were two case studies revealed of which the second one was the most interesting. This is where sports facilities done well have resulted in community growth.
- J. Te Ahu a Turanga – new road replacing the Manawatu Gorge, lessons learned –
- This told the success of working early with Iwi. James Kendrick, Nga Tuhoe, spoke passionately and well.
 - Iwi engagement on this project had a budget of \$10m – only needed less than \$4m because engagement was early and genuine.
- K. Minister's Address – Simon Watts
- Q&A session only – points raised –
 - i) I am impressed with collaboration, LWDW, in the North Island.
 - ii) We will allow councils, LWDW, to go alone unless they are deemed not to be financially sustainable.
 - iii) "I (Minister) am leading a policy approach to rates capping design". There are different designs to this in other countries.
 - iv) We need to address the inflationary process on rates rises – they are too high.

- v) But rates capping should not restrain growth – there is a way through that.
- vi) In response to a question regarding funding of tourism in places such as Queenstown – “I want tourism to drive economic growth and one size doesn’t fit all, I will work with Local Authorities”.

Mayor’s Comments –

- *Government wants Back to Basics principles from councils*
 - *Government wants Local Government to deal with unemployment via the Mayors Taskforce for Jobs programme*
 - *Government wants councils to deal with educational truancy. The question is how does this align with a Back to Basics principle?*
- The Minister also accepted that Central Government does drive costs for Local Government and again the response is “a need for dialogue and one size doesn’t fit all”.
 - The Minister then spoke about Regional Deals –
 - i) These deals will provide for certainty of funding for large capex programmes.
 - ii) The first Regional Deal will be signed off before Christmas.
 - iii) “There is a cost in doing nothing and a cost in delay of projects”.
 - iv) City Regional Deal will bring partnerships between Local Government and Central Government.
 - “There is no Government talk on amalgamation but we will support councils who want to consider it”.

TE RUNANGA O NGATI HINEMANU ME NGATI PAKI OPENING OF FRESH WATER SCIENCE LAB

On 17 May I attended the opening of the Fresh Water Science Lab at Winiata Marae. This is the first Iwi lead water testing lab in the country and I congratulate them for it. They have gone through a process of teaching their rangatahi how to collect water samples, how to prepare them and test them in the lab. Again this is impressive. This process has been supported and backed by Auckland University in association with Downer NZ.

HUNTERVILLE POLICING

Recently the local police and Area Commander Neil Forlong advised me that with the local officer in Hunterville transferring there would be a review undertaken as to how policing would be serviced in Hunterville. No decisions have been made at this point. When a decision is made by the Regional Commander there will be further consultation. I then advised the Hunterville Community Committee and suggested a public meeting. The meeting on 21 May was attended by Neil Forlong and Sgt David Fraser, our MP Suze Redmayne, myself, Carol Gordon our Chief Executive, Deputy Mayor Dave Wilson and about 40 residents. Total support from the community was for a local police manning and presence. This was a genuine discussion covering roles and who the funders are – in this case NZTA Highway Control are a principal funder. We will now wait for the next steps.

MARTON POOL

As everybody is aware the Marton swimming pool suffered serious damage with one of the main leading trusses dropping by nearly a metre. The pool has been closed while council undertakes a review. Some of the salient points are –

- a) There has been an exhaustive look at the total future of the pool as to what is required to make it safe, comply with regulations and be fit for the next 40-50 years. The consultants that we had doing this work, Create, have expertise in this field and have produced a lengthy report giving a variety of options, ranging from a quick fix repair to the beams at a cost of under \$1m to a total refit of the building dealing with virtually all the issues and a possible

ITEM 8.1

reconfiguration of the 50m pool to a 25m pool with other hydro therapy/learn to swim options etc.

- b) Fortunately a community member has approached council and offered to substantially fund the repair of the roof. This comes at a cost of in excess of \$2m and we as a community and council are deeply appreciative of the gesture made. If the replacement of the roof and strengthening of the walls proceeds to tender, the funder has agreed, in view of transparency, to make their details known. Council is looking to tender the strengthening of the walls, the total replacement of the roof including a new clear-lite type product to let in light and help with heating. This is Stage 1.
- c) As part of that work there will need to be a number of building issues looked at to comply with existing regulations and council will consider how that can be internally financed.
- d) We will also actively look for other external funders and agencies such as Lotteries. If there are other businesses that would consider supporting us please get in contact with me.
- e) I was always hopeful that we would have this project underway this coming summer. That is my aim but many people tell me that timeframe is unlikely. As we know more we will talk to the community.

HEALTH SERVICES

The provision of health services in our district needs review. In the northern part of the district I commend Mokai Patea Services for the work they have done with Taihape Health to look at providing those services. Recently I sent a letter to the Minister asking for clarification on why the transfer of facilities from Te Whatu Ora to Mokai Patea Services has been delayed and requested a meeting. The Minister is Simeon Brown now and he has recently written to me agreeing to a meeting in Parliament on 4 June. This is a huge step forward. I will update a more detailed report and give Councillor Piki Te Ora Hiroa the opportunity to speak further on this as part of my Mayor's Report. She is the expert and I applaud her dedication to this project.
